IMPORTANT SALE

IN WILSON NORTH CAROLINA

THE undersigned, having been duly appointed and empowered by the stockholders of

WILSON FEMALE SEMINARY,

to make sale of that VALUABLE PROPERTY, including all the buildings, together with about Twelve and a fourth Acres of Land, will offer the same at public auction, on the 14th day of September next.

The Seminary is a large and commodious building, admirably arranged for school purposes, and contains a sufficient number of rooms to accommodate about TWO HUNDRED STUDENTS. The buildings are nearly new, having been erected in 1860, and are of every kind needed in a first class Seminary.

The Seminary is located on the Eastern boundary of the town of Wilson, below the Wilmington and Weldon Railroad, and on an elevated spot of ground, well shaded, and having excellent wells of water. The proverbial healthiness of the town of Wilson, as being the highest point on the Wilmington and Weldon Railroad, and the morality, intelligence and refinement of its citizens, make it one of the most desirable locations for a first class, Male or Female, Seminary in the State.

Of the 12¼ acres of land a sufficient quantity will be sold for school or other purposes, together with all the buildings formerly used by Seminary, and the balance of the land will be sold in lots, the size of which will be announced on the day of sale.

TERMS OF SALE.—One fourth cash; on the balance a credit of six months will be given.

JOSHUA BARNES, President.

PROSPECTUS.

This company owns by warranty title nearly fourteen thousand acres of mineral lands, situated in the counties of Chatham, Moore, Rockingham and Stokes, on the waters of Deep and Dan Rivers, in North Carolina, which abound in plentiful deposits of coal, copper, iron, salt, and, there is every reason to believe from general surface indications, petroleum or coal oil.

The services of two practical and efficient men, experienced in boring for oil, and stimulated by a long course of success in Venango county, Pennsylvania, were secured by the company several months since and they are now on the lands, with the requisite force, tools, steam engine and machinery, boring a well with very flattering prospects of success. The organization of this company effected some time since has now been perfected on legal form, by act of incorporation, with a capital of $500,000, divided into 100,000 shares of $5 each.

By reference to the valuable and laborious reports of Prof. Emmons, State Geologist, and Commodore Wilkes, U. S. Navy, every one interested will be enabled to judge of the value of the large area of territory secured by the North Carolina Petroleum and Mining Co.

It is well known that a superior article of bituminous coal is now being mined in the Deep river coal region, where a portion of the lands are situated, and this company owns property known to be equal if not superior to any on which shafts have been sunk. Copper, iron and salt also abound, and the attention of capitalists has already been directed to this section on account of its value for the above minerals.

Below are given a few extracts from the journals showing that there is no good reason why there should not be as large quantities of oil in the "Old North State" as in other States:

Oil has been struck in Overton county, Tennessee, on the north line of that State, about midway from its eastern border, eighteen miles from the Cumberland mountains.—*Christian (Richmond) Observer.*

OIL WELLS IN WEST VIRGINIA.—The Parkersburg *Times* gives an astonishing statement of the yield of wells in the region thereabouts, consisting of Wood, Wirt, Ritchie and other counties, viz: Burning Springs, 2,500 barrels per day; White Oak, 1,500; Lick Run, 300; Horse Neck, 150; and of the several wells on Hughes river, 6,000 barrels per day. The quality is said to be remarkably fine. The *Times* considers the oil of West Virginia the best yet discovered.

THE OIL EXCITEMENT IN ILLINOIS.—The oil excitement in Clark county is still high. Some eight or ten derricks are up and at work. The deepest well is only 325 feet, with a fair yield of oil. Some of the other wells have struck oil and gas at from 70 to 100 feet.—Much time and money will be spent this summer in the thorough development of the oil resources of Clark county. Men of capital and experience seem confident that oil will be found in large quantities, and are willing to test their faith by a free expenditure in developing the lands. The first company who bored on the land of Hon. T. R. Young, are now engaged in trying to raise the auger which was lost last fall. The Eastern Illinois Company will begin work in a few days twelve miles southwest of the first well. The prospect in that locality is good.—*Chicago Tribune.*

It is known that after a few months boring in the vicinity of Lynchburg, a large vein of oil was struck and a productive well is now in successful operation. This is on the same line with, and about 80 miles from, the company's first well on Dan River, where the indications both general and particular are similar.

In order to have sufficient means to develop this valuable property in such a manner as to insure success, the Directors have authorized 10,000 shares of the capital stock to be sold to raise a working capital, and subscriptions for that number or any part thereof will be received.

An uncommonly favorable opportunity for investment is thus afforded, as those who choose to buy stock under this offer will have the advantage of an equal footing with the original corporators in an enterprise which, after the example of the immense profits realized in those of a similar character in other States, though in many respects on less favorable conditions than this, (compare the orient, cheapness and fee simple title of the basis of operations here offered gives reasonable assurance of the most lucrative results. In many instances in sections of less favorable oil localities, shares have advanced in a few days from $2 or $5 to $20 and even $50, and poor men who made small investments realized fortunes.

Further information may be had at the office of the company, one door north of the Court House, Greensboro, N. C., where books of subscription are now open.

By order of the Directors.

A. G. BRENIZER, Secretary.

Greensboro, N. C., Aug. 3-3awtf

VALUABLE REAL ESTATE,

LOCATED IN AND ADJOINING THE TOWN OF WARRENTON, N. C.

FOR SALE.

The Warrenton Female College is now offered for sale, on reasonable terms. This College has been in successful operation, for over twelve years, and, during that time it has earned a reputation as an Institution of learning, second to none in N. C.

The location is such as to warrant a full attendance of pupils, being very accessible from any point, especially the Eastern portions of N. C. and Va.

The Committee, who have been empowered to make sale of the property, deem it unnecessary to say more of this Institution as its character for a high grade of scholarship, and the elevated standard of morals inculcated, under the eye and supervision of its late President, E. E. Parham, is already well known.

The society in which this College is located is known to be equal to any in the South.

There is now a sufficiency of Buildings and other Conveniences attached to this Real Estate, to conduct a large and flourishing school. The premises contain about SIXTY ACRES of Land a material portion of which is within the *Corporation.* This, with *all* or a *part* of the furniture, &c., belonging to the same, can be purchased with the land and buildings. This property will be offered *privately* for sale until *Wednesday* the 3rd day *October* next, and, if not then sold, will be on that day sold, at public auction, to the highest bidder.

The Committee are fully authorized to sell, and would say that a rare chance is offered to any party wishing to purchase such property, as *time* sufficient, if required, will be given. Possession given *immediately.*

Any person or party wishing to examine the property will be shown it by E. E. Parham, the present occupant, or by any one or more of the Committee.
