THANKFUL FOR SMALL FAVORS.

A lamb was in the habit of drinking out of a beautiful, crystal stream that run through the meadow where he was kept. An envious wolf, observing his delight, when he repaired, in the heat of the day, to the cooling water, ordered him never to drink there again, and the lamb was compelled to slake his thirst at a puddle that lay adjacent. But this foul and dirty pool was frequented by a lot of unfriendly hogs, who would not permit the lamb to drink with any content or satisfaction even there. So the lamb paid a visit to the wolf, and represented the difficulty of his position.—The wolf seemed for a wonder to be touched, but chided the lamb for having so often muddied the brook where he, the wolf, got his draughts of water, and told him, if he would resume his wonted sportiveness, and put on again his whilom cheerful countenance, he would see that he drank without molestation from the puddle. The lamb threw up his tail, and became as playful as a kitten, caressed the wolf—and said, "as an offering on the altar of peace, and in the hope that union and harmony might be restored between them on the basis of a universal right to the puddle and universal good feeling throughout the meadow," he would, under all the circumstances, accept the use of the puddle in a cheerful, contented spirit—and never wet his lips in the beautiful stream again. And the wolf kissed the lamb, and gave him a note to carry to the hogs, saying—"*Let us have Peace*—and try and enjoy our puddle like christians."—*Examiner.*

BARBARISM EXPOSED AND REBUKED.—The hardships and cruelties specially incident to the enforcement of the law for imprisonment for debt are unknown to thousands who have not been unfortunate enough to fall within the grasp of that law. Yet its operations are sufficiently extended to impose suffering and misery upon many families.

"Man's inhumanity to man
Makes countless thousands mourn."

The law of imprisonment for debt is comprehensive in the torture it produces, and it is, in the cases of a majority of the people upon whom it is inflicted, a law offering but little hope of escape. It is so completely surrounded by traps and meshes, into which the innocent victim is constantly falling, that years of incarceration are frequently the penalty of no crime whatever—not even a crime of intent, let alone of commission. An article in the *Express* a few days since, denouncing this relic of barbarism, ignorance, and malevolence, and giving one history illustrating its evil, its injustice, and its inefficiency in producing a good result for any body, has excited considerable attention, and brought to our table a large number of communications, some few of which we have contrived to find room for elsewhere. It will be very gratifying if we shall in any way contribute to the repeal of that which forms the basis of these complaints, and which disgraces the statutes, the age in which we live, and is a mockery of christianity and christian principles.—*N. Y. Express.*

FIGHTING EXTRAORDINARY.—*North vs. South.* There was a fight between Northern and Southern fowls at New York on Monday. Twelve battles were fought, $200 each and $2,000 the main. The Northern cocks were victorious, winning eight fights out of the twelve. A New York paper says the contest was almost unequalled in the Northern States. The first six fights constituted the main, and the last was considered an outside one. A New York paper describing the scene and those present, says:

"It was a peculiar crowd, and one worthy of study. Imagine bankers, whose notes are worth thousands; drovers, whose cash in bank would excite the envy of millions; farmers, whose broad acres are not easily counted by scores; horsemen, racers and trotters in their trial of speed have been heralded the world over; hotel keepers, whose reputation for geniality and liberality cannot be excelled by any host in the land; blacksmiths, tanners, weavers, men of no work, and men of all work, and then we obtain a fair glimpse of those that mingled fraternally and joyously around the circle. The birds were of many different colors and strains. Those from the South, the word went forth, were of the 'Stone Fence' strain, but when it is mentioned that these gentlemen brought eighty birds with them, it must be recognized that they showed a decided mixture of blood. Those of the North were mostly of the grand old Long Island breed, who have fought and won many a main, and whose gameness has been the crowning cry of bird-raisers in this section for many years. The birds fought each other by pairs until one was killed in each instance, the survivor being hailed with cheers as the victor."

ARREST.—J. M. Walker, formerly tobacconist, merchant, &c., at Danville, was arrested in New York or Canada, and brought to Danville Tuesday night last. He is charged, as we learn, with hiring Joe Motley, negro, to burn certain insured property of his (Walker's) own, and drawing the insurance money. Mr. Walker had a factory, distillery, mill, &c., &c., burnt by incendiarism, all of which were insured. Joe, it seems, alleges that he was the incendiary, and that he was hired by Walker to apply the torch. This may all be so—but we protest that we could not believe Joe Motley on oath. A person who can be hired to play the incendiary, will swear to a lie for a drink of liquor. Walker may be guilty, but we could not convict him on Joe's testimony, unsupported by other evidence!—A villain who will act the incendiary, will swear to anything for five cents; but in this case there may be corroborative evidence—we do not know. We do know, however, that we came near breaking our neck jumping out of bed and running to some of these fires, to see if we could help to put them out, and if Joe Motley applied the torch, he deserves burning at the stake.—Them's our sentiments.—*Milton Chronicle.*

The New York *Herald* goes in for hanging because the person hanged, if the operation be successfully performed, experiences only three seconds of *ante mortem* horror—if bunglingly executed, three minutes of not very painful uneasiness, accompanying the fatal congestion of the brain—at the most, a few minutes and then seconds of misery. How does the *Herald* now know? Has he ever been hung? Or does he anticipate hanging that he tries thus to mitigate its terrors?

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

The Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lawn to the ned-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric thoroughly loosening and eradicating the dirt with no labor or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terrible and dread o housecares. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothing.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

All orders must be addressed to

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... *President.*
ABRAM D. POLHEMUS ..... *Vice President.*
WILLIAM M. COLE ..... *Secretary.*
D. P. FACKLER ..... *Consulting Actuary*
DANIEL AYRES, M. D. LL.D. *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guarantees a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A LOAN of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

ÆTNA

LIFE INSURANCE COMPANY.

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. ST JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am't insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal to permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries'" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

SOUTHERN LIFE INSURANCE COMPANY.

PURELY A SOUTHERN INSTITUTION.

PRINCIPAL OFFICES:
Atlanta, Georgia; Memphis, Tennessee; Louisville, Kentucky.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $130,942.66.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantage of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home in good and reliable securities, thereby tending to make money more plenty in our midst, and to aid in stopping the exportation of our specie, and to stop the annual drain of over six Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and Stockholders.

In its organization are presented men of experience in Life Insurance and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD. UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great Through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the 10s Thousand shippers in North and South Carolina will testify. We paid the State over Seven Hundred Thousand Dollars for her interest in this Road, thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.
