GEORGIA AND ARKANSAS.

The report by General Sibley of the disturbances on the Ogeeche, in Georgia, represents them as contemptible and insignificant. The negroes were anxious to surrender, but were afraid to come in lest they should be attacked. The General only saw three guns and one bayonet on a stick. He saw only fifty negroes, though he says there are warrants for over two hundred. They were very much frightened, and denied that they had resisted the people—which the General thinks is true. This, in connection with the accounts previously received, makes a strange affair. It was a panic on all sides—very little, if true, to the credit of the gallant people of Savannah.

From Arkansas, we are given to understand that the reports previously received are substantially correct. The carpet-bag Governor has organized a black militia and turned them loose at free quarters among the people of the State. We do not understand that the officers of General Grant's staff, who make the report, either censure or commend the conduct of the Governor. Some portions of the report look like disapprobation and some like approval.

This is one mode, certainly, and a pretty effective one, of rendering the pestilent (so called) doctrine of State Rights beloved!—We suppose the good people of Arkansas, who are plundered by negro militia in the name and on behalf of the sovereign State of Arkansas, will never be able to express all the feelings of gratitude, love and devotion which they entertain for their sovereign State!

It is said that this is the Radical programme for all the Southern States. A bill has already passed both Houses of Congress authorizing the other reconstructed States to organize similar bands of brigands—2,000 in each Congressional District—with Government arms. The prospect is refreshing! Virginia, Mississippi and Texas, not being yet reconstructed, are spared a little longer.

If *Empire* be the object of the military programme, and continued disturbances in the South be deemed essential to the success of the scheme, we can assure them that so far as the people of the South are concerned, they need no such lessons. They are fully educated up to the highest point of Imperialism. Anything to restore the peace and prosperity of the country and deliver us from a mob of tyrants! But if it be thought necessary to keep the South plundered, agitated and convulsed, by way of pretext for increasing the standing army to overawe the North—not yet ready for Empire—we think this, too, is a miscalculation. There will be no resistance there. An Imperial *Plebiscitum* would be voted to-morrow by acclamation.

We often wondered in our school boy days how the people of Greece and Rome could be such fools as to surrender their liberties. We wonder no more! A minority of a population may render free government difficult, if not impracticable; but when the majority become corrupt and dishonest, by the testimony of Dr. Franklin and of universal history, they become unfit for, and incapable of, any but a despotism. —*Rich. Whig.*

PEACE AND GOOD WILL.—Nothing can be more marked than the general wish expressed on the part of all prominent Democrats in office to give the incoming President a fair trial. Southern people who greatly preferred Gov. Seymour for President, hope for the best, and manifest a desire to judge of the future by its fruits. The language of Gov. Hoffman upon federal politics and upon Gen. Grant, was in the best taste and in the truest spirit of patriotism, and all the more as it came from the Governor of a State not only with the largest population in the Union, but, in spite of Gen. Grant's popularity, and in the face of money, prejudice, and passion, which cast her Electoral vote against the successful candidate for the Presidency. New York State votes the Democratic ticket, but New York Democrats know how to be just and trusting towards a distinguished opponent elected to the highest office in the gift of the people.

The people of Kentucky gave a majority for Gov. Seymour several times as large as that in this State, but her Democratic Governor, in his inaugural, says, in a spirit of peace and good will, that—

"Although the electoral vote of Kentucky was not cast at that election for the President elect, yet I am quite sure I faithfully reflect the voice of her people in saying they look to him now, not as the President of a party, but as the President of the entire country, and as such they will all unite as with one heart and one mind, irrespective of the past, in yielding a cordial support to all his official acts and measures, having for their object the supremacy of the Constitution of the United States, the restitution and perpetuity of the American Union, the support of the State governments in all their rights, as the most competent administration for our domestic concerns and the surest bulwarks against anti-republican tendencies; economy and rigid accountability of all officials in administration of the government."

Gen. Grant's antecedents were all upon the side of the principles herein set forth, and we shall rejoice to see him the defender of measures upon which depend the best interests of the whole American people.—*New York Express.*

A TINKER IN THE SENATE.—What can be expected to come of a tinkered State but tinkering Senators? There is one Spencer swimming to be a "Senator from Alabama," who yesterday got up in the Senate gravely and offered a bill *"to regulate the price and encourage the production of cotton in the United States!"* We should be enchanted to see the machinery by which this enlightened Spencer proposes to "to regulate the price of cotton" in the United States. Why not a bill to "regulate the price" of boots and shoes, or starch, or carpet-bags, or turnips, or Radical members of Congress?

As for "encouraging the production" of cotton, that is an easy thing to be done.—But as it can only be done effectually by sending the Spencers and such as the Spencers home from Alabama to mind their own business (if they can find any business to mind) in the States of which they are citizens, we fear that it will be a long time yet before we shall see the "production of cotton encouraged" in Alabama or elsewhere. Letting well enough alone is often found to be hard. But these Insane Radicals can't even "let ill enough alone."—*N. Y. World.*

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUTE, ... President.
ABRAM D. POLHEMUS ..... Vice President.
WILLIAM M. COLE ..... Secretary.
D. P. FACKLER ..... Consulting Actuary.
DANIEL AYRES, M. D., LL.D. Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States; are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash—Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. St JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am't Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

PURELY A SOUTHERN INSTITUTION.

PRINCIPAL OFFICES:

Atlanta, Georgia; Memphis, Tennessee; Louisville, Kentucky.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $230,942.06.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantages of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home in good and reliable securities, thereby tending to make money more plenty in our midst, and to aid in developing the resources of our section and to stop the annual drain of over six Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and Stockholders.

In its organization are presented men of experience in Life Insurance and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

RAILROADS.

TO SHIPPERS.

NORTH CAROLINA

ALL STATE

RAILWAY LINES, (THAT USED TO BE!)

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD. UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *first* through Line Route to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the ten Thousand shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come about $70,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.
