THE MILITARY COMMISSION

UNITED STATES VS TOLAR, POWERS AND WATKINS.

SAVING, Aug. 24, 1867. [We were in error in stating that no witnesses were examined on Saturday. The following proceedings were had.]

James H. Myrnes, sworn - An editor of the Fayetteville News. Went to market house at three o'clock the day Bebee was killed, to hear his trial. Was not allowed to go up stairs. Arrived there before Bebee was brought from the guard house. There were about one hundred persons there. There was no particular excitement there while Bebee was up stairs. Saw Tolar and "Monk" there; noticed something peculiar about "Monk's" manner. Also Hall, Ed. Powers, Leggett and Lintner, who were there the latter not until after Bebee was killed. Hall was talking to witnesses, when Bebee came down, and remained with witness until after Bebee was killed. Witness then went to see Bebee's body, but Hall did not go with him.

Orca Examined: Saw Bebee as he was brought down stairs; saw Faircloth and Harbo with him, but don't recollect the names of any others; saw no violence to Bebee as he came down stairs. When he got down, saw the crowd rushing up. The crowd from the outside rushed up to the arch. Saw a negro woman running about, crying "they will kill that man."

NEW ADVERTISEMENTS. Valuable Lands in Green Co. for sale, - the Streeter Plantation. Mrs. V. Whitehead, Falkland, Pitt county.

REGISTRATION in this City was re-commenced on yesterday. The result was: Whites 140, Blacks 238, - making a total, thus far, of Whites 478, Blacks 568.

GOV. SWAIN'S ADDRESS. - We are pleased to learn that Messrs. W. H. & R. S. Tucker & Co., with praise-worthy enterprise, will have printed, in handsome pamphlet style, the recent interesting and valuable address of Gov. Swain, delivered at the dedication of their splendid Hall. It is their purpose to publish in conjunction with it, his address on the occasion of the President's visit, and engraving of all the maps of the city which have ever been made. The little book will thus be seen, will embrace a full and accurate history of Raleigh and its citizens, and will prove an invaluable historical contribution. As we have heretofore said, no one was so competent for such a work as Gov. Swain, and in these two addresses, he has given us exactly what was wanted, and he deserves the thanks and grateful commendation of our citizens.

A NUISANCE. - During the delivery of Gov. Swain's address at the Tucker Hall, on Saturday night, many persons were prevented from hearing by a constant chattering in various parts of the room, principally among the white boys in the galleries. And when there were demonstrations of applause, these were marred by unseemly noises on the part of the same ruffians. This has always been one of the disgraces attending public occasions and exhibitions in Raleigh. With the opening of the Tucker Hall, it is to be hoped that there will be a change in this respect, and that the people will always be on hand to receive offenders promptly. The thing has got to be an intolerable nuisance.

SPECTACLES LOST. - A pair of Gold Spectacles, belonging to a lady, were lost, on Friday afternoon, between Mr. Page's, on Hillsboro Street, and Dr. Crawford's, a suitable reward will be paid for their delivery at this office.

A pair of Silver Spectacles has also been lost somewhere between Davie Street and St. Mary's. The finder will oblige a needy and industrious woman by leaving them at the Sentinel office.

THE FAIR AT HENDERSON. - The Ninth Annual Fair of the Central Agricultural Society of Granville, Warren and Franklin will be held at Henderson, on Wednesday, Thursday and Friday, the 14th, 15th, and 16th of October. We are indebted to the Executive Committee for the Premium List for the occasion, which is made up on a most liberal basis. In the absence of a regular State Fair, we hope that every county, at all accessible, will enter the arena of competition, and contribute to make the Henderson Fair a great success.

FLAKE'S Daily (Galveston) Bulletin contains the following announcement of the death of Willie Ramsay, who died in that city, of yellow fever, on the 10th inst. "We yesterday announced the death by the epidemic of Mr. J. L. Wheeler, clerk to Mr. Mason, news dealer. To-day we announce that of Mr. W. H. Ramsay, another from the same establishment. Mr. Ramsay was born in 1819, and recently came from Raleigh, North Carolina. Like his associate he was a young man of excellent promise and one who had come to look forward to a future of great usefulness and respectability. The business relations of these young men brought them in contact with almost the entire community, and we have yet to hear the first person speak disrespectfully of them. Neither of these had any relatives in the city, and it may be some satisfaction to those at a distance to know that every attention which money or affection could bestow was given, and that if it had been within the compass of medical science to save them it would have been done."

WHAT THEY SAY OF HIM. - The Editor of the Henderson Times, who has recently experienced Blair's hospitalities, at the Yarrowburgh House, makes the following complimentary mention thereof: "We have often, in this State and out of it, heard and read of the superior manner of Mr. Blair, but until our recent visit to Raleigh we have not had the pleasure of witnessing and enjoying the genuine hospitality, liberality and courtesy, for which this gentleman has become notorious. We don't recollect to have ever stopped at a better regulated, more comfortable and pleasant house in every respect than is the Yarrowburgh. We feel confident in asserting that Blair has the superior in the Southern States. All the pleasures and luxuries of a home are to be enjoyed there."

A LUMBER IDEA. - One of the correspondents of the Cincinnati Commercial is filled with an original idea so brilliant that we give the communication in which he embodies his discovery, as follows: "Ochs, Ills., Aug. 14, 1867. To the Editors of the Commercial: Herewith I enclose you a plan whereby Edwin M. Stanton may become President of the United States. Such a bit of poetic justice would thrill the heart of every loyal citizen throughout the land. Let Cameron resign; let the Governor of Pennsylvania appoint Stanton to fill the vacancy. - Elect Stanton President of the House. Let the Senate oust him. Stanton becomes President. Cameron can be re-appointed, and Wade re-elected as presiding officer of the Senate. Justice is satisfied - the nation triumphant!"

How THEY were DRIVEN. - In Tennessee, at the midnight meetings in the loyal colored leagues, much time was devoted to drifting the negroes in the responses they were to make to various questions at the polls. This device was used to some good incidents on election day. One man, who had evidently the frock of a sixty year old man, when asked their ages, gravely declared that they were past "twenty-two."

TENNESSEE. - She has Brownlow for Governor, and supports a standing army to execute his decrees, while her best people are outraged, exiled or murdered. Her judges are corrupt; crime, arrayed in purple and fine linen, vested with all power, sits in her high places, making a mock of religion, of justice and of decency.

The Louisville Journal says that a fence in that city is ornamented by two placards; which some wag has connected together by writing the word "and" between them, so as to make them read: "The Hoffman's German Bitters, and Order your coffin from Holt & Co."

TELEGRAPHIC

Monday Evening Dispatches.

THE DISTRICT COMMISSIONERS-MOVED CHARGES-ENCLAVE'S LETTERS. The President's and Gen. Grant's opinions relative to the removal of Sheridan is published this morning in the New York Herald and Boston Post.

White House gossip says that Sheridan, leaving Harbison in charge of the fifth military district, will proceed to the West and relieve Hancock, who will then assume permanent charge of the fifth military district.

Tuesday Morning Dispatches.

VIRGINIA PATRIOTS IN A CASE UNDER THE CIVIL RIGHTS BILL. Gen. Schofield has decided that the state poor laws shall be enforced with reference to the paupers to whom the Freedmen's Bureau has been giving rations.

By this decision all the black rags who crowded to the city of the Freedmen's Bureau, where they are entitled. The pauper whites will be treated the same way.

YELLOW FEVER

There were twenty-six interments on Saturday and 153 for the week. The New York Merchants, through Bliss & Co. have sent \$1,000, for the relief of sufferers. Help from elsewhere is solicited.

THE HONORABLE CHANGES IN THE CABINET. CORRESPONDENCE BETWEEN GENERAL GRANT AND THE PRESIDENT IN REGARD TO SHERIDAN. The statement in the N. Y. Gold room, today, had its origin in the National Intelligencer's editorial of this morning, which only tells the old story, that the members of the Cabinet, in view of Gen. Grant's tenaciousness, had internally pledged their offices at the disposal of the President.

Gen. Grant's letter to the President says "that the people who have sacrificed lives and spent dollars for their country, are entitled to have their services faithfully and intelligently performed. His removal will be regarded as a disgrace to the Government, and embolden to renewed opposition those who attempted to break up the Government by arms."

Gen. Sherman has repeatedly expressed his being placed in charge of either of the five districts. Hancock's department is intricate and he should not be removed.

Gen. Grant adds: "There are military, pecuniary and above all, political reasons why his order should not be issued upon this."

The President, replying, is not aware that the question of Sheridan's removal has been submitted to the people. It would be unjust to the army, to assume that Sheridan alone is capable of commanding the fifth District without the aid of Mr. Blair.

REISTRATION IN SOUTH CAROLINA. The total City registration returns, up to this evening, give whites 3,311, blacks 4,292. Total City and State, thus far, 9,743 whites and 22,028 negroes.

GEN. HANCOCK. - He has Brownlow for Governor, and supports a standing army to execute his decrees, while her best people are outraged, exiled or murdered. Her judges are corrupt; crime, arrayed in purple and fine linen, vested with all power, sits in her high places, making a mock of religion, of justice and of decency.

THE LOUISVILLE JOURNAL says that a fence in that city is ornamented by two placards; which some wag has connected together by writing the word "and" between them, so as to make them read: "The Hoffman's German Bitters, and Order your coffin from Holt & Co."

A candid Chicago paper says: "Chicago yields the palm to no other place in anything. When it is a question of race, Chicago is just as much ahead as in matters of enterprise and progress. Whiskey at 60 cents a gallon, and tobacco half to 10 cents a pound, are the only things that are not sold at a profit to the operators."

NEWS BY LAST NIGHT'S MAIL

AN EXTRAORDINARY ORDER OF GEN. POPE

A despatch from Augusta, Georgia, on the 21st, states that "General Order No. 59, from General Pope's headquarters, directs that grand and petit jurors for the trial of cases in his department of the hereafter drawn exclusively from the lists of registered voters, without discrimination, should be required to swear that they have been registered, specifying the precinct and county, and the address to be placed on the file of the court."

This high-handed proceeding, extending from serving on jurists all who by simple acquiescence or forced conscription, are denied the elective franchise, is nowhere authorized by any of the "reconstruction" laws. Its manifest effect will be to place on future panels a majority of unlettered negroes.

THE FIFTH MILITARY DISTRICT. We are informed that dispatches have been received officially, announcing that the precarious condition of the Major-General George H. Thomas renders it dangerous for him to attempt to proceed immediately to New Orleans to assume the command of the Fifth Military District, including Louisiana and Texas.

By this decision all the black rags who crowded to the city of the Freedmen's Bureau, where they are entitled. The pauper whites will be treated the same way.

THE CASE OF THE COLORED CANADIAN, who applied for redress from the owners of the steamship "Hatteras" refused him a first-class cabin passage, on account of his color, was decided by the court this morning. He decides that the Civil Rights bill only applied to American citizens, and that foreigners could not obtain redress under it.

THE UNITED STATES SOLDIERS at Camden, Ark. went to the office of the Constitutional People the other day and completely destroyed the establishment, throwing the type into the street, and burning the press. The Mayor expostulated with the commander of the troops and received the answer: "The soldiers of this post have been exasperated by the pieces appearing in said paper. As long as the Herald, the cotemporary of the People, publishes the course it is pursuing, it will not be interfered with. Neither assuming any responsibility or denying it."

Gov. Governor Foster, while defending a client in Nashville, recently cut into a special altercation with the Recorder, and fined several times for contempt of court, and finally committed to jail for thirty days. The lines were afterwards remitted, and the order of committal revoked.

Sheridan's "magnificent turn-out" at New Orleans has been much discussed. But his most magnificent "turn-out" is the one just furnished him by the President.
