## THE SENTINEL.

### ANOTHER PUBLIC NECESSITY.

The impeachment of Gov. Holden was a necessary consequence of the first public necessity. It was a necessary consequence of the first public necessity. It was a necessary consequence of the first public necessity.

But Gov. Holden is not the only high official who ought to be impeached. His officers, extraordinary as they are, and his actions, unparalleled as they are, are not the only ones that should be held up to public view.

It is a little singular, what inconsistent not to say non-sensical positions men who claim to control and direct public opinion, take upon this irrepressible subject of "giving to ex-confederates political power."

In the name of truth, justice, the Constitution, liberty and common decency, we demand the impeachment of this man. We demand the impeachment of this man.

LETTER TO GOVERNOR CALDWELL. WELLS. SASKINAW, DECEMBER, JAN. 16 1871. GOVERNOR CALDWELL:—Sir: You will see from this number of the Sentinel that I have given your letter to the public.

With proper respect,  
Yours, &c.  
T. H. CALDWELL.

MEETING OF THE PEOPLE IN RANDOLPH COUNTY. A meeting of the people from the different portions of Randolph county was held in the Court House, at Asheboro, on the 10th day of January, 1871, for the purpose of organizing a new Executive and Legislative body.

A MALICIOUS MISREPRESENTATION. The New York Herald, in speaking of the election of Gov. Vance, has undertaken to represent the "United States Senate" and the "impeachment of Governor Holden" in a malicious and untrue manner.

THE LUNATIC ASYLUM. This institution should have received the attention of the Legislature before the Christmas holidays. Dr. Grison is a sober, sensible, and honest man, and his administration of the asylum has been successful.

AMENDMENTS OF THE CONSTITUTION. This body assembled yesterday, a quorum being present in both House and Senate. The body was assembled yesterday, a quorum being present in both House and Senate.

FROM THE LONDON OBSERVER, DECEMBER 31. KUGLER—THE LAST DAYS OF THE REIGN OF THE EMPEROR OF RUSSIA. As many conflicting rumors have been circulated with reference to the course pursued by the Emperor of Russia, it will be well to refer to the following account.

## THE PEOPLE AND THE EX-CONFEDERATES.

The election of Governor Vance, as mentioned in the Sentinel, has excited much interest. The people are divided into two classes, those who are in favor of the ex-confederates, and those who are in favor of the Union.

It is a little singular, what inconsistent not to say non-sensical positions men who claim to control and direct public opinion, take upon this irrepressible subject of "giving to ex-confederates political power."

In the name of truth, justice, the Constitution, liberty and common decency, we demand the impeachment of this man. We demand the impeachment of this man.

## UNCONCILIATION.

Forgiveness is God-like. Honest reconciliation and forgiveness in personal and political feuds are commendable in the highest degree, and may be regarded as the Christian virtues.

It is now seriously proposed, by way of showing magnanimity and a tolerant spirit, and to keep Congress from re-construction, that certain Radicals be retained and offered provisions by the Conservative Democratic party.

At the opening of the session of the General Assembly it was said by some, that if Holden was not impeached, he would have the same treatment as the ex-confederates.

Suppose Senator Vance is not admitted, will not some other conservative Democrat, equally as obnoxious to them, be elected? This is all aimed at a few men, as well as intended to irritate, if possible, the Southern people, not permitting them to exercise their own choice in selecting their representatives.

With proper respect,  
Yours, &c.  
T. H. CALDWELL.
