EDUCATIONAL.

Kittrell's Springs Female College.

GRANVILLE COUNTY, N. C.

THE NEXT SESSION of this Institution will open the second Wednesday in February, 1868.

The location is unsurpassed for health and accessibility.

During the past session, in a family of nearly two hundred, there has scarcely been a case of sickness. The health of many invalid young ladies has been thoroughly restored by the celebrated mineral water found here and they have prosecuted their studies with entire success.

We are immediately on the Raleigh & Gaston Railroad, within less than a half mile of Kittrell's Depot, and in telegraphic communication with all parts of the country.

Every facility is afforded for the most thorough and extensive education.

The Faculty is composed of five male Professors and seven lady Teachers.

Everything is new. Our musical instruments, including Piano Organ, Harp and Guitar, are of the finest quality.

Special attention paid to thoroughness in the English Course.

Terms MODERATE and ACCOMMODATING.

The young ladies all worship in the College Chapel, and hence no extra clothing is required. Millinery is in no demand at Kittrell's. Parents tell us that their daughters cost them less here in this respect, than even at home. Taking into consideration the items of dress and medical attendance, there is no cheaper school in the South. Besides, we are determined to accommodate our patrons as far as we can, as to time of payment, and to put female education within the reach of the people, in the present depressed condition of the country. Our patronage must be EDUCATED.

THE superior merits of the "Singer" Machines over all others, for either family use or manufacturing purposes, are so well established, and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

The machine in question is simple compact, durable and beautiful. It is quiet, light-running and capable of performing a range and variety of work never before attempted upon a single machine, using either silk, twist, linen or cotton thread, and sewing with equal facility the finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner.
