JOSIAH TURNER, Jr., EDITOR.

PORTRAITS OF CARPET-BAG CONGRESSMEN.

The well-known former correspondent of the Cincinnati *Commercial*, ("Mack,") now one of the editors of the Cincinnati *Enquirer*, seems to have studied the variety of the genus *homo*, known as carpet baggers, to some purpose. In a letter from Washington of the 8th ultimo he says:

It would be safe to wager a thousand dollars that if hell were dosed with tartar emetic, the last dregs of the last resulting vomit would be ten or a dozen of the style of men who have come here under the Congressional policy of reconstruction to represent the Southern States. They have already manifested all the attributes of interlopers and "dead beats," and have carried their effrontery to such an extent as to disgust even the most loyal of their Northern Republican colleagues.

It is related that when Abbe Sieyes objected to the confiscation of church property which was proposed in one of the debates in the revolutionary assembly of France, Mirabeau turned to him and said, 'My dear Abbe, you have loosed the bull. Do you think he will not use his horns?' The logic was unanswerable. And so with Congress and the carpet baggers. They have not only loosed but created a set of the vilest wretches that God in his wisdom tolerates to live, or man in his folly hesitates to hang; and when they look for anything but what they now complain of, they only repeat the mistake of which Mirabeau reminded his colleagues.

THE LIVES OF THE CARPET-BAGGERS—A FORTHCOMING WORK BY DR. ATKINSON, OF DANVILLE.

DANVILLE, February 1st, 1869.

I purpose to publish, as soon as the necessary information shall be procured, to enable me do full justice to the enterprising adventurers who have come "down South" in search of "an opening" to acquire *place* and *pelf*, a volume, in which shall be given the origin and progress of "*The Carpet-baggers*," *the crimes* which they committed "*more to lum*," *the punishment* to which they were subjected therefor, *the tricks* to which they have resorted to effect their purposes, since they have been amongst us, and every incident in their lives which may serve to show them in their true character. I shall

"Nothing extenuate,
Nor set down aught in malice,"

but I shall endeavor to subject them to the greatest imaginable humiliation, by doing them full and impartial *justice*, showing that as the patriotic immigrants to *Botany Bay*, "they left their country for their country's good."

Particular attention shall be given to those of this pestilence race who have succeded in reaching the high and honorable position of a member of Congress, of either of our State Conventions or Legislatures, of Governor, Judge, Commonwealth's Attorney, Mayor, Clerk of a court, &c.

I earnestly solicit the aid of the public, in this labor of *love and duty*; and I respectfully request that all persons who possess the desired information will do me the favor to communicate it to me by mail, directed to Danville, Virginia.

Editors throughout the country who may be disposed to favor this enterprise of a former member of their corps, will oblige me by inserting this notice in their respective journals and calling the public attention to it. THOMAS P. ATKINSON.

A BISHOP MISTAKEN FOR A KUKLUX.—The southern negroes, in their horror of Kukiux mysteries, are particularly fearful of graveyards. They have always been superstitious in this regard, but now they will not go within a mile of a cemetery. An amusing story is told about Bishop Beckwith, of Georgia, who had occasion some time ago to visit a remote portion of his diocese.

There were not many Episcopalians in that region of Georgia; but few of the whites had ever seen a successor of the Apostles, and the negroes did not know what sort of a creature a bishop was. It soon became noised about that on a certain evening the Bishop would arrive, and hold services in a church of a certain village of the above district, and the whole neighborhood was filled with curiosity to go and see the queer animal that read prayers out of a book. The negroes were especially excited, and they determined to attend the church en masse. The house of worship was not an Episcopal church; consequently it had no vestry room in which the bishop could put on his vestments. This difficulty was, however, remedied by some one's suggesting that the bishop should robe himself behind the church and come round and enter at the front door. So he sent a friend with his surplice, who placed it behind a tomb stone, where it would be at hand when he should require it. Long before the time designated for the opening services the little church had become filled with the whites of the vicinity, and the negroes, finding that there was no room for them inside stood packed before the door. The bishop at the appointed time entered the graveyard by the back gate, went up to the tombstone, and donned his episcopal vestures. The wind was blowing rather fresh, and just as he turned the corner of the church a flaw spread out his white robes. A negro immediately bawled out, "Kuklux! Kuklux!" They all looked around and beheld the flaunting white garments approaching; the whole crowd took to their heels, shrieking 'Kuklux!' In ten seconds not a single darkey could be seen, but the sound of their footsteps in the distance fell upon the ear, and for half an hour afterwards could be heard the terrible words, "Kuklux!" "Kuklux!" far off in the country, as the affrighted crowd were making for their homes.

THREE CHILDREN BURNED TO DEATH.—Between 1 and 2 o'clock this morning a fire occurred in the three story frame building corner of north Third and Fourth streets, Williamsburg. The first floor was occupied as a grocery by J. G. Eden, and the upper stories by a number of families. The occupants were all in bed at the time, and being awakened by the smoke and crackling of the flames, rushed about in the wildest confusion to find a way of escape. The stairs were on fire, and all means of egress appeared to be shut off. The police and firemen placed ladders at the windows, and did everything possible to rescue the unfortunate occupants, in which they succeeded to a certain extent.

Mothers and fathers collected in the street, all in their night clothes, and gathered their children around them. The scene was most distressing. The third floor front was occupied by Frederick Thorn, whose family consisted of his wife and five children. Mr. and Mrs. Thorn, with two children, escaped from the burning building, and supposing the others had been saved by the firemen, searched through the crowd to find them. After vainly looking around, they ascertained, to their horror, that the three children had been left to perish in the flames. One, a girl, was two years of age; the other, a boy, four years old; and the third, a girl, six years of age. Their charred remains were subsequently recovered. The grief stricken parents were almost distracted on account of the terrible calamity which had befallen them.—*New York Commercial, Thursday.*

LIFE INSURANCE.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,951
Am'nt Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of the policy—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

MISCELLANEOUS
NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The boiling and steam, by the action of heat, are thrown up through water poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all spots from the same cause as the natural heart. For transmits it is invaluable, as it does not fail them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling water are forced through the fabric thoroughly loosening and cleansing from dirt, even the finest or coarsest. A thorough rinsing cleanses the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval &c.

No invention has met with such ready sale and given such satisfaction. Call at LAUCKS & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
