HOME AFFAIRS.

Another Boarder Heard From. We are glad to learn that Miss Nancy Hilliard's boarders have remembered her to the value of eighty dollars.

Durham Still Ahead. Beams & Walker sold at the Durham Warehouse, Durham, N. C., a few days ago, for Dennis Tiley, of Granville, one ton of tobacco, weighing 367 pounds, at \$11 per hundred, also for Joseph W. Lunsford, 1,214 pounds at \$47.95 per hundred. Fine sun cured tobacco is in good demand in the slave market.

Postponed. We learn by letter from Greensboro that the suit of N. Boyden vs. Western North Carolina Railroad Company, which was to have been heard before Judge Dick at Greensboro on the 5th July, has been postponed at the request of the defendant to sometime in August, precise day not yet fixed.

Normal School. The committee appointed by the board of education for Randolph county have made arrangements for a Normal School to be opened in the fall of 1873. Teachers are invited to this school and are requested to bring such books as they may have. Tuition free.

In Luck. At the solicitation of some friends Sheriff Lee was induced to get up a raffle for his fine trotting horse "Plot." He agreed to raffle the horse off at \$100-\$50 a chance. Fourteen chances were taken, and as the other six seemed to be hard to get off, Tim agreed to take them himself, and the raffle took place on Saturday night. At the first throw Tim won the horse throwing 40. This with a stake of his fist, making \$700 clear.

An Oxford Incident. Mr. Alexander Cooper had been very kind to the Asylum, in making contributions, and in giving his personal attention to the preparations for the dinner on the 24th of June. Some unwise judgment of his kindness was done by Mr. Cooper's name on an elegant dinner and presented it to the Asylum. Mr. Cooper went with all the organs in procession to Mr. Cooper's residence and in a brief and appropriate speech, presented the dinner. At the close of the speech, the children sang "The Old North Star Forever," and left Mr. Cooper enjoying the luxury of doing good.

Wilson Collegiate Institute. We have received the second annual catalogue of the school for both sexes. What we do not favor mixed schools we take pleasure in saying that the Principal, Professor Sylvester Hassell, is a gentleman of superior talents and of generous culture. He has an immense Faculty, there being no less than nineteen teachers printed in the catalogue. In addition to the usual branches, Book-keeping and Banking, Telegraphy, Typography, Agriculture, Horticulture, Pomology, Domestic Economy, Law, Medicine and Hygiene are taught. One hundred and thirty-three pupils matriculated during the year, and of these thirty-three were females. The catalogue was printed in Philadelphia. That ought not to have been done.

State Educational Convention. The indications are, as we learn from Prof. McIver, Superintendent of Public Instruction, that the Educational Convention which meets in this city on Wednesday and Thursday, the 9th and 10th inst., will be largely attended. He has received letters from prominent gentlemen in different parts of the State endorsing the movement and promising to be present. Prof. Doub, Dr. Phillips and Dr. Craven will probably address the Convention on Wednesday morning and Judge Merrimon will speak in the evening. Hon. John W. Norwood will entertain the Convention on Thursday morning by a discussion of his history of teaching Agriculture in primary schools. We will have a reporter on hand and will publish fully the proceedings of the body.

National Hotel. We are glad to learn that Maj. James M. Blair, formerly of the Washington House, has just returned from the National Hotel in this city. We learn that this recently enlarged hotel will be thoroughly renovated in every department, and will be kept in first class style. Strangers coming to this city will find this hotel a comfortable place to stop at. Mrs. Blair, a most admirable estrope, will have exclusive supervision of the dining room. This is good news for those who enjoy creature comforts served in the best manner. We think the rates for board for the Summer months are very liberal. The first floor \$2.50 per day, and the second, only \$2. We trust that Maj. Blair will receive a large share of the travelling public. Maj. B. was the first to establish a first class hotel in Raleigh. The great increase of the travelling public requires that the hotel accommodations that are offered in this city.

Supreme Court. This judicial met at the usual hour, Monday morning. Cases from the 4th district were taken up and argued as follows: I. W. Buchanan, Adm., vs. L. M. McCreedy, et al. from Burke, Buchanan, Edwards & Buchanan and Moore & Gatliff for plaintiff, and R. C. Hodges and T. P. Devereux for defendant. Second case, W. R. Bryan, vs. L. H. Moore, from Johnston. T. P. Devereux for plaintiff, and R. C. Hodges and Buchanan for defendant. Third case, J. B. McCreedy, et al. vs. Susan P. McCreedy, et al. from Warren. L. C. McCreedy, et al. for plaintiff, and Phillips & Morrison for plaintiff, and Moore & Gatliff for defendant.
