STRANGE BREAK OF A LUNATIC. - A TERRIBLE RISK OF A LOCOMOTIVE. - At 4 o'clock this morning, the yard-master in the employ of the Tidewater Central railroad at this place saw a man on an engine that had steam up standing on the track ready to go. The yard-master accosted him and told him to get off the engine. The man replied by knocking down the yard-master, running the engine out on the main track, and starting northward at a terrific rate of speed.

THIS SIDE UP. - We saw Jake nailing up a box the other day containing some articles which he intended sending by express. From the nature of the contents we knew it was essential that the box should not be inverted on the passage, so we ventured the suggestion to Jake to place the much abused "This side up, etc." conspicuously upon the cover.

MISTAKEN CONVERSIONS. - A correspondent furnishes the following instance of mistaken conversions in New York City: A Reputable Dry Goods Merchant. - Among the recent conversions was that of Mr. ... a large dry goods dealer. After his conversion he went to a neighboring minister and told him there were so many tricks in the trade, that he was convinced that no man could be honest and obtain a living by the sale of dry goods.
