NATIONAL DEMOCRATIC TICKET!

FOR PRESIDENT,

HON. HORATIO SEYMOUR,

OF NEW YORK.

FOR VICE PRESIDENT,

GEN. FRANK P. BLAIR,

OF MISSOURI.

EFFORTS OF TENNESSEE CONSERVATIVES TO PRESERVE PEACE.

The condition of Tennessee is anything but comfortable. There is wide spread dissatisfaction with the State government, and men of the baser sort, who gloat in riot and plunder, are taking advantage of the condition of things, to perpetrate mischief. A few men of low character, always bent upon mischief, seem to have given rise to great alarm among the "trooly loil." This has been increased by the imaginary existence of "Ku Klux Klans" in large numbers.—Brownlow, feigning to believe that an organization existed to destroy the State government, called upon the General Assembly for funds to pay a strong militia armed force to protect it and enforce the laws.

Gens. Cheatham, Maney and Johnson, of the late Confederate service, believing that such a course would, in the present temper of the people, produce civil war in the State, proposed to the Legislature to appoint a committee to meet such Generals of the late Confederate army, as they could draw together, to confer upon the best means to promote peace. Accordingly Gens. Forrest, Bate, Brown, Smith, Palmer, Johnson, Gordon, Cheatham, Pillow, Anderson, Quarles, Dibrell and Murray, met in Nashville, Tenn., on the 1st. inst., to confer with the Legislative Committee. These Generals all declared themselves adverse to the present character of the State Government, but, on principle, resolutely determined to obey the laws, until they were legitimately repealed, and gave the most positive assurances of their determination to maintain the peace and quiet of the State by their counsel and conduct. They drew up a memorial addressed to the Committee on Military Affairs, signed by all the Generals present, declaring their anxiety for peace and harmony, their desire to promote it, and urging that the militia force is not needed to enforce the laws. These Generals urge the necessity of abolishing all irritating laws and the removal of disfranchisements.

The discussions of the Generals, and the Legislative Committee which met them, were exceedingly pleasant and calculated to inspire mutual confidence. Every General pledged himself to obey the laws, and to exert his personal influence to preserve the peace, but expressed no hope of peace if the Legislature sent out the *armed militia*; they believed that collisions were imminent, if the militia was sent out, and that their personal influence could not quell them. They were all satisfied, that the true policy of the General Assembly was conciliation—the rescinding of all irritating and objectionable laws, and especially the removal of all disfranchisements. Whether these wise suggestions will have any proper influence upon the General Assembly of Tennessee, remains to be seen. A majority are still opposed to the removal of disfranchisements and disabilities. The motive which operates both in Tennessee and North Carolina, is a mean, selfish, sinister one. When they say that they are opposed to the removal of disabilities, because they doubt the loyalty of the disfranchised, they speak falsely. Their desire for office for themselves alone prompts their course.

CONGRESSIONAL WASTE.—A book was prepared in memory of Mr. Lincoln, under the auspices of Mr. Seward, at a cost of $87,50 each,—the government being required to foot the bill, to the tune of $300,000. The contents of this entire book had been previously published in Seward's diplomatic correspondence, and sent to all the foreign governments with whom we have commercial connection. Now it is ordered that a copy be sent to every nationality in the world.

FREEDMEN'S BUREAU.—A short time ago, Mr. Boyer, of Penn., made quite a damaging exposure of the cost to the government of the Freedman's Bureau, in a speech in the House. Gen. Howard addressed a letter to Mr. Eliot, of Mass., a friend of the Bureau, correcting some of his statements. Mr. Boyer has replied in a scathing letter, in the *National Intelligencer*, in which he puts Howard *hors du combat*.

GEORGIA.—In the Georgia Legislature it is very properly held that the late elections according to the laws of Georgia were all illegal, and that the order of Gen. Meade, in relation to persons elected, is conclusive of the rights of the persons named to their seats. That is the proper course.

MAJORITIES.—It is said that Gov. Stevenson's majority in Kentucky will reach over 80,000, and it is said that a bet of $3,000 was made at Saratoga, a few days ago, that New York would give Seymour and Blair a majority of 70,000.

THE COUNTY MEETING.

In another column will be found the condensed proceedings of the very large and intensely enthusiastic meeting in this city, on Saturday last. We regret that it is out of our power to publish, in full, the list of delegates appointed to the Democratic State Convention,—between six and seven hundred in number—but lack of space forbids. It is, besides, unnecessary to do so, as every sympathizer with the cause in the county was requested to act as a delegate and to be in attendance.

All of the speeches on the occasion were capital, but we should do injustice to the unanimous sentiment of all who were present, did we not say, that Col. E. Graham Haywood's effort was one of the most powerful ever heard in this city. In compactness of argument and fervid eloquence, it was unsurpassed by any speech we have ever heard. We say this without qualification. We will not attempt to give even an abstract of it, but we hope to see it in print, before long, as a campaign document.

"CHARGE THEM!"—The policy of the National Constitutional Democratic party, in this campaign, is one of *aggression*. Do not stop, unless in cases of absolute necessity, to notice, or attempt to refute, the thousand-and-one lies with which the Radical organs daily teem or the innumerable false issues which the Rebel Radical orators seek to make. Do not regard their silly and puerile flings, which are designed to provoke reply and divert attention from *the infamous record*. Charge! Charge! Charge upon their wavering and discomfited ranks! Keep them on the defensive. Lay bare before an aroused people their glaring infractions of the Constitution, their programme of degradation for the white man and all negro supremacy, their swindling speculations and peculations, their wasteful expenditures of the people's money, their usurpation of the rights of the PEOPLE, their fiendish designs against the peace of the State and Nation! Pour hot shot, thick and fast, into the ranks of the "carpet-baggers," and their degraded native allies, who have been deluding the blacks into hostility to their old friends, for selfish and mercenary ends! Charge them, we say, at every point, from every hustings, in every meeting, from every column that issues from the press! Keep them busy at *defending* themselves—and the effort to do so will but compel them to expose the more vividly the enormities, for which an outraged and indignant people are about to call them to account!

THE ELECTORAL COLLEGE.

We observe that the bogus rebel Legislatures of Florida and Alabama have taken away, from the people of those States, the right to cast the vote for Presidential Electors, and have resolved to cast the vote for Electors themselves, by which Grant and Colfax will receive the vote certainly. It will be remembered that South Carolina used to be specially denounced by the Radical party as an anti-republican State, because her Legislature had uniformly cast her Presidential vote.

The General Assembly of North Carolina, now in session, will scarcely do this.—Nothing would operate so prejudicially, at the North, against the Radical party, as a course of this kind.

We observe that the New York *World* intimates that, according to the Howard amendment, those States, which are guilty of that iniquity, will lose their representation in Congress, and gives the second section of the amendment as proof of the position:

"When the right to vote at any election for the choice of electors for President and Vice President of the United States, representatives in Congress, the executive and judicial officers of a State, or the members of the Legislature thereof, is denied to any of the male inhabitants of such State, being twenty one years of age and citizens of the United States, or in any way abridged, except for participation in rebellion or other crime, the basis of representation therein shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens twenty-one years of age in such State."

THEY ARE COMING!

We learn that large numbers of the good people from adjoining counties are coming up to the great Democratic Jubilee on Thursday. From Wayne and Johnston, they are coming in wagons and other private conveyances. They cannot afford to travel on the North Carolina Railroad, where such exorbitant charges are made, and they desire, besides, to rebuke the *little* party spirit which the President of that road has exhibited.

NEVER WERE the people of North Carolina more aroused. If we published a paper five times the size of the *Sentinel*, we should still not have room for full accounts of the County, Town and Club Seymour and Blair meetings, which are being held all over the State. PUSH ON THE COLUMN.

GOV. WORTH.—We are gratified to learn that this noble old patriot is addressing his fellow citizens of Randolph, at various points, with great effect, in behalf of the cause of Peace and Union.

A GOOD IDEA.—The resolution offered and adopted at the organization of the Halifax Seymour and Blair Club, on Thursday, inviting the blacks to join the Club, is a good one. The idea is to get them to join the white man's Club until a sufficient number shall have joined to enable them to form a Club of their own, with their own officers, &c. Not a bad idea, and we think every Club would do well to adopt a similar resolution.—*Roanoke News.*

A NEGRO BULL.—In the Border State Convention the proceedings of the second day were enlivened by the following resolution:

"*Resolved*, That any colored man sympathising with the Democratic party, or voting that ticket, be stamped a traitor to his race, an enemy to his ancestors, and a political murderer of his children's rights;" which was, after some discussion, indefinitely postponed.

ARE YOU for war, for military rule, for an Imperial central government and for a Dictator or Emperor? Vote for Grant and Colfax.

GENERAL ASSEMBLY OF NORTH CAROLINA.

BY AUTHORITY OF CONGRESS.

FIRST SESSION.

SENATE.

MONDAY, Aug. 10, 1868.

The Senate was called to order at 10 o'clock.

Prayer by the Rev. Mr. Atkinson, of the Presbyterian Church.

Leave of absence was granted from Friday next, to the end of the session, to the following Senators, viz: Messrs. Lindsay, McLaughlin, Mason, Etheridge and Smith.

INTRODUCTION OF BILLS.

By Mr. Winstead: A bill authorizing the Norfolk and Great Western Rail Road Company to extend and construct their Road through the Counties of Granville, Person and Caswell. Referred to the Committee on Internal Improvements.

By the same: A bill to incorporate the Roanoke Batteau Transportation Company. Same reference made.

By Mr. Richardson: A bill authorizing the Western Railroad Company to open the navigation of Lowell river, in the counties of Moore and Richmond. Same reference made.

The Committee appointed to ascertain what amount was necessary to complete and furnish the Governor's Mansion reported that it would require, *at least*, $10,000!! after consultation with Messrs. W. H. & R. S. Tucker. (More than the building is worth.)

Mr. Sweet offered a resolution, proposing to hold evening sessions, from and after today, to meet at 8 o'clock, and providing further that the morning sessions shall begin at three quarters past nine. After some discussion, adopted under a suspension of the rules.

A message was received from the House, transmitting a Resolution rescinding the resolution to adjourn on Monday next.

On motion of Mr. Sweet, it was laid on the table.

Mr. Sweet, from the Committee on Privileges and Elections, to whom was referred the petition of J. W. Stevens, claiming to be legally elected from the 24th Senatorial District, recommended the appointment of Mr. Respass, Senator from Beaufort, as Commissioner to proceed at once to Caswell county to examine certain persons, under oath, who are charged, in said petition, with having voted illegally. Concurred in.

The following bills were taken up and disposed of as follows, to-wit:

Bill to provide for the employment of convicts, and the erection of a Penitentiary; referred to the Committee on Penal Institutions.

Bill concerning the Courts of the Justices of the Peace, and the rules of proceeding therein; passed its second reading, and, after some discussion, referred to the Committee on the Judiciary.

Bill to amend an ordinance respecting the jurisdiction of the Courts. On motion of Mr. Hayes, laid on the table.

Mr. Robbins rose to a question of privilege. The Raleigh *Standard*, the government organ, had stated that he had delayed legislation by resorting to Parliamentary tactics, or by making factious points. He pronounced the charge to be untrue, and appealed to the Senators to bear him out in this statement, and if any of them knew that he, at any time, had resorted to Parliamentary tactics in order to delay legislation, to say so at once. He would not resort to billingsgate, as some had done, but simply pronounce the charge *false*.

On motion, the Senate adjourned.

NOTE.—The Reporter failed, on Saturday last, to get a sight of Mr. Respass' substitute or to hear its contents. It is a mistake to call it a *militia* bill. It provides for a Special Constabulary force, to be appointed by Justices of the Peace, to arrest conspirators against the freedom of speech or of the ballot, at any time, &c. Should it pass, it will be published in full.

The reader will recollect that, in Saturday's proceedings, it was stated that Mr. Wynne, of Franklin, in reply to a statement of Mr. Cook, Senator from Johnston, charged that the statement was a lie. Subsequently Mr. Cook asked Mr. Wynne if he intended to say that he, (Mr. Cook,) had lied. Mr. Wynne replied that he did not apply that epithet to him, but to the statement itself, presuming that the Senator had been misinformed.

Mr. Burns, Senator from Chatham, was reported incorrectly, in Saturday's proceedings, as having voted against Mr. Respass' substitute for the Special Militia bill. He voted *for* the substitute.

HOUSE OF REPRESENTATIVES.

[BY UNDERGROUND RAILROAD.]

MONDAY, Aug. 10, 1868.

House called to order at the usual time.

Prayer by the Rev. Mr. Atkinson, of the city.

Mendenhall presented a memorial from citizens of Davidson County, asking that old debts be scaled. Referred to the Committee on Propositions and Grievances.

Gunter presented a petition from certain citizens, asking that the distillation of grain be prohibited. Consideration postponed until the 3rd. Monday in November next.

Seymour, from the Judiciary Committee, reported a bill concerning the registration of voters.

By the same: A bill concerning the registration of Deeds, recommending that no action be taken.

On motion of Seymour, the rules were suspended and the bill concerning the registration of voters was put on its second reading.

Mr. Durham moved to amend, by an additional section, which declares that every male person, born in the United States and a resident of the State 12 months, and of the County 30 days, shall be entitled to register; which was adopted, and the bill then passed its second reading.

On motion of Seymour, the rules were suspended and the bill concerning the civil rights of citizens of North Carolina passed its several readings.

SPECIAL ORDER.

The bill to provide for the payment of the interest on the public debt of the State.

Estes (c. b.) offered a substitute for section 2, authorizing the Public Treasurer to borrow the money. Adopted.

Estes then moved to print the bill, as amended, and make it the special order at 10½ o'clock to-morrow. Carried.

On motion of Seymour, the rules were suspended, and the bill of civil procedure passed its several readings.

On motion of Somnambulistic Downing, the rules were suspended and the bill concerning Wreckers was put on its several readings.

Mr. Jarvis moved to make the bond of the Wreck Master $2500, instead of $500. Carried; but, on the third reading, the bond was reduced to $1,500, on motion of Downing. The bill, as amended, then passed its last reading and was ordered to be sent to the Senate.

By Seymour: A bill in regard to the intimidation of voters. Ordered to be printed.

Mr. Pou, from the Committee on Privileges and Elections, presented a resolution relative to the seat of Mr. Long, of Caswell, and asking for a Commission to proceed to Caswell to take evidence in the case of Wilson Carey, (negro,) who claims the seat.—The report lies over.

Senate bill, requiring Trustees of the University to reside in the counties from which they are appointed, passed its several readings.

By Mr. Durham: A bill providing that when, from any cause, a jury shall not be drawn, the presiding Judge shall have power to have the jury drawn. The bill passed its several readings under a suspension of the rules.

House bill concerning fishing in the Cape Fear River was taken up, when, on motion of Leary, (negro,) it was postponed until the second Monday in December next.

House bill No. 18, changing the manner of the payment of the capital stock of the Western R. R. Co., was postponed until the second Monday in November next.

Next called up Senate bill No. 45, confirming the Charter of the N. W. N. C. R. R. Co. The bill was taken up and passed its several readings.

Senate bill No. 63, in relation to the Records of County Courts, passed its several readings. (The bill provides that the records of the old County Courts shall be considered as records of the Superior Courts.)

House bill No. —, prohibiting the distillation of liquor from grain, was postponed to December next.

The resolution in favor of the publication of the Rev. Mr. Hardie's book, in regard to the resources of the State, was now taken up.

Justice, of Rutherford, said that he always advocated the spreading of information, and thought that this book ought not to be treated with contempt, but, inasmuch as the present session was drawing to a close, and a great deal of important business was yet to be transacted, he moved that the further consideration of the bill be postponed until the 2nd. Monday in December. Carried.

A message was received from the Senate, notifying the House that they had adopted a substitute for the House bill establishing special Courts for Wilmington and Newbern, and asking the concurrence of the House therein. On motion, the message was concurred in.

By consent, Mr. Barrett called up House bill No. 28, in relation to weighing rosin in the Port of Wilmington. On motion, the rules were suspended and the bill put on its several readings.

Mr. Farrow moved to amend by making the penalty provided for in the bill $35, in lieu of $100. The amendment was accepted and the bill passed its several readings and was ordered to be engrossed and sent to the Senate.

Senate bill No. 57, for filling vacancies in the General Assembly passed its second reading.

House bill No. 22, repealing the Stay Law, together with the adverse report from the Judiciary Committee, was read.

On motion of Mr. Sinclair, the bill was indefinitely postponed.

Report from the Committee on Penal Institutions, with a resolution to appoint a Committee of one from each Congressional District to locate the State Penitentiary, was now adopted.

A bill to provide for the laying off Counties into Townships, together with the report of the Committee, to whom it had been referred, recommending that its further consideration be postponed until next session, was read, and, on motion of Seymour, the report was adopted.

The House then adjourned.

ITEMS.

The Queen of England is on a visit to Switzerland and Italy. She was at Paris on the 5th. inst., and lodged at the Tuileries, at the invitation of the Empress Eugenie.

Spain is in a disturbed condition. The whole country seems disquieted, and every effort is necessary, on the part of the government, to prevent riots and outbreaks.

One of the negro parties, into which San Domingo has been constantly divided, has asked Spain to resume the protectorate of the Island, but Spain refuses.

Austria declares that its policy is peace, and ignores the idea of interference in German affairs or of seeking vengeance.

Mr. Seward gave a grand banquet at his own house, in Auburn, N. Y., to the Chinese embassy, on the 5th. inst.

The death of Gen. Halpine, of New York, and editor of the *Citizen*, occasioned by an over dose of chloroform, seems to have excited very general regret. He was united with civic and military honors. He was a leading politician and supported the Democratic ticket.

Suicides are very common in New York and other Northern cities.

Forty thousand dollars in the U. S. 5 20 bonds were stolen from the office of the Star Insurance Company, of New York, on Broadway, on the 5th. inst.

The steamship *Ocean Queen*, from Aspinwall, arrived at Quarantine, New York harbor, on the 6th, having yellow fever on board.

The New York *World* heads the eight line speech of Gen. Grant at St. Louis thus: "GREAT SPEECH OF GEN. GRANT."

Senator Doolittle's reception in Wisconsin, contrary to general expectation, is a continued ovation. He is on the canvass, and strong hopes are entertained of carrying Wisconsin, and even Iowa, for Seymour and Blair.

The carpet-baggers and Loyal Leagues in the South are inciting the negroes, at various points, to commit outrages upon the whites. These cause retaliation, and flesh with the "trooly loil" cry out for an armed force to suppress riot and aid in enforcing the law.

Ratliffe, a Tennessee Senator, who was not elected to Congress from Mississippi because the negroes did not fancy the name of the man, has been complaining that Congress did not pass the bill to furnish Springfield rifles to the "loil" men of the South. He gave warning, in a figurative tone, that he would not go back to Washington, but would remain in Indianola, where he officially came from. Sad news, but many more of the tribe will soon have to figure back upon their friends at home.

General Preston, of Kentucky, denied that Wade Hampton or any other Southern man placed the words "unconstitutional, revolutionary, and void" in the Democratic platform. He says it was placed in it by a Freesoil northerner.

At Saratoga Springs, New York, a few days since, a bet of $3,000 was made that New York would give Seymour and Blair 70,000 majority. The same offer was made by others, and so taken.

NEW ADVERTISEMENTS.

Board (exclusive of washing and lights) and Tuition in the regular English course and Ancient Languages, $100. Extra Studies moderate. $50 in advance,—remainder at the end of the session.

ADVANTAGES.

An able, energetic, and successful Faculty; an extensive and wisely arranged course of study; a judicious and thorough system of instruction; a select Chemical and Philosophical apparatus; a good Library; fine Musical Instruments; a beautiful, pleasant, and healthful location; a large, commodious building, with rooms well ventilated and well warmed in winter; excellent water, good fare; kind attention to the wants of the pupils; mild and efficient government, and ample Religious privileges.

June 15-tf

Wake Forest College, N. C.

THE FALL TERM OF THIS INSTITUTION will open on the first day of August, 1868, with the prospect of increased patronage and success. The complete success shown at the recent Commencement, of the adaptedness of the University system to the wants of the times, and of its feasibility, encourages its friends to believe that the College has entered upon a career of popularity and usefulness hitherto unknown in its history. The financial embarrassments to which all Southern Colleges have been subjected are not felt to the same extent at Wake Forest, as at some others, in consequence of the considerable amount of original endowment saved, and of the favorable reception with which the Agent of the College meets in securing additional funds. An expenditure of more than $6,000 has been recently made in improving the condition of the building and grounds.

Determined to bring its advantages within reach of the largest number possible, the Trustees, seconded by the community, have reduced the price of Board and Tuition to the lowest practicable rates.

The officers of instruction are gentlemen of tried ability in their several departments, and the success attending their efforts in the past is the best guarantee the public can have for the future.

The location of the College, in point of healthfulness and accessibility, (being situated on the Raleigh & Gaston Railroad, a few miles from the Capital of the State,) is not surpassed by that of any other in the South. While the moral and social influences connected with and surrounding it, and the peculiar discipline enforced, present inducements to patronage of no ordinary kind.

A system of PUBLIC LECTURES on literary and scientific subjects has been introduced, with a view to increase the interest of the young men in the several departments of study, and to furnish additional incentives to investigation and research.

Extensive and well selected LIBRARIES belonging to the Societies, and complete APPARATUS, PHILOSOPHICAL and CHEMICAL, are not to be omitted in the enumeration of the advantages possessed.

Another encouraging feature is that there are, at present, thirteen young men engaged in studies preparatory to the work of the Ministry; and it may not be amiss to state that any Minister, who may apply for admission, will receive tuition in all the departments free of charge, and those of this class, who are without means, are encouraged to apply to the Board of Education for further assistance.

EXPENSES IN CURRENCY:

Tuition for Preparatory School (per Session)	$30,00
