FERTILIZERS FOR SPRING CROPS.

We beg to inform the trade and planters of North Carolina and Virginia, that we are prepared to furnish them with the most approved FERTILIZERS, on the most accommodating terms.—We will have a stock of genuine PERUVIAN GUANO, purchased direct from the Agent of the Peruvian Government.

We have now in store, for immediate delivery, 325 tons BRADLEY'S SUPER PHOSPHATE OF LIME, which won for itself such an enviable reputation in the Cotton and Tobacco counties of North Carolina and Virginia, last season, proving itself equal, and in many important respects, superior to the Peruvian Guano. We give an analysis of it as ascertained by Dr. Hayes, one of the most eminent Chemists in the country:

Results of Analyses Made of Bradley's Patent Super-Phosphate of Lime, as now sold by Wm. L. Bradley.

100 Parts Consist of	
Moisture	5.30
Prepared animal matter, salts of Ammonia, fatty substances and Humus	38.70
Bone Phosphates of Lime, Magnesia and Iron	36.80
(Soluble Phosphates of do. 16 6-10.)	
Sulphate of Lime	16.50
Salts	20
Insoluble	2.60
	99.90

The animal matter afforded 4 2-10 parts of Ammonia when it was decomposed, and, as will be seen, nearly one-half of the Bone Phosphate is soluble.

After many analyses of your Super-Phosphate of Lime, made during the last few months, I have found your standard of quality full equal to that of any you have ever sold in former years; and I am satisfied that you include the correct principles in the manufacture. Respectfully,

A. A. HAYES, M. D., State Assayer.

We refer to the following gentlemen who tested its merits last season:

S. L. TRIPPE, Sec'y.

Having been appointed agent for the above Company, I respectfully call the attention of the citizens of this section of North Carolina, to the fact that this is a Southern Company with an authorized Capital of $500,000. It's business is ably conducted, by influential, reliable and wealthy citizens of Tennessee. It has the finest references, and has always been exceedingly prompt in its payments, as can be shown by its records, being sustained by wealthy gentlemen.

It takes both Life and Fire risks on terms as low as any Eastern Company.

This Company is just being introduced into its sister State and I hope it will be well patronized.

LIFE INSURANCE.

MANY insure their lives because they see the folly of neglecting to do so. Many who do not insure argue that it is folly to insure. Which is right? If those who do not insure can cite instances of the harm done by a policy of life insurance, or they can point out men who have lost $5,000 to $100,000 by Life Insurance, then upon proof of same, we must believe them. Hundreds of instances can readily be shown where parties have been benefitted to this extent.—In North Carolina there are some Widows and Children ready to testify to the good resulting from a life Insurance on their only earthly dependence.

The "Ætna Life Co." in paying $27,000 the past year has relieved want—and now with over $4,000,000 of assets offers sure protection to all those who will avail themselves of her liberal terms for calling on

1867. "THE WORLD" 1867.

THE ATTENTION OF THE PUBLIC IS INVITED to the claims of **"THE WORLD"** as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merit consists in its character as

An enterprising and Trustworthy Newspaper.

The next year bids fair to be a more critical one in the history of our free institutions, than even any of the eventful ones that have preceded it. The first requisite for an intelligent judgement of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interest, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy, and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments which it cannot refute, it is content to leave to make their full impression. THE WORLD adopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance.
