They look for nothing of the kind, and do not desire it, so far as we know.—

Bo far as the Stating has expressed the The history of the civilized world fur. In the first place, if the Commanding General shall require three satisable men to register the voters, and hold the dections at such election precinct in the State, it will require 8,990 men, at least, in North Carolina, to do that work. One third of these, who are to be the Registrate proper, should be men of character, capable of elements the office who, we suppleed and norestigation and of examining evidence; the office two thirds, who, we suppleed, are to fill the double duty of cierks and advisory board, should be good pensures and of good character and habits. All should be heast, reliable men. Where are these to be found. Some of the countries can furnish them without much difficulty, perhaps, but some of them could not.

Secondly, it will not be easy for the Commanding General to their or post they never been recommanded, whether or not they are suitable men. The Southern Orphan Association being liable to misrapresentation in consequence of the late arrest of some of its members on charges preferred by Mr. A. G. Kimberly, we beg leave to present the following statements in regard to the Association and its ascenters:

At the inception of the Society the tadies connected with its origin, is view of difficulties that might arise in promising a charter, determined to admit as members such gentlemen as were supposed to be proper to advise and assist them. Some of these gentlemen apparently worked for the sole benefit of the Association.

At a mosting of the Treatices upon the Sth., of March a constitution, drawn up by Messre. Kimberly and Hawkins, investing them with full power and authority to handle the funds of the Association and to examine its books, was proposed by Mr. Kimberly, and upon a vote being taken, it was laid aside. The ladies, with some exceptions, rejected it and the President and Treasurer, not recognizing the legality of the document, refused in Note. In this manner it was laid over. Not withstanding this, the parlies resolved themselves into committees and set to work.

On the 3d, of April a committee, consisting of Messre. Kimberly and Bostock, under this so called constitution, came to our effice and demanded the books. The President being present, stated that having refused to accept the constitution, she would not recognise the committee. On the 4th, Mr. Kimberly called, with two gentlemen, and again demanded the books, This president being present, as and refused.

On the 5th, My Kimberly called, with two gentlemen, and again demanded the books, which we again refused.

tended an interview with them at Barnum's Hotel. Mr. Hawkins stated that he had that meaning received a letter from General Trimtle, authorising him to presecute us for having opened one
of the General's letters, which he intended to do
to the full extent of the law if we did not give up
the books. As the officers should decide this,
we took him that he would be answered next day.
On that we ming the officers and ourselves were
arrested on a warrant issued by Mr. Kimberty,
and released on bail. The next evening Mr. Hawkim issued a warrant for the arrest of our book
keeper, Mr. Schiers, on the charge of having
opened General Trimble's letter. As the charge
was false, Mr. Schiers was dismissed. We sue
from this merning's "Sun" that these parties "announce their unqualified republished of the project," etc., which will be taken for what it is worth,
whon it will be shown that they repudiated, etc.
because they lost their large commission in the
rejections of their farms and houses by the Society.

The offices and rank they append to their sigmatures are of their own-creation as the Society
wishes the public to understand that it does not
recognize the name and office of "Finance Committee" as over having been created by said soicity.

We here leave the public to determine the mo-
