THE VOTE IN THE ABOLITION
We publish below, for the sake of information, the official statement of the vote in the April election in this State. The 29,774, who did not vote, were men who were registered, and entitled to vote, at the time of the election. In addition to this it may be safely estimated that 28,000 men in the State are now enfranchised, who could not vote before.
