NATIONAL DEMOCRATIC TICKET!

FOR PRESIDENT,

HON. HORATIO SEYMOUR,

OF NEW YORK.

FOR VICE PRESIDENT,

GEN. FRANK P. BLAIR,

OF MISSOURI.

ELECTORAL TICKET.

FOR THE STATE AT LARGE.

HON. JAMES W. OSBORNE, of Mecklenburg.

JOSEPH J. DAVIS, of Franklin.

DISTRICTS.

1st—THOMAS J. JARVIS, of Tyrrell.

2nd—JNO. HUGHES, of Craven.

3rd—

4th—

5th—M. S. ROBBINS, of Randolph.

6th—W. M. ROBBINS, of Rowan.

7th—L. M. McAFEE, of Cleaveland.

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It pulters in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these misgovernors and necessitous robbers by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political fortune, bent upon perpetuating themselves by any means and at all hazards. They are attempting to alarm the people of this State by the bare cry of revolution and war, threatening them on the same line with military force; while, in other States of the South, they have not hesitated to take from the people the election of Governors and Vice Presidents, and to conduct the same by the bayonet—the means by which were elected under military rule Northern freedmen of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, to overawe and debauch the intelligent portion of the people of such States, and of the whole country.

Resolved, That it is our frank purpose to pay, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in asking recognition on terms of equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to glean its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our present country, to defeat the designs of aggressive men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the Government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

THE SPOILERS.

The Radical party is pre-eminently the *Spoils Party*. They hold and practice the doctrine that "to the victors belong the spoils." No man can hold office, by the consent of the *gentlemen*, unless he binds himself to the Radical party. This is the *sine qua non*. Is he honest—is he capable? are not questions which they concern themselves about; but, is he a good *Radical*? That settles the point.

Remember that the Radical Legislature, indifferent to the poverty of the people and reckless of expenditure, voted themselves $7 per day and mileage, when good board could be obtained from $1.50 to $2 per day. It was not content with the ordinary number of Clerks and Doorkeepers, but appointed two or more *Pages* to wait upon them, at $3 per day. *So* the people's money goes.

Remember that a *third branch* was established, meaning a *liquor saloon*, in the Capitol, kept by a paid State officer, at which members of the Legislature obtained *free drinks* of costly liquor, whenever called for. Who footed the bills? At the close of the session, the Legislature voted $500 for contingencies. What was it for? Who knows? Was that for the *free liquor*?

Remember that the new system of registration, which is wholly unnecessary and a medium of endless frauds, under the management of corrupt men, will cost the State about $15,000 or $20,000. A better plan can be adopted without cost to the State.

Remember that James H. Moore, Esq., the late excellent Steward of the Insane Asylum, was removed after he had refused to make contracts for beef and wood at higher prices than he could purchase from others. Since Mr. Moore's removal, the Superintendent of Public Works, C. L. Harris, Esq., a high salaried officer of the State government, we understand, has made a contract with the Asylum to furnish 1000 cords of wood for $4,000. Mr. Moore had already engaged a quantity at $3 per cord. Thus the people's money goes.

Remember that the Radical party has forced upon us such radical changes in our Court system, and in our county governments, as will double the former cost. Where a man paid, heretofore, $4 for taxes, he must pay now $8, to meet the current County and State taxes. Where is the money to come from? *Out of our poor people!*

Charge it upon the Radicals that they mean WAR—that they threaten to make the will of the people BY FORCE!

THE CONSTITUTION.

What the Bible is to the human system, the *Constitution* is to our system of Republican government. The latter cannot live without the former. What the compass is to the mariner, the *Constitution* is to the country. Without it, as the guide and chart of our national existence, we are at the mercy of the waves, and must drift towards destruction. That we are now tossed about in uncertainty and peril, threatened with anarchy and ruin, is because those who govern the ship have thrown the compass aside and sought to steer it without. Mutinous and *crazy* captive. They know that a return to the old landmark—the *Constitution*—and reckoning would soon bring us into port, when their piratical employment would be over, and they prefer to keep on the agitated sea, that they may plot and revel in theft and plunder.

The Radical party, in all its legislation, has *not even pretended* to be governed by the Constitution. Thad. Stevens scoffed at the idea that their reconstruction policy was constitutional. The highest *Judicial officer* of North Carolina, a recent convert to Radicalism, boldly affirms that that policy is *in fact* constitutional! One of the Radical Superior Court Judges elect for this State openly proclaims that the Constitution is an obsolete instrument,—not up *to the spirit of the times*! The Constitution—the work of the wise and patriotic founders of our free government,—is the deadly enemy of Radicalism and Radicalism is *its* sworn enemy. Their purpose is to subvert the Constitution,—*to change our forms of government*, and to consolidate its powers in an imperial centre—in order to *perpetuate their power*. That is what they are after.—And, to accomplish this, they have nominated the "General of our Armies" for President, and are ready *to make war*, if necessary, upon the Constitution, and those who would restore it!

These tendencies and aims of Radicalism were most forcibly illustrated by Judge Merrimon, in his powerful speech, in this City, on Tuesday night. He called attention to the significant fact, in this connection, that while the National Democratic Platform breathes nothing but devotion to the CONSTITUTION and Constitutional Union, *the word "Constitution" is not employed a single time in either the Chicago platform or in Gen. Grant's or Mr. Colfax's letters of acceptance!* Everything is "Congress," Radical Republican *party*, Congressional Reconstruction! They have no use for the Constitution. But the *people*—the patriotic masses—will restore it and "bring it into fashion" by the triumphant election of Seymour and Blair!

DISCOURAGING TO FARMERS.

The farmers of North Carolina can easily raise all the corn, wheat, oats, grass, pork, beef, mutton, hides, &c., needed for the wants of our people, and have a large surplus for export to other States. Why do they not do it? Why is it, that we buy flour, corn, beef, pork, wool, leather, &c., from other States? We can make it at home cheaper.

Our farmers complain that the demoralization of a portion of our population, under Radical manipulation and advice, is so great that grain, stock, &c., are stolen or destroyed, so that each farmer has to confine himself to raising just what he can best take care of. We know nothing of the facts, mentioned in the following article from the Richmond *Enquirer*, but, if true, they are peculiarly discouraging. The *Enquirer* says:

"On the other hand, we hear of a gentleman who, last year, purchased land in North Carolina on which he established a settlement, and stocked it with several hundred sheep and other stock. He lately passed through Richmond returning North, saying that the negroes had stolen every one of these sheep and everything else about his place, so that it was left utterly destitute. He has left his farm to lie idle in North Carolina, and says he intends to remain North until Seymour is elected—a consummation which he believes embodies the last hope of the South."

Mr. Boyden.—The candidates for Congress in the 6th District, Messrs. Shober and Boyden, met at at Newton, on Monday. Owing to hoarseness, Mr. Shober was unable to speak, but introduced Mr. Schenck, of Lincolnton, who replied to Mr. Boyden, and "went through him." Mr. Boyden, it is said, denounced the whole system of Radical legislation, State and Federal,—especially Holden's "Detailed Militia,"—and yet, with an absurd inconsistency, declared himself for Grant, the War candidate! Mr. Schenck's withering exposure of his ludicrous and puerile positions elicited great applause. Mr. Boyden is done for, Pity!

Gen. Gordon at Charlotte.—The gallant General J. B. Gordon, of Georgia, arrived in Charlotte on Monday night. He was received by Committees from the two Democratic Clubs of the city, the city band and a large number of citizens, and was appropriately welcomed by Colonel William Johnston.

The *Times* says of his speech on Tuesday:

"When we entered the hall it was crowded to its utmost capacity. After music by the band, Colonel Johnston introduced Gen. Gordon, who spoke for over two hours. We have seldom heard as much eloquence, wit and patriotism. The General is one of the first speakers of the age—and is destined to win as much glory in the field of oratory as that of Mars. Our people were delighted, as their frequent applause and high enthusiasm testified."

Events show the progress of "reconstruction," so-called, shows that it is an utter failure. There is no stability, no permanence to it. See the action of the Radical Georgia Legislature, excluding the negro members. It has to be bolstered up at every stage by temporary props and expedients. It requires constant mending and fixing up. It rests upon an unnatural basis and nature itself will ultimately destroy it.

Keep it before the People that the Radical organ in this City recommends the County Commissioners to *build negro villages* and to TAX THE LANDS of the people for the support of a lazy and thriftless population!

RADICAL ORATORS.

Many Radical speakers are employed in canvassing the State, and they will do so vigorously during the campaign. However, speaking, they are unwilling to submit to allow Conservative and Democratic speakers to reply to them. Hence, but few of our people attend *their* discussions. It is important that some of our friends should attend them, however. If their speeches are incendiary and mischievous, as we know most of them are, intelligent and reliable Democrats should be present to report their speeches and expose them. No instance should be left unnoticed. Our people should report them at once to the newspapers. Let the truth and the whole truth, only, be reported. Many of their hearers are ignorant and may misrepresent their speeches, but the injury done them and the public is incalculable. Every such speaker must be exposed.

Radical speakers continue to repeat the falsehood to the colored people, that if Seymour and Blair are elected, the negroes of the South will be re-enslaved. They know this to be an arrant, wicked falsehood, when they use it. They know that the Democrats desire no such thing, and that it is an absolute impossibility.

A reliable gentleman informs us that he heard, from persons who attended the meeting, that Rev. S. S. Ashley, the Superintendent of Public Instruction, addressed a crowd of negroes at Auburn, on Saturday last, and that he stated, among other direful results to follow, if Seymour and Blair were elected, there would not be a house or fence left standing in this country—that there would be general devastation. But if Grant and Colfax were elected, the "carpet bag gers" would come around with their carpet bags full of gold and greenbacks, to buy up the land and divide it among the negroes! Can it be possible? We call upon those who heard the speech, to give us the facts. We learn that several whites were present.

N. C. Rail Road.—There has been an attempt at braggadocia by the exhibits, for June and July last, of the receipts and expenditures of the North Carolina Railroad. Everybody knows that, under the energetic management of Hon. Josiah Turner, Jr., the receipts and expenditures of that Road, since the 1st of August or September, 1867, were very flattering, up to the time of his leaving. The mismanagement must have been very great to have made any material change in so short a time after Mr. Turner's leaving, and, therefore, we think that Smith, and his friends, had better defer their bragging a few months. If the Road continues to do as well as it was doing under Mr. Turner's management, up to the 1st of November, then Smith and his friends may crow a little.

From what we hear, Smith is not likely to do much, until after the Presidential election, at least. There are so many Radical dead beats, it will go in pretty strongly upon the receipts for travel upon the Road. We learn that the sums for expenditures will be small, for the reason that payment of dues on the Road, for expenses, still be and has been deferred. Bills are not paid as promptly, we understand, as they have been.

Mr. Smith is determined to secure Radical votes by his party management of the Road. J. B. Alford, of Johnston, quite a respectable colored man, was greatly disgruntled with Mr. Smith's management, however, a short time since, and his talk indicated that he could not again vote for the Radicals. Alford and the Railroad President had a meeting, thereupon, and we are told that he now has a paper in his pocket, by which the Agents at Selma and Raleigh allow him to pass to and fro, at half fare. Alford is an active, industrious man, and is engaged in trade and merchandise, and we hope deserves to be thought well of, but why should he have a half fare ticket, while others, equally deserving, have not? The Directors will do well to enquire into our Extra Billy Smith's management.

FIFTH CONGRESSIONAL DISTRICT.

The Democratic and Conservative Convention for this District, (at present represented by Mr. Lash,) assembled at Greensboro', on Tuesday. Every county was represented, except Surry and Stanly, and great enthusiasm and the most feeling characterized all the proceedings.

Col. Livingston Brown, of Caswell, was nominated as the candidate for Congress and accepted—promising an active canvass. Col. Brown is a gentleman of fine intellect, high character and great popularity, and his nomination will be most acceptable to the true men of the District.

M. S. Robbins, Esq., of Randolph, was chosen as the Candidate for Elector. He will enter with energy and ability upon the campaign. The selection is, everyway, an excellent one.

"If you assent us, we will fight!" Such was the declaration of an Ethiopian who claimed the right of membership in the "reconstructed" Legislature of Georgia. "You (the Radicals) promised we should have our rights. You told us we were your equals. You flattered us with sweet promises of equality before the law. You obtained our votes to help you into office. And now you tell us we cannot sit as your equals in the government we have helped you to rear over our old masters in Georgia. If you assent us, we will fight."

The language of the Ethiopian orator may have been somewhat different from this; but his meaning is not misrepresented. The negroes are beginning to appreciate the *sincerity* and *honesty* of the men whom they have trusted, and by whom they have been deceived.

Daniel Dreisbach, Esq., of the Hagerstown *Mail*, and a party of seventeen gentlemen from Maryland and Pennsylvania, (of whom and their mission we spoke a day or two since,) have arrived in Charlotte, to look at the lands in Mecklenburg, with a view to purchasing land for farming purposes.

Negro Troops in Georgia.—We have heretofore mentioned the inexplicable fact that ten companies of negro troops have been concentrated in Middle Georgia. The *Rough Notes* contains the following account of the outrages which they are constantly committing,—outrages which call for prompt redress at the hands of those who profess to control them. The presence of these negro troops in such numbers, while white troops are sent out of the State, cannot but be regarded as unnecessary and most prejudicial to the interests of quiet and public order:

"Insults are daily offered to respectable citizens, and even to ladies and children, on the public streets and in their own dwellings. We are told that in some parts of the town, ladies or children cannot show their faces at the window but they are insulted by soldiers passing.—Ladies walking the public streets are not seldom annoyed by such rascals, who, on purpose, indulge in language too scandalous to be mentioned. Gardens are robbed; and faithful yard dogs are shot and killed inside of their enclosure. We mentioned in yesterday's issue that a cow belonging to Mr. D. Creech was shot and instantly killed by these soldiers, at the very hour of mid-night; a gentleman of those outlaws run, but he could not identify them. We hear of one case, where some of these "braves" passed the residence of a respectable citizen, on Sunday last, when one of them, who had the letter "K." on his hat, indulged in very black language towards a little boy who was playing on the piazza, the mother of the child being seated at the window at the time, when this "brave warrior" called the little fellow a d—— white s——. We have also ourselves witnessed numerous cases of such outrages; and only on last Saturday evening, one of our most respected townsmen was grossly insulted, yea, almost knocked down, in the immediate front of our sanctum, by three negro soldiers, belonging to Co. "D," one or two of whom seemed to rank as corporals. The insult was entirely uncalled for, and shows the more the foul spirit that exists among many of them. The gentleman was endeavoring to give them the side walk as specially as he possibly could, but not getting out of their way fast enough, they nearly run over him, and afterwards abused him, one of the "corporals" taking great delight in calling the unoffending gentleman a d——n rascal, etc. We could mention many other cases of lawlessness, especially towards the colored people of this community; but we think it is sufficient. It is true that this bad behavior seems to exist mostly among the lately arrived companies, and it is the duty of the officers to check such scandalous behavior on the part of some of their men, and they can do it, if they will try. "Let us have PEACE."

Maine.—A correspondent of the New York *Herald*, writing from Maine, draws the following hopeful picture of the situation in that State:

"The Democrats have renewed the canvass with redoubled zeal, hope revives, and the prospects are very flattering for decreasing the Radical majority of eleven thousand of last year, if they do not carry the State by a very narrow majority. They are all hopeful, and the smiling faces of the bronzed masses from the factories, the farms, the ship yards and forests that gather about their speakers cheer them on to nobler effort.

"In my perambulations along the rivers I have observed that upon the prosperity or adversity of the shipbuilders, much depends. In every town where shipbuilding is still carried on and employment given to mechanics, the Radical party still hold the balance of power. This town is in illustration. Here the business of shipbuilding is more prosperous than at any place in the State, and the result is that the Radicals still hold their own. In other towns, where most if not all of the yards are closed, the almost universal feeling is hostility to the Congressional party. Hence you may depend upon it, that from the mechanics especially the Democrats will secure increased majorities."

Radical Ruffianism.—The National *Intelligencer*, referring to the recent horrible threat of the negro Radical Senator, in the Louisiana Legislature, says:

"Let this thing be well pondered in every household in the West and North. Let it be held up to the people as the inevitable and only ultimate result of Radicalism, not only in the South, but elsewhere. Constitutions have long since been openly trodden under foot, and fraud and violence substituted for law and order. There is only one step more to absolute lawlessness and crime and a foetal anarchy, when in revenge for baffled ambitions our splendid cities shall be laid in ashes by the torch of the incendiary, and their inhabitants become the victims of organized bands of pentalined assassins. Already has this been thus publicly threatened by the pampered minions of the Radical leaders. Will not the people of this great country be warned in time? Will they not, ere it be too late, arouse themselves as one man to hurl from power and place those who have engendered such ideas and stimulated such measures, and to sweep from existence the party that is thus madly converting civilization into barbarism, order into anarchy, and peace into the direst of all civil wars?"

Wilkes, from the Wilmington *Star*: That Joe. William, French and others addressed a Radical meeting in Sampson, a few days ago, at which there were assembled one hundred negroes and *one* white man. The *Star* says:

"After the speaking was over, Messrs. Holden, French and others repaired to the hotel to get their dinner, but, on being informed by the landlord that the hospitalities of his house were not dispensed upon that principle of social equality which recognizes "no distinction on account of race, color or previous condition," they concluded not to dine."

The Georgia Radical Electors Coming out for Seymour and Blair.—The *Chronicle and Sentinel* of Tuesday reports a rumor, which it thinks well founded, that A. T. Akerman, one of the Radical candidates for elector for the State at large, will in a few days be out in a card withdrawing his name from the ticket. If so, this will make four of the Radical electoral ticket who refuse to run, and say they will support Seymour and Blair, viz: Akerman, Wilbur, Boyd, and Harden; and yet the Republicans still keep their names up. If elected, under these circumstances, they would, of course, cast their votes for Seymour and Blair. Four out of nine Grant electoral candidates to come out for Seymour in the course of a fortnight after their nomination is pretty significant of the way the Grant and Colfax ticket is running in Georgia. It is running out at both bung hole and spigot.—*Macon Telegraph, Sept. 4th.*

The Augusta (Ga.) *Constitutionalist* states that a radical emissary named Whittemore is attempting the extention of the freedmen in Laurens district, S. C., by leasing lands to them for farming purposes.
