NATIONAL DEMOCRATIC TICKET:

FOR PRESIDENT,

HON. HORATIO SEYMOUR,

OF NEW YORK.

FOR VICE PRESIDENT,

GEN. FRANK P. BLAIR,

OF MISSOURI.

FOR CONGRESS,

HON. SION H. ROGERS, OF WAKE.

ELECTORAL TICKET.

FOR THE STATE AT LARGE.

HON. JAMES W. OSBORNE, OF MECKLENBURG.
JOSEPH J. DAVIS, OF FRANKLIN.

DISTRICTS.

1st—THOMAS J. JARVIS, OF TYRRELL.
2nd—JNO. HUGHES, OF CRAVEN.
3rd—JAS. C. DOBBIN, OF CUMBERLAND.
4th—WHARTON J. GREEN, OF WARREN.
5th—M. S. ROBINS, OF RANDOLPH.
6th—W. M. ROBBINS, OF ROWAN.
7th—L. M. McAFEE, OF CLEAVELAND.

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It palters in no double sense—its language is english and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of re-volution and war, threatening them at the same time with military force; while, in other States of the South, they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members for which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such states, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in asking recognition on terms of equality in that grand confederation of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

REGISTRATION AND VOTING.

1. Remember that between the 15th of October and the day of election, the 3rd of November next, *every* man in North Carolina, who desires to vote in the coming election, *must register*. Former registrations will avail nothing.

2. Registrars have the right to register all qualified voters from the 15th of October to the 3rd of November. All votes can be challenged at the time of registration, but not at the polls, unless they register at the polls. It is important, therefore, that the Democrats and Conservatives should attend closely to the registration, and hold Registrars to their sworn duty, under the penalty of the law.

3. All persons can register and vote, who have the following qualifications. The Registration law says:

"Sec. 6. Every male person born in the United States, and any male person who has been naturalized, twenty-one years old or upwards, who shall have resided in the State twelve months next preceding the election, and thirty days in the county in which he offers to vote, shall be deemed an elector and shall be entitled to registration upon application.

Sec. 7. Except in cases provided for in section eleven, of this act, no person shall be allowed to vote at any election unless his name shall be found upon the registration books of the precinct in which he offers to vote, unless he shall take and subscribe the following oath: "I, ——, do solemnly swear (or affirm) that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of North Carolina not inconsistent therewith; that I have been a resident in the State of North Carolina for twelve months, and in the county of —— for thirty days, and that I have neither registered nor voted during this election in any other precinct." Such persons having taken this oath shall thereupon be registered."

SOUTH ARKANSAS FOR SEYMOUR AND BLAIR.—A letter received by a well-known business firm of Baltimore from Union, Union county, Arkansas, says: "Seymour and Blair, upon a fair election, will get every white vote in South Arkansas, and would get over one-half of the negroes were it not for the carpet-baggers, scallawags, &c., who must them at midnight to tell them that every one who votes will be sent back to slavery for five years."

In Gen. Grant, who fought for a Union of States under the Constitution, the same person who is now an instrument for the subjugation of the same States, and the destruction of the rights of their people!

THE RADICAL ARMY—RADICAL PREPARATIONS FOR WAR!—TREASON!!

We are satisfied that the people of the State are, in a great measure, unadvised of the enormity and alarming character of the army bill, passed by the Radical Legislature, at its late session. Let us see what are its material and important provisions.—It authorizes the Governor, so called, to accept and *organize* six regiments, six thousand men, or as many more as he pleases, (for he may make these regiments more than a thousand men each,) and he may receive and organize three battalions of cavalry and one battalion of artillery. The officers of these troops are to be *appointed* by the Governor, and the *officers* and *troops* are to be under his command and direction, and they are to be furnished with necessary arms. These troops are not *detailed militia*; they are to constitute a *volunteer organization*. Then this same act *appropriates whatever* sum of *money* may be necessary to organize, arm and equip this volunteer *Radical army!* And this Governor may *go out of the State* to get his officers. There was design in this. He could not get a tool of sufficient *ability* here to do his work of murder and death.

Then there is to be another distinct military organization, called the *detailed militia*. Five Justices of the Peace, (these are all Radicals,) may request this Governor to order the Colonel of the county, (this Colonel is this Governor's appointee,) to detail, organize and equip a sufficient force to keep the peace. This is any number this *Radical Colonel* may see fit, not exceeding fifty for each member of the House of Representatives; but this Governor may make the number as large as he pleases. Of course, this Radical Colonel will detail only Radicals to do military duty. This is the avowed policy of the Radical party.—The officers and privates of this organization must be *electors of this State*; the *volunteer troops* may come from Vermont, or anywhere. There was design in this, too! This act provides that the *detailed militia* shall be used only for the purpose of executing the laws and to suppress resistance to the same, but for what purpose are the volunteer troops to be used? We tell the people that this volunteer organization is for the purpose of levying war upon the Constitution of the United States, and the white people of this State and the South, in the contingency that Seymour and Blair are elected. *This is the object and no other.* There could be no other motive, and this act was passed through the Legislature under the whip of the party caucus, and for a *special purpose*. It means WAR, (and this explains the Radical *cry* of War!) and more hands and heads than those of North Carolina Radicals were at the bottom of this infamous and treasonable scheme.

Here is what is meant by the threat of war. There is cause for alarm, not only here, but throughout the country. We call the attention of the authorities at Washington to this treasonable scheme to destroy the Constitution; we call the attention of the people of the North, of North Carolina, and the whole South, to it. There are not only these treasonable provisions in this act, but the Governor is proceeding cautiously to execute its provisions. It means war and treason, and it gives this irresponsible Governor *unlimited* control of the State Treasury, to carry out this diabolical scheme.

There can be no doubt that this act, without a parallel in infamy and treasonable audacity, is in violation of the Constitution and laws of the United States and of the Constitution of this State. Steps ought to be taken at once to arrest this movement, and we trust the authorities at Washington will have an eye to the matter. Let the whole scheme of treason be brought to light. More Radicals than North Carolina Radicals are at the bottom of this scheme, and we intend to bring the whole matter to view. We feel sure that we have the means that will enable us to do so in a short while, and we intend to use them fearlessly and without regard to consequences.

GOV. VANCE.—This gentleman made one of his great speeches in Portsmouth, on Saturday night last, to an immense audience and amid intense enthusiasm. The Norfolk *Journal* says:

"The choir then stated that it was his "great pleasure to present to the meeting ex-Gov. Z B. Vance, North Carolina's most distinguished son, if not her brightest jewel."

Gov. Vance came forward, and although present in response to an entirely unexpected invitation, for a full hour and a half addressed the meeting in one of his remarkable and characteristically powerful and invigorating efforts in behalf of true constitutional liberty and the emancipation of the Southern white man, which, from exordium to peroration, was replete with earnest, convincing argument, and the graceful, persuasive eloquence of a richly stored and elegantly cultivated mind. We never heard anything we listened to with more decided pleasure, and such were the raptures of the entire meeting that when the Governor took his seat the building fairly trembled with repeated cheers for "Vance, and the Old North State!"

On motion, the meeting then adjourned, and the Governor and his friends were escorted to the ferry and wharf by a large delegation of the citizens of Portsmouth, and after "three cheers and a tiger" were given, a parting salute of four guns was fired from the "Chambers Battery."

MORE ABOUT THE SEPTEMBER SESSION.—Gentlemen just returning from the North, who conversed with members of Congress, are of opinion that a quorum of members of the House will be here on Monday next.—Mr. McPherson, clerk of the House, has issued orders to his subordinates here to have the hall of the House in readiness for the reception of a quorum, and to-day the work of laying carpets was commenced.—The doubt now is whether a quorum of Senators can be got together. Thirty-five constitute a quorum, and to secure it every Republican Senator from Maine to Missouri must be on hand. The absence of a quorum in either House will send the session over until December, because it will require the assent of both for a further recess.—*Wash. Letter in Balt. Sun.*

Said a local exhorter, who had the habit of adding "uh" to many of his words: "My dear brethren, listen to the words of an old man-uh, who has one foot in the grave-uh, and the other all hot uh!"

THE "WHISKEY RING," AGAIN.

The farmer does not distill one drop of spirits, no matter if for domestic use, without first paying a *special tax* to the United States government of $400, and then paying 50 cents per gallon for every gallon distilled, after providing an expensive *system*, to determine the quantity of the spirits distilled, and giving heavy bonds. The result of this is, that the common people cannot distill; they are cut off from the privilege of supplying even their domestic wants, because they cannot afford to pay the enormous *special tax of $400*. This operates especially hard and oppressively upon the small farmers in many portions of this State. But the law was *intended* to have this effect; the object was to prevent the poorer classes from distilling and to create a *monopoly*, for the benefit of *wealthy capitalists*, who make distilling spirits a *great business*, from which they realise immense fortunes. The tax of $400 for their *large* business is comparatively to them a trifle, while it *stops* the farmer and man of small means.

Now, whence came this unequal, unjust and oppressive legislation? It was done by a corrupt and corrupting RADICAL CONGRESS, in the interests and for the benefit of that corrupt and powerful organization called the "*Whiskey Ring*." This "Whiskey Ring" is a great power in the government. Men of great wealth are banded together to *buy up* corrupt Congressmen, and control the legislation of Congress for their benefit. This is a notorious fact all over the North. Only see how artfully the matter is arranged. The *special* tax is heavy,—$400; this the small farmer, or man of small means, can't afford to pay, and thus all the small distilleries in the Country are stopped; this gives men of large means the opportunity to do all the distilling. They sell their spirits at their own price, realize immense fortunes, and are able to *buy up* corrupt Congressmen and Revenue officers, and escape the law. It has been estimated that, last year, the government lost several millions of dollars of revenue, justly due from "Whiskey Ring" men. They accomplished this, by corrupting, buying, and evading the Revenue officers.

This oppressive law is the deliberate work of a well-organized corrupt RADICAL power in Congress. Our people have felt the oppression wrought by it most sensibly, especially *the Western people*. The dockets of the United States Courts are crowded with prosecutions for distilling without paying the *special tax*; the *poor people* are persecuted and ruined by fines and costs, while the man of money *buys* his way along to untold wealth. The small distiller is *hunted down* by the Revenue officer, paid for this purpose, while the rich one goes unwhipped of justice. Of all the prosecutions in this State for unlawful distilling, we do not remember a single case where *a man of wealth was prosecuted*! This is a remarkable fact, and goes far to prove the immense power of the "Whiskey Ring." The man of means walks, runs on, to fortune, while the poor one is dragged from Cherokee to Raleigh and ruined, and broken up and imprisoned. The tax on the gallon used to be $2; now, it is 50 cents, but the *special* tax is $400! Can't the plainest man see the motive? Stop the *small distilleries* by a high *special tax*; *encourage* the large ones by reducing the tax on the gallon! How long will the people sustain such a corrupt Radical Congress and party?

This law of Congress is so outrageously oppressive and unequal as between the rich and poor, that we have felt called upon to call public attention to it a second time.—We would not encourage the use of spirits, but we will expose such gross oppression, especially of the people in the humbler walks of life. This is but one of the scores of oppressive measures passed by a Radical Congress. Let the people call the "*stripe-bag*" *members from this State to a strict account!*

RECONSTRUCTION IN HARNETT.

HARNETT C. H., N. C., Sept. 8.

Editors Sentinel:—The Imperial Court of County Commissioners assembled again yesterday,—this time with open doors. They have abandoned their first decision, that all County officers, except those that have had their disabilities removed, were required to take the iron clad oath. Mr. Prosecuting Attorney, James Madison Turner, *alias* Thad. Stevens, Jr., was appointed Chairman,—the man that lives so far from Raleigh and still goes there twice a week to get judicial opinions to suit himself. He has finally got an *ex parte* opinion to suit his mind, from Judge Tourgee, stating that Clerks and Sheriffs are judicial officers, but a majority of the Commissioners contend that Judge Tourgee's opinion is no higher authority than Judge Buxton. But the Prosecuting Attorney and Chairman moved the previous question, and postponed the qualifying the officers two weeks, as he said that would give him time to go to Washington and see Judge Rodman; that Judge Rodman had promised to give him a written opinion to suit his case, and he being one of the Supreme Court Justices, that would be conclusive. I suppose he will have a handsome bill of mileage to be paid by the tax payers of Harnett County.

No person in Harnett blames the Executive for appointing the Commissioners for Harnett County, after being informed by Judge Buxton that the Commissioners elected by the people were banned, but they did not expect him to appoint men that would be partizans in office. They, the Commissioners, contend that Judge Buxton was voted for by the Conservatives, and, therefore, will not give Radical decisions. One of the Radical colored orators has denounced Judge Buxton, in very bitter terms on the stump, since our Court, because his son was convicted of larceny. I know the Conservative party in this county do not claim Judge Buxton as belonging to their party, but they respect him as a Christian gentleman and as a Judge.

Yours, &c., R.

The lamb-like Brownlow, in a recent conversation, said he "was bitterly opposed to rebel enfranchisement, and that the only proper way to treat the hell-deserving rebels"—all white Southerners are called rebels—"was to annihilate them by fire and sword." Is this the peace Gen. Grant is sighing for?

RADICAL THREAT OF WAR.

The Radical Congress have adopted what they and the Radical party call the "*Congressional Reconstruction Policy*." This policy is confessedly without the sanction of the Constitution of the United. The Radicals in Congress and out of Congress admit this. It is, indeed, *at once* with the Constitution, and, if tolerated, establishes a precedent that will certainly destroy free government. If the Radical party may adopt this *party* reconstruction policy, the Democratic, or any other party, may, with the same propriety, adopt *another* reconstruction policy, when such party may come into power, and, by this rule, there would be no end to reconstruction; the Government would just go on from one revolution to another, as often as parties changed. Our Government, instead of being stable and reliable, would become unstable and revolutionary; it would become just in the condition that unhappy Mexico is and has been in for a long time past, and will continue to be in, until some conqueror steps in and establishes his power by irresistible and perpetual force.

There is but one way to reconstruct the Union, so to make that reconstruction *binding*, and that is to reconstruct *under and in pursuance of the Constitution*. The Constitution binds *all parties*, no matter what the name; any other reconstruction is not worth anything; it is worse than futile.—It is the work of death to the Union and the Constitution. It makes the Constitution *subordinate* to a *party*; it establishes *revolution, anarchy and a despotism*.

We tell the people, North and South, and we speak in the light of history, truth and reason, that if this unconstitutional Congressional reconstruction policy, as it is called, is adopted, that the days of free constitutional government are gone, and the reign of revolution, anarchy and despotism is begun, to end only in a vast sea of blood! Mark this prediction!

The Radical party declare for this unconstitutional Reconstruction policy, and that it shall stand in the future, if need be, as in the past, by *force* and the *sword*. They declare that they will not submit to the Constitutional voice of the *American people*; that they will, if need be, make open war on the Constitution, and they are making every necessary preparation to this end.

On the other hand, the Conservative and Democratic party stand by the Constitution and declare that the Union shall be restored *under* and in *pursuance* of the Constitution, and they call upon the American people, of all parties, to aid in doing this. This is surely right. Can any good or patriotic man say this is wrong? Could any other course be right? And yet for this, and for this only, the Radical party say that they will make *war*, if Seymour and Blair are successful! Will they thus dare to make war, not on a *party*, but on the Constitution of the Country? No, not they! The good and patriotic of all lands would cry out against them; the dead heroes of the late war, and the fathers of the Revolution of 1776 would from their graves cry out against them, and God would smite them from the face of the earth! No, no, they won't dare thus to make war; they make this empty, idle threat to frighten the timid and weak, and because they think such a cry will drive a people, lately scourged by a desolating war, from the support of the Constitution and the Union. They make this threat for the lack of merit, and truth and argument to sustain and support a party and policy alike destructive of free government and the happiness of the American people.

We trust that Heaven will destroy the purposes and blast the hopes of the Radical curse and blight that now darkens our land and brings humiliation, distress and desolation to millions of the pure and patriotic people of the Union! Let the cry, from one end of the country to the other, be, *down with the Radical party and Radicalism and stand by the Constitution!!*

For the Sentinel.

A PROMPT DENIAL.

MESSRS. EDITORS:—I learn that it is rumored, by whom I do not know, that I have changed my political position, and have become a Radical. Permit me to put a flat denial upon this. I am a decided Conservative, and stand, where I have always stood, for liberty, justice and right, and for the Constitution, and shall vote for Seymour and Blair in the coming election.

PENDALL BEVERS.

WAKE Co., Sept. 16, 1868.

THE MAINE ELECTION.

The election in Maine yesterday, as was anticipated in these columns, resulted in the success of the Radicals, but by a reduced majority as compared with that of 1866, and even of those of 1864 and 1860. A very heavy vote was polled, each party making gains on the vote of 1866, with the advantage in favor of the Democrats. The following table shows the Radical majority on the vote for Governor and President since 1860 in each year in which representatives in Congress were chosen, at which elections alone a full vote was polled, that of 1863 being omitted, as the parties were not fairly divided, owing to the fact that three candidates for Governor were in the field:

	Rad. maj.	*Dem. gain* as 1868.
1860	27,707	9,061
1864	21,122	3,076
1866	27,690	9,641
1868	18,046	

These figures are in every respect gratifying to the Democracy. The Democrats in Maine have made a splendid fight, and despite the heavy odds against them have succeeded in reducing the Radical majority of 27,000 to a trifle over 18,000. A proportionate gain in the States which hold their elections in October, will give us Pennsylvania, Indiana and Ohio by handsome majorities, and in November will triumphantly elect Seymour and Blair.

All hopes, then, to the sturdy Democrats of the Pine Tree State. They have fought a good fight and have shown what pluck, energy, and persistence can accomplish in the face of apparently insurmountable obstacles. They deserve and will receive the thanks of their fellow-Democrats throughout the entire country.—*N. Y. World, 15th.*
