GOV. GRAHAM, HILLSBORD :- I forbid most positively any writ of habers corpus hams and Court Martial.

JOSIAH TURNER, JR. The telegram however, comes too late, as the writ for Mr. Tunnum has already been

SALAMIS AND PERS

The poverty and hard pressed condition of our people is acknowledged by every one. Never was there such a general complaint of hard times and never was there nch good ground for it. The Radical party not only provided for the leave of State honds in one year to the amount of \$26, phy. D. 17th, Johnston-L R. Waddell, D. 000,000, but also at the same time managed to areal about \$25,000,000 in a few months after they were issued. They have tastenupon the people three times as many paid officers as we ever had before, and ulso pay them about three times as much for the same work as formerly.

The Democratic Conservative party is pledged to the people to curtail the expensen of the State government, and of the County and municipal governments. The umber of offices cannot be reduced until the Constitution is changed in this respect. This cannot be done at once, but North Carffina must go back to her old Court and County systems, which were much simpler, much cheaper and can be made much more efficient than our present expensive Court, County and Township systems, To get out of debt and to live free from

dibt, every man must go to work, must live within his means, and in order to live, the surdens of government must be reduced to a proper standard. No farmer, mechan-ic or merchant unless he has large means, can now pay the expenses of government, and make more than from \$500 to \$1000 a affd make more than from \$500 to \$1000 a S8th. Cleveland, Polk and Rutherford-year to support his family. And yes there G. M. Whitesides, D. are clerks and sherifts in this State, making every year out of the pockets of our poor copie from \$10,000 to \$15,000 annually,-Other officers are making largely over a

ber of officers in the State to any great extent, but it can reduce the salaries and fees of the officials in the State, and this it must do at the earliest moment. The people demand honesty and espacity in our public officers and a reduction of their salaries and fees to a proper standard Reform, relorm, we say is demanded, and the people will have it. Some few officers, perhaps, are not paid too much, but the most are.

SUE OUT THE INJUNCTION. The tax payers of the State, but especial-Caswell, should sus out at once an injunction sgainst Gov. Holden and the Public Treasurer, Mr. Jenkins, forblodling them to pay out another dollar for the expense of Holden's State troops. He has the author. them out to suppress riots, insurrection or mack, D. layeston. This he has not done. But he Charele has organized and enlisted a volunteer force of State troops, composed of Tennesseeans, North Carolinians, whites and negroes, to oppress and intimidate the people, for which he has no law, nor right, nor reason. Such troops he cannot lawfully pay out of the State Treasury. He has already used public money for this purpose and he and Brown, Ind.

STEPHEN A. DOUGLAS. The univ little Dutch built ois who bears the above name, said to be the son of that great man, the late S natur Douglas, a man whose memory is revered for his ability and statesmanship, has been attempting to cut quite a swell in this city for some time. If he be a citizen of the State and has a domicil in it, we do not know it, but he swaggers and struts about as if he were somebody. Gov. Holden made field a Brigadier G nersi in his miltis and it is said that he has been acting D. as Adjutant General in the absence of Ad. jutant General Pisher, while electioneering for a cost in the House of Happensutatives from the county of Biaden. Douglas has been active in electioneering for Radical-We are not advised fully of the state of asm since he has been in the State and the things at Yanonyville. For the Sentinel. Company Shops, N. C., Aug. 8, 1870. Editor Sentinel:

Allow me the privilege through your columns to return my thanks to the free-mes of Alamauce and Guilford, for their libers and uniform support under existing circumstances, on Thursday last. It is true that I have been defeated through fraud, treachery and intimidation to a seat in the Senate from this district. No people ever sucred a political contess under more peculiar and adverse circumstances, than that which was brought to bear against the good, the true and the virtuous people of

Every device that unrestrained power, reachery and fraud, could resort sailed into requisition, to overswe and deter the Conservative voters from exercising the dearest right guaranteed to freemen, that of the ballot. Over three hundred Conservative voters in this county, were through fear and apprehension, kept from the ballot box, and consequently the election went by default. THE COLUMNO CADET.—The investigation into the charges of ill-treatment made
by the colored cadet Howard against his
fellow-eadets and superior officers at West
Point does not thus far substantiate the
statements which he made in the complainive letter which he wrote to his father,
published some time since. His statement
that he was misused by his officers and
that a discrimination was made against
him in his mess and sleeping apartments
has certainly not been substantiated. Altogether the letter ssems to have been prompted by an improper motive from an outside
source, for what object does not appear,
though it may lead to some official action
on the part of the military authorities.

VIRGINIA STEAMSRIP AND PACKET

New York, August 8th 1870. Editor of the Sentinel Raleigh, N. C. Star I am pleased to inform you that the success of the Virginia Steamship and

Packet Company, is now an established fact, and that the first installment of the subscription is being rapidly collected by Chas. J. Wortham, Esq. Treasurer. The Stockholders in North Carolina will please espond to his call.

The Company has located its ship yards at Richmond and will commence work insmediately on the Steamers for the line.

The Tredegar Iron Works have contracted for the Engines and the Old Dominion Nail Works will furnish the from plating for the keep of the Steamers and every thing to be used in their construction either in the way of raw or manufactured material will be progned in Virginia and North Carolina as for an practicable.

The fact that David J. Burr is President, Chas. T. Wortham, Garrett F. Watson and

Cast. S. Alexander, the Executive Com-mittee, affords the surgical guarantee that the Steamers will be pulled to completion with all possible haste and that one will be completed as promised by the spring. In the meantime arrangements are now being made to start the Line this Faft with

temporary Steamers.

Further substriptions are respectfully solicited to build other meamers as rapidly as possible. I am satisfied that a safer or more profitable investment cannot be found and hope that the subscribers in North Carolina will not only double their subscriptions but induce their friends to take stock also, remembering that it is a Southern enterprise and must and will succeed it
