POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only company in the country which guarantees a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is added to every Policy issued, should any Policyholder become unable to pay his premiums, he can then know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainty is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN LIFE, which thoroughly justify the determination of the officers to make it the more liberal Life Insurance Company in the United States are:

1. The liberal character of all its restrictions on the insured.

2. The assurance of a definite surrender-value to every Policy on which two or more annual premiums have been paid.

3. The addition of one-third of the Premium in the Policyholder's annuity.

4. All Policies are non-forfeitable after two full annual premiums have been paid.

5. All Policies are consistent with financial soundness, and (unlike those of almost all Companies which accommodate their insured with loans.)

6. Dividends annually (after second year) to each. Dividends are divided on the Company's surplus (the only method of dividing the surplus of a Life Insurance Company) and are paid to the Policyholder.

7. The Company's surplus is first invested by Mr. D. F. FAULKNER, now Attorney of this Company and has been adopted by most of the best managed Life Companies in this country.

8. The BROOKLYN LIFE has paid and now pays to the Policyholders LABORER DIVIDENDS that are not given by any other Life Insurance Company.

9. The Company's surplus is first invested by Mr. D. F. FAULKNER, now Attorney of this Company and has been adopted by most of the best managed Life Companies in this country.
