THE VOTE IN THE APRIL ELECTION.

We publish below, for the sake of reference, the official tabular statement of the vote in the April election in this State.—The 29,774, who did not vote, were men who were registered, and entitled to vote, at the time of the election. In addition to this, it may be safely estimated, that 15,000 men in the State are now enfranchised, who could not vote before.

Valuable Farm for Sale.

I OFFER FOR SALE that well known and desirable Farm, formerly owned by R. W. Edmundson, near Stantonsburg, Wilson County, N. C. It is situated on the County Road leading from Goldsboro' to Tarboro. The Tract contains

435 ACRES,

of which 250 are cleared and in a fine state of cultivation. Plenty of MARL, easy of access. A good variety of Fruits and Vineyards, good Water, a healthy locality and intelligent and refined society. Dwelling House with 8 commodious rooms, nearly new. All outhouses necessary on a farm.

The Farm is adapted to the growth of COTTON, CORN, VEGETABLES, and everything else usually grown in this section. It is located 7 miles from the W. & W. R. R., and is certainly one of the most beautiful situations in Eastern Carolina. I deem further description unnecessary, as no one would purchase without looking for himself. Come and see growing crop, without fail, before it is cropped.

Terms: $7,000 cash, (currency) and 100 bales of Cotton, (420 lbs. per bale,) payable in three annual instalments, with interest computed on Cotton at 15 cts. per lb. I have no hesitation in saying that I believe 100 acres in Cotton will pay the entire Cotton in two years. It is a rare chance for a good investment. Such property is seldom put to market. I am not confined exclusively to the above terms. The intending or Mr. Edmundson will take pleasure in showing the property to those wishing to purchase.

Sept. 16-3m Wilson Co., N. C.

Pay Your City Taxes!

BY AN ORDER of the Board of Commissioners the City Tax Collector was ordered and directed to advertise for all delinquent tax payers to come forward, within the next twenty days, and pay their taxes, and those failing to do so the Collector is directed to advertise their property for sale according to law.

I may be found at Green's Store.

IRON TIES vs. ROPE.
FOR BALING COTTON.

The New Orleans "Annual Statement and Prices Current" of 31st August, 1868, says:

"The marked success of iron ties, for baling Cotton, has so completely superseded the use of bale rope, that the supplies of the latter have been hardly sufficient to constitute a market, the receipts comprising only 3,510 coils against 25,193 last year."

THE
UNIVERSAL
LIFE INSURANCE COMPANY,
NEW YORK.
Office, No. 69, Liberty Street.

Losses paid in 30 days. No restrictions on TRAVEL or RESIDENCE. No extra charge for Permits. No charge for Medical Examination, Policies or stamps.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the Sterling system of Life Insurance, as opposed to the Mutual, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURE, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is PROSPECTIVE, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the 'Universal' the sum of $11,856, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,472.

The difference between these sums ($3,377) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy, in case of the early death of the insured. It is true that if the insured, in an office charging high rates, live long enough, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent. greater, and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty-three and one-third per cent.*, payable in advance, or to a dividend of *forty-five per cent.* payable at the end of five years.

By the *Stock* plan the full cash sum of the premium is immediately secured to the insured, the Company taking all the risks. By the *Mutual* plan, the full value in insurance of the premium paid is not secured to the policy-holder, who takes a portion of the risk himself.

Rates to Secure $1,000 at Death.

All the improved descriptions of Life and Endowment Policies issued on the Stock plan at greatly reduced rates.

Policies issued at rates less than those charged by Mutual Companies, *guaranteeing* the return of all premiums paid in addition to the amount insured.

Policies issued at rates less than those charged by Mutual Companies, *guaranteeing a reduction of fifty per cent.* of the premium at or the third annual payment.
