NATIONAL DEMOCRATIC TICKET... FOR PRESIDENT, HON. HORATIO SEYMOUR, OF NEW YORK.

FOR VICE PRESIDENT, GEN. FRANK P. BLAIR, OF MISSOURI.

"LET US HAVE PEACE" - THE TEXT AND THE COMMENTARY.

It has been the staple prediction of the Radical Press and leaders, for the past two years, that with the "reconstruction" of the Southern States, upon the Congressional basis, we should have peace and tranquillity.

The unguarded speeches of Devens, at the remarkable session of his late days since, which so displeased his friends and delighted the Democrats in the House of Representatives, is the very best campaign document that could have been desired by the supporters of Seymour and Blair, and the friends of Constitutional Union.

Thus it was that the member of Congress, who represents the negroes of this District, under the novelty of making a speech from the elevated position of the Clerk's desk in the House of Representatives, and flanked by the vibrant impression which his language was making upon the assembly, allowed to escape him the admission that the "reconstructed" governments in the South could only exist by the bayonet, and that, therefore, it was the bounden duty of Congress to put arms in the hands of those who, "though black in skin, were white and loyal in heart."

But the issues are not changed. Devens' doctrine, and the policy which he advocates, are the same. He is in a hurry to adjourn, without passing the bill to arm the "truly loyal" for fear of another such speech, and a "changing of the issues."

The only hope of the whole country, of civil liberty, of all our people - white and black - lies in the election of the Constitutional National Democratic nominee, Seymour and Blair. Thank Heaven the masses of the country are beginning to realize this, and will soon sweep the corrupt, revolutionary and plot-ting radicals and their tools from the place.

AGRICULTURAL AND IMMIGRATION SOCIETIES.

We have repeatedly urged upon our people the importance of a combined effort to form a State Association, with auxiliaries in every County, to promote the interests of agriculture and all the industrial employments of our people.

The people of the State are too poor to initiate any movement which involves an outlay of money. But the political and pecuniary interests of the State having, by the manipulation of the Ramp Congress, been thrown into the hands of a class of men who are enemies of the public expense, and who, with the power of taxation, possess but little property to be taxed themselves, our people have but little instrument to exert themselves to improve their condition.

We are glad to observe that the farmers of Warren are moving in this matter. In another column will be found an address to the farmers of the State, urging the necessity of primary meetings in the several counties, and the holding of a State Convention to adopt some general scheme of relief.

We learn, verbally, that the farmers of Warren, after a fruitless trial of securing uniform and systematic labor from the blacks, for three years, and despairing of obtaining from them such co-operation as will produce mutual benefit and peace, have determined to procure foreign labor.

They avow their continued friendship for the negro, their readiness to protect his freedom and to guarantee to him every civil right under the law - they are ready to aid him in his improvement and the education of his children, but they insist and will not favor the feudal ideas which propose to elevate an ignorant and semi-barbarous race to political and social equality with the whites.

The English Moving - There was a Suburban meeting, at Paw Creek, Mecklenburg County, on Saturday last, for the purpose of forming a Seymour and Blair Club.

A mass meeting is to be held in Statesville, Saturday, for the purpose of ratifying the nomination of Seymour and Blair, organizing a Club, and appointing delegates to the approaching State Convention.

A Dispatch from Nashville says: "A number of influential colored men are getting organized to petition to the Legislature, which meets next Monday, to enfranchise the blacks."

The above is such a movement as we expected from the blacks. Magnanimity and humanity need not be expected from native slaveholders or carpet-baggers.

THE MILITARY TO BE WITHDRAWN FROM THE SOUTHERN STATES REPRESENTED BY CONGRESS. It is stated by Radical journals that the President has ordered the withdrawal of the military from the States in the South that have representatives in Congress.

GENERAL ASSEMBLY OF NORTH CAROLINA.

BY AUTHORITY OF CONGRESS. FIRST SESSION. HOUSE OF REPRESENTATIVES.

MONDAY AFTERNOON, JULY 27, 1866.

The House was called to order at 4 o'clock, according to adjournment. Mr. Bowman introduced a bill, authorizing the Public Treasurer to borrow money.

Mr. Bowman introduced a bill, authorizing the Public Treasurer to borrow money. The bill authorizes the Treasurer to borrow such sum of money as, in his judgment, may be deemed necessary, to defray the expenses of the government of the State, at such rate of interest as he may deem proper.

After some little discussion, Mr. Bowman withdrew the motion to suspend the rules, and the bill was ordered to lie on the table.

Mr. Bowman moved to amend by allowing Clerks of Townships to issue licenses. After some debate, the amendment was lost.

After being slightly amended by Mr. Sinclair, the bill passed its final reading. On motion of Ames, the House adjourned until to-morrow, 10 o'clock.

to the Speaker, when his gavel fell, calling the members of the body to order. He did not then reply, and he requested to be compelled to refer to the same matter this morning.

Mr. S. then read the extracts from the Standard, containing the charge of his having bought a bill of goods in New York one day, trying to sell the next and preaching the next day.

He added the story to the dignity of his State, and the dignity of the body, to which they belonged. He did not suppose that these accounts had ever witnessed such a scene as occurred yesterday.

Mr. S. then read the extracts from the Standard, containing the charge of his having bought a bill of goods in New York one day, trying to sell the next and preaching the next day.
