THE FREEDMEN'S BUREAU.

Report of Gens. Steedman and Fullerton. REMOVAL RECOMMENDED—CRUELTIES AND PECULATIONS OF BUREAU OFFI-

Our issue of yesterday contained a brief ab tract of the report of Gens, Steedman and Pulgton, who were appointed by the President to investigate the operations of the Freedmen's Boreau in the Southern States. The report only cubraces Virginia and North Carolina, but it is one of deep interest:

THE BUREAU IN NORTH CAROLINA. PEELING TOWARDS THE BUREAU.

We found the feeling towards the Bureau much the same as that already stated as pre-miling in Virginia, except that there appears to be a more universal desire in this department on the part of all classes to have it Totnoved,— This feeling is no doubt attributable to the misconduct of many of the officers of the Burean, such as working plantations, running sawmills, nanufacturing turpentine and tar, &c.—operations which bring them, armed with authority of their official positions, into competition with

ced with the Assistant Commissioner of the State, Colonel E. Whittlesey, to whom we addressed the interrogatory—"Do you know of the person in the military service new or slaty with the Freedmen's Bureau in this department who is, of has been after authorizing whose clearly and the same with three dollars additional as fall for the last of the best in this service. who is, or has been since entering upon the thu-ties of his office, engaged or interested, either directly or indirectly, in the cultivation of any lands within the department?" He answered, "No." Subsequently he addressed us a note, creto appended, in which he stated that, in arder to assist the planters in biring free labor, he and some other officers of the Bureau had laned money, and thus indirectly had an in-terest in cultivating farms. On receiving this note we addressed Colonel Whittlesey further note we addressed Colonel Whittlesey further interrogations, a gopy of which is hereto annexed, to which he ropiled in a communication, also hereto appended, disclosing the fact that he is interested as an equal partner with the liev. Horace James, of Massachusetts, formerly explain and acting quartermaster Freedman's sureau, and with Mr. Winthrop Tappan of Maine, in the cultivation of a large farm in Pitt county, N. C. He also stated that Captain F. A. Seeley, Sup't. of the Barsan for the Eastern District of North Carolina, is interested in the cultivation of a plantation in Wayne ed in the cultivation of a plantation in Wayne county, N. C., with a Mr. Potter, and that Capt. Isaac Rosekranz, Commissury Subsistence, is interested with a Mr. Brooks in the cultivation of a plantation in Pftt county, N. C.

AFFAIRS AT NEWBERN. On the 27th of April we left Ralegh for Newbern, the headquarters of Captain F. A. Sceley, Superintendent of the Bureau of the Eastern District of North Carolina. We at once proereded to investigate the affairs of the Bureau and the conduct of its officers in this district. Captain Seeley was interrogated as to whether he was interested in any manner, directly or indirectly, in the cultivation of lands or in any of Mr. George Collier, a citizen of North Caro-lina, near Goldsboro.' They commenced opera-tions by planting seven hundred acres of cotton and some corn; this work necessarily requiring the labor of a large number of freedmen. Dr. Rush stated that some two weeks since he had conditionally purchased the interest of Captain Seeley in this plantation, but had not yet con-FURTHER MISCONDUCT.

Captain Rosekranz, Sub-Agent of the Bureau at Newbern under Captain Seeley, and Commis-sary of Subsistence, as will be seen by reference to the paper hereto attached, is also engaged in tuitivating a large plantation near Liftle Washington, N. C., with the labor of freedmen. whom he supplies with rationaus a part of their

wages.

[The committee then give an account of the stealings of this F. B. Capt. Rosekranz, which is too long to be copied here. They proceed: A SAMPLE OF CURRESTANTY.

Opposite Newbern, on the south bank of the Treat river, there is a settlement composed exclusively of freedmen, and containing a population of about four thousand, whose condition is

utrages which we could scarcely credit. After hearing their statements we visited the settle-ment, convened the freedmen, investigated the charges against this man, and ascertained that he had been guilty of even greater wrongs and oppression than had been complained of. In ad-dition to the testimony of the freedmen we took tne statements of four intelligent ladies from the North, who are teaching school in the settlement, Among the many acts of craelty committed by Superintendent Fitz, we found that he had in two instances suspended freedmen with cords around their wrists, their feet not touching the floor, and kept them in this position, in one case four, in the other case six hours; that he sentenced a freedman to an imprisonment of three months for a trivial offence, that of wrangling with his wife. He kept another man who was arrested for debt shut up in the block house— the prison—for menths, while his wife and two children, reduced to abject distitution, died with the small-pox, and took him from the prison under guard and compelled him to bury his last child in the cradle in which it died. On another occasion, when one of his guards re-ported to him that a colored woman had spoken disrespectfully of him, without even inquiring what the woman had said, he ordered her to be imprisoned until the next morning at nine o'clock, when she should be brought before him to answer for the indignity. In one instance he of their official positions, into competition with the citizens who are employing freedmen.

We have investigated some of the charges made against officers of the Boreau, and in for having told another freedman that he was about to be arrested by Mr. Fitz. This poor old about to be arrested by Mr. Fitz. This poor old

> The land upon which the hots in this settlement are built is owned by certain heirs in North Carolina, and is held by the Freedmen's Bureau as abandoned property. A tax which Superintendent Fitz says goes to the support of the Bureau is imposed upon the owner of each but for ground rent. If the occupants fail

> to pay this tax promptly they are either termed out in the streets or imprisoned, and in some in-stances buts have been toru down by order of the Superintendent for non-payment of the tax. All business transacted by these people is taxed for the same purpose. Five dollars per month is levied upon every little shop; two dollars upon each horse and cart, &c. The failure to pay these taxes when due at once subjects the property taxed to confiscation. We were unable to ascertain what amount of money had been col-lected by Superintendent Fitz, or what disposi-tion has been made of it. The imperfect manner in which his books were kept would have rendered a lengthy and detailed examination necessary to arrive at even an approximate idea of the amount of money collected. In answer to a question as to what justification there was for the oppressive burdens he had imposed op-on these people, Superintendent Fitz replied that Captain Seeley told him; "I must have a thousand dollars a month from that settlement." He also furnished us with a sworn statement, herewith forwarded, marked "E," in which he attempts to defend his conduct by stating that he acted in obedience to the orders of his superior officers of the Bureau.

While at Newbern, investigating the conduct of the officers of the Bureau, and the reported oppressions of the freedmen by this class of perother private business requiring the labor of freedmen. He answered that he was not, except indirectly in manufacturing lumber, having purchased or being about to purchase with two of his clerks a sawmill about forty miles down the river. Dr. Rush, medical purveyor, U.S. V., stationed at Newbern, and a Mr. Potter, a citizen, were intessquently examined, both of whom stated that Captain Seeley, Superintendent of the Pressimen's Bureau for the district, catered into partnership with them, about December last, in a contract to sultivate the farm of Mr. George Collier, a citizen of North Caroour strention was called to the all by Mr. James himself, were as follows:-The freedman was accused of stealing provisions from the store of Colonel Whittlesey and Mr. fames, was arrested, tried and convicted by Mr. James, as agent of the Bureau, and was sentenced to dig ditches on their plantation.— While working out this sentence be ran away, and was pursued by James and his clerk, Boyten, who arrived at the bank of a river while summated the contract. Mr. Potter stated that the freedman was attempting to cross in a canonic about a forteight ago Dr. Rush, he himself and others had conditionally purchased a part of the interest of Captain Seeley, and that Captain Seeley still owned an interest in the plantation. Without being able to determine, from the testimony, how far Captain Seeley is interested in this plantation, it is perfectly evident that he prevariented in his answer to our interrogatory. the free-lines was attempting to cross in a ea-now. Boyden ordered him to return, telling him that if he did not he would shoot, and the a letter forwarded to Colonel Waittlessy, who returned it to Captain Seeley, with the following endorsement:

RALEIGH, March 28, 1866. Respectfully returned. As the affair seems to have occurred at night, and, as the body of the negro has not been discovered, it does not appear certain that the shot took effect, further action in the case seems to be called for. By order of Col. WHITTLESEY, Assia't, Com.

BRECHER, Assio't, Adj't. Gen.

STILL ANOTHER SAMPLE OF CHRISTIANITY. At Goldsboro', the Superlatendent, G. O. Glavis, Chaplain United States Army, is cuffivating chastvely of freedmen, and containing a population of about four thogsand, whose condition is truly deplorable. These unfertonate people cano within our lines and were located thure during the war. They are living in small huts, built by themselves of lumber manufactured by band; those luts generally containing but a single room, each of which is occupied in most cases by large families. The appearance of this extlement, recently scouraged with the small pox, is well calculated to excite the despectation of the relativation of their plantations, truly and the government of the Luited States, and the remainder procure at uncertain and scanty living from little jobs about Newbern—from fishing with small boats, back string, &c. The Rev. Mr. Fitz, formerly an army chaplain, presides over this colony as Assistant Superintendent of the Buress for the Trent river extilement. This agent has exercised the most prolitary and despote power, and practised resolting and subsant of the strength of the Buress for the Trent river extilement. This agent has exercised the most prolitary and despote power, and practised resolting and subsant was brought to our attention by a delegation of freedment from the settlement, who cailed upon us and male to real money. A similar contract was made by Glavis and Brooks with Mr. Carr, who states ments in, relation to his oppressions and one farm on government account, and is interested in the cultivation of two farms on his own account. This officer stated in his exam-ination before us that he was not interested in

hands in "a little of everything, but chiefly in

clothing."

We ascertained by the testimony of Messrs,
Barham & Ballard, auctioneers at Goldsboro, that they had sold at auction for Chaplain Gla vis forty blankets marked "U. S." and a quantity of clothing that had been sent to Goldsboro gratuitous distribution to the acedy by s Freedmen's Aid Society at or in the vicinity of Rochester, N. Y. We learned also that he had disposed of a large amount of such clothing at private sale. The chaplain stated himself that he had received from such suice two hundred and sixty dollars (\$200,) though subsequently be asserted that the total cash receipts of his office from all sources amounted to one humbred and twenty-six dollars and fifty cents (\$126-50,

Mann, Assistant Quartermarter and financial agent of the Southern district, is engaged in the cultivation of a rice plantation ort distance from Wilmington, on which are employed fifty-five freedmen.
