Kittrell's Springs Female College,
GRANVILLE COUNTY, N. C.

THE NEXT SESSION of this Institution will open the second Wednesday in February, 1868.

The location is unsurpassed for health and convenience.

During the past session, we have nearly bred a race of success. The health of many invalid young ladies has been thoroughly restored by the entire natural water fountains, and they have profited greatly.

We say immediately on the Raleigh & Gaston Railroad, within less than a half mile of Kittrell's Depot, and in telegraphic communication with all parts of the country.

Every facility is made for the most thorough and extensive education.

The Faculty is composed of five male Professors and seven lady Teachers.

Everything is new. Our medical instruments, musical Instruments, Organ, Harp and Guitar, are of the finest quality.

Special attention paid to thoroughness in the English Course.

Terms moderate and according to the College Charter, and hence no extra clothing is required.

Military is in no demand at Kittrell's. Parents tell us their daughters' sons, things less important in this respect, than even at home.

Our girls are now learning the various trades and mechanics, and there is no cheaper school in the South.

We are determined to accommodate our parents so far as we can, as to time of payment, and to give female education with the watch of the parents.
