The paper shows that the treatury is involved in the current year's finances, and | .. will need to bornow a very large sum to complete its engagements up to next June. Mr. Delmar estimates the deficiency at \$154 339,202.25, without reckering the needs of the post office, or the se mattered a claims which have been deferred. This dethat will, at the end of the fiscal year, be an addition to the present amount of the public debt, a result against which Congress was warned by the Secretary of the Treasury. whose letter Mr. Delmar quotes. According to the Treasury caltinates presented to Congress, the expenditures of this fiscal year, it none are deterred, will amount to \$175;-959 202 23, as follows:

Or linery expend tures, 1838-9 8.58, 317, 181 65 Alaska, 1868 '9 7,200,000.00 Private appropriations 1804 9 तथा शहर वा Deticionetre, 1867-8 Urencipal of loans, 1847'S 1968'0 8 519 611 80

\$100 H 630 DUO. #321,620,000 Total

Thus if the Treasury encleavors to meet its current expenditures this year, (to say nothing of matured claims deferred, or of the post office deficiency,) it will show a deficit of \$154,339,292 25 at the end of the year, to be obtained from increased taxes or loans! Mr. Delmar closes his lengthy exhibit with the following remarks:

"The reconstruction measures and tenureof office law are the main cause of all the extravagant expenditures which, under coo nomical management, I think could be diminished within a year \$200,000,000 per annum, including gold interest on the pub lic debt. Without a total change of policy, however, such retreachment is impossible A continuance of present measures means a continued heavy expenditure, and this can only be met by increasing the public debt."

No, it was not the weather, but the spirit of the people. They are there of the abuse and blackguardism with which the Radical meetings abound; they desire a change they say they must have a change, and they will have a change. They have been fooled long enough, and now they are tired of a base and "corrupt government." They want the 'Union' once more, and they want white men, not negroes, to govern it while the Radicals want the negroes to rule and control the South, and the ity party" to rule the North, so that they can steal all they want. It is all right for a man here to discharge another for voting the Democratic ticker. man down South discharges a begro voting the "carpet long" licket A man pleases, and I of any cause, and I believe the people of the Souta have, too, your traitor Helden to the contrary, notwithstanding.
