

THE SENTINEL. Monday Evening, Aug. 27, 1866. CITY AND STATE ITEMS.

NEW ADVERTISEMENTS.—B. P. Williamson & Co., Fayetteville Street, present an attractive bill to the public. This is one of the most staunch, reliable and enterprising firms in the State, and they offer unsurpassed inducements to the trade.

Watson's Photographic Gallery is one of the "features" of our city. See his fresh announcement: "Prices lower than ever," &c.

Messrs. A. N. and Jas. McKimmon will continue to conduct the mercantile business as long carried on by their late estimable father.—We wish the young gentlemen the same measure of success which attended him while living. They will soon have on hand a choice stock of goods, and will doubtless use their best exertions to please the public.

Phillips' Reports of Law and Equity cases, argued and determined in the Supreme Court, at the late June Term, have just been issued from the press of Nichols, Gorman & Neathery.

REV. DR. SAISON.—We are gratified to learn that this distinguished Divine, President of Columbian College, Washington, D. C., will deliver his lecture on his travels in Palestine, in this City, on Friday and Saturday evenings next, for the benefit of the poor. The place and hour will be announced hereafter. Our citizens may expect a pleasant entertainment.

HORSE STEALING.—While horse stealing is not so common in this region as a few months ago, horse thieves have become more choice than formerly. The horses recently stolen from Col. Carr, of the army, and from Mr. Crow, of this City, and from Mr. Webb, the President of the N. C. R. R., of Hillsboro, were not common animals. We are sorry to learn that none of them have been recovered yet.

SPIRITS OF TURPENTINE.—We observed a considerable number of waggons, the past week, bringing in spirits of turpentine and virgin dip resin, for shipment North. A number of distilleries are in operation in the Southern part of this County, where the long leaf pine is quite abundant. We hope that species of trade will pay better than was at one time indicated.

REVIVAL.—Rev. J. B. Bobbitt has been holding a series of meetings at Holland's church, about ten miles South of this city, for the past week. Some 18 or 20 made a profession of religion and a number connected themselves with the Methodist Church. It was a season of refreshing to the Church.

Some forty persons were admitted to membership in the Baptist Church, at Mt. Moriah, in this county, by baptism on yesterday. In this city, we regret to say, there is but little religious interest manifested in the churches. Among the colored people there is at least noise enough kept up in different parts of the city, every night, to disturb the rest and quiet of those who do not participate. If they would give the public more signs of piety in their temples, diligence in business, fervor of spirit, and in their daily walk and conversation, it would secure far more confidence and satisfaction to the community, than can possibly be produced, by their late noisy meetings.

Col. J. S. STUMPS.—This officer is now, we believe, Chief Quarter Master of the Army in this State and has been promoted to the rank of Lt. Col. His headquarters have been in this city for some time. We have known Col. Stumps from the time the army entered this city, and we take pleasure in saying that he has shown himself at all times an obliging and efficient officer. He is one of the few discharging officers of the government, who has been retained in its service from the beginning, and who has steadily risen by promotion and in the confidence of the government and the people. He is a man of one business—devoting himself, at all times, to the duties of his office, polite and attentive, but exact and punctilious in matters of business. We observed, in passing the other day, the ominous notice in his office, "no funds," but this is no fault of the Colonel. He will soon have that matter fixed.

For the Sentinel. HALLOM, Aug. 27. MESSRS. EDITORS.—In connection with your notice of the new Store and Hall we are building, we would suggest that the young men of our City, amateur performers, might form a Band, Glee club, or Orchestra, for the purpose of aiding on all occasions when the Hall is to be occupied, as well as for their own amusement. This hint is merely thrown out, in order that they may perfect their arrangements by the time the Hall shall be completed. Thankful for your very handsome notices of the building and of ourselves, we are very respectfully yours, W. H. & R. S. TUCKER.

Gov. MOREHEAD.—We are pained to learn, from a private source, that the trip of this eminent citizen of the State, to the Eschscholtz Alum Springs, Va., has not been attended with the beneficial effects desired and anticipated. His robust health and vigorous constitution seemed, a few weeks ago, when we saw him, scarcely at all impaired by age. At that time there were no indications of organic disease, and we can but hope that the recent change in the temperature of the weather will effect a speedy and favorable change in his condition. The past season has been the most trying one upon persons of fleshy, full habit, we have ever known. The Senior speaks from experience.

NEWBURN.—We learn from the Times that in that city, as well as our own, improvement is the order of the day. That paper mentions a number of new buildings in process of erection.

HENRY WALKER, Esq., is announced as a candidate for the State Senate in the county of Davidson.

WILMINGTON.—The Local of the Journal gives an amusing account of the debut of the new Collector of Customs at that point. By the way, the new Collector, if we mistake not, was appointed in opposition to the remonstrances of the citizens of Wilmington, and in the place of a gentleman recommended by the Governor for that office.

DR. DEEMS, Editor of the Watchman, is in Richmond.

GENERAL NEWS. M. Clement Duvernois, one of the editors of La Liberté, recently published in his paper an article with the English caption of "Go Head," he means "Go Ahead." Jules Janin, in a recent feuilleton, said: "A horse! a horse! My kingdom for a horse! to use Samuel Johnson's language. O rare Sam Johnson!"

The last fashionable novelty in Paris is the "Gaufré bonnet." A correspondent says: "The fair sex, not content with the numberless ridiculous forms which their bonnets have already assumed, have invented another in form of a Gaufré (a small biscuit), the strings of which are ornamented with representations of all the instruments made use of by pastry cooks to make this much esteemed delicacy."

The misery and destitution of some of the poor unfortunate negroes in this city is enough to sicken the heart. Ignorant and tattered mothers, with children in their arms, little children with but a rag around them to protect them from the air, walk the streets during the lone hours of the night, until, bowed down with exhaustion, they sink in some dark, damp alley, and sleep, and dream, perhaps, of what is and of what was.—Lee (Ky.) Gazette.

Two discharged soldiers in Richmond, Virginia, are now undergoing a term of one year's imprisonment for attempting to excite a riot among the negroes by urging them to resist the punishment of stripes awarded for larceny. They were fined five hundred dollars and sentenced to imprisonment, but Governor Pierpont remitted the latter portion of the punishment. They were, however, compelled to serve a term in default of paying the fine.

We see in one of our exchanges the proposition gravely made to run at the next Presidential election Benjamin F. Butler, of Massachusetts, for President, and Wm. G. Brownlow, of Tennessee, for Vice-President. The one to represent the courage, military skill and honesty of New England; the other, the piety, truth and decency of the Southern loyalists.—Lee. Obs. & Rep.

THE CHARLESTON PRISONERS.—The Abbeville Banner announces that Hon. A. Burt, one of the counsel of Messrs. Keyes, Stower and Bryson, has received a dispatch from Washington, stating that the recent removal of those gentlemen to the Dry Tortugas for life was made without the knowledge or sanction of the President; and that Mr. Johnson immediately directed an order to be issued for their transfer to Fort Delaware.

The President will make the proposed trip to Chicago in the car built especially for President Lincoln. He will arrive in New York at noon on Wednesday, and will review the 1st Division of the National Guard in the afternoon. The freedom of the city will be tendered him by the City Council, and action is being taken by the merchants of the city to participate in the ceremonies of his reception. He will be accompanied by all the members of the Cabinet and their families.

Lamb, when he was rebuked for coming into business, at the India House, so very late in the morning, replied, "You know I always go away very early in the afternoon." And to the anxious passenger's query on entering a crowded omnibus: "All full inside!" he replied, "I don't know how 'tis with the rest of the passengers, but that last piece of oyster pie did the business for me."

Gen. Grant will not accompany the President on his western tour. He pleads the pressure of official duty in connection with the re-organization of the army.

In the Congressional elections to come off this fall, there are about fifty districts in which the radicals now representing them were elected by very small majorities. It is in these that the conservatives will put forth their chief efforts.

The Columbus Georgia, papers express surprise and alarm that the freedmen of that city are drilling by night in battalion movements, while the whites would not be allowed such privileges.

Napoleon and Maximilian, it is said, talk daily over the cable.

Secession in Massachusetts. (From the National Intelligencer.) WASHINGTON, D. C. Aug. 17, 1866.

Editor of National Intelligencer: Sir: The question as to the right of a State to secede from the Union having been settled by the "logic of events," as is now enunciated as a fundamental principle by the National Union Convention at Philadelphia, I am reminded that old Massachusetts, my native State, once threatened to secede in the event of the annexation of Texas, and actually did pass some kind of an ordinance to that effect, which she has never repealed. Now, inasmuch as those Southern States which passed similar ordinances have repealed the same, ought not Massachusetts to do likewise? I want to visit my old native State occasionally, but believing in the doctrine that "no State or combination of States have the right to withdraw from the Union, or to exclude through their action in Congress, or otherwise, any other State or States from the Union," and that "the Union of these States is perpetual," I cannot, without doing violence to my own feelings, visit my native State so long as she has seceded from the Union inscribed upon her statute books. Will not the Old Bay State repeal her ordinance of secession and come back into the Union, and receive the same forgiveness which has been granted to her erring Southern sisters, who foolishly followed her own bad example? A. J. H.

STATE OF NORTH CAROLINA. BEACON COUNTY COURT, JUNE TERM, 1866. John L. Pelly, Adm'r of John S. Young, Petitioner to sell land to pay debts. Heirs of John S. Young. The petition states that John S. Young, a resident of said county, died intestate in 1862, leaving no personal property, but owned a lot in the town of Wicksburg, said County, and indebted; that his heirs are unknown but supposed to reside out of the State and out of the United States; and prays that the land may be sold to pay his debts. He believes and swears to appear at each term of said Court, to be held at Washington, county and State aforesaid, on 1st Monday in September next, and answer to said petition, or a decree pronounced will be given against him by order of the Court. WILLIAM S. GORDON, Clerk. Aug. 1-1866

The Labor Convention. BALTIMORE, Aug. 25, P. M. The committee appointed by the Labor Convention, at Baltimore, waited on the President to-day. Mr. Hinchliffe, the spokesman, disclaimed having connection with any party in a political sense, or that the movement was for political power. He urged that eight hours per day for labor should be legalized; that the public lands should be distributed so as to be reached by the laborers instead of capitalists, and that the working men be protected against convict labor. He asked the President's assistance to accomplish these measures for the working men.

In reply the President said: He was opposed to the present system of convict labor, on account of its unjust discriminations and degrading influences; he desired to see labor extended, and such always had been his position; his whole history showed that he was against monopoly of the public lands; he was for shortening the hours of labor to the least number consistent with the interests of all, and the laboring men could rely upon his influence when it could be given in their behalf; they had his sympathy and best feeling in their cause, and he hoped they would accomplish their objects.

By the Atlantic Cable. NEW YORK, Aug. 25, P. M. Special cable dispatches, to-day, confirm the fact previously announced in the Associated Press dispatches of the signing of the treaty of Peace, at Prague, on Thursday.

A Moscow dispatch mentions the arrival there of American Naval officers, who were treated with distinguished consideration. NEWS BY THE MAIL.

Correspondence of the Baltimore Sun. A Proclamation of General Amnesty. WASHINGTON, Aug. 25.—The prospect is fair that a proclamation of general amnesty, which will embrace Jefferson Davis, will be issued before November next. It is a necessary sequence to the peace proclamation. Some of the exceptions in the previous amnesty have never been considered as important, and were always very easily removed upon application for pardon; as, for instance, the thirteenth exception. Persons worth nothing when the exception was made may be pardoned for having made twenty thousand dollars in the mean time.

GENERAL HOWARD.—It is reported that the President recently had an interview with General Howard, in which he laid before him some reliable accounts of the absence of the Freedmen's Bureau in the South, intimating to him, at the same time, that his resignation would be accepted. After retiring, the General informed a friend that he could not conscientiously resign! He feels that his services in preparing electing documents out of Southern fictions are indispensable to the Radicals. His "conscience" is very tender. We are apprehensive that the President will have to lead him to the door.—These gentlemen are thick-skinned, and don't take a hit readily.

The First Dose Relieved. Wm. Verrell, Esq., Matamoros, Yuc., says, "I was afflicted with the Liver complaint for two years, sometimes so bad that I could not sit upon my left side for one minute, I could not walk but a short distance without stopping to rest. I tried several kinds of patent medicines but found no relief. I also tried the skill of the most eminent Physicians but still found no relief. I was at last induced to try your Pills (THE SOUTHERN HEPATIC PILLS,) and from the first dose I found relief, and continued to mend until I was perfectly cured. I am now a well man."

SOMETHING NEW UNDER THE SUN. A New Era in Medicine.

Let the Suffering and Diseased read the following. Let all who have been given up by Doctors and spoken of as incurable, read the following. Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, that on the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Maggell to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGELL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SMETTER, Notary Public, Wall Street, New York.

Dr. MAGGELL.—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS, 116 Avenue D. New York, Jan. 11, 1866.

This is to certify that I was discharged from the army with Chronic Diarrhoea, and have been cured by Dr. Maggell's Pills.

New York, April 7, 1865. WILSON HARVEY, 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in plying molten iron into a tank that was damp and wet, tanned an excruciating pain in his head, which was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866. My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggell's Salve, and it cured me in a few weeks. This is all true, and any body can see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY, 119 Georgia Street.

Extracts from Various Testimonials: "I had no appetite; Maggell's Pills gave me a hearty one." "Your Pills are marvelous." "I send for another box, and keep them in the house."

"Dr. Maggell has cured my headache (that was chronic)." "I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nauses of a morning is now cured." "Your box of Maggell's Salve cured me of noise in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family." "I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills." "Let me have three boxes of your Salve by return mail."

I have over 200 such Testimonials. As this, but want space to compile me to conclude J. MAGGELL, M. D.

P. F. PESCUD AGENT FOR RALEIGH, FOR MAGGELL'S PILLS and SALVE.
