CONFEDERATE CEMETERY

Editor Sentinel:—We noticed in your local column of Monday, March 28th, an article in regard to our Cemetery, in which you speak of the advantage that would be derived from having the graves marked by stones, instead of the present wooden crosses.

We like your suggestion, but a few words in reply and explanation. The present head-boards are of the best heart-pine, heavily painted, were put down at considerable expense, and will last at least five years longer, so it would be going to an unnecessary expense to make the change now.

Having accomplished so much, the ladies are anxious to commence the monument, in accordance with their original intention. It can only be built section by section, as the fund on hand is entirely too small to complete the whole.

For this purpose, the ladies, the members of the Association, do not contribute from any and all sources. We have here, perhaps, a larger number of Confederate soldiers buried, than in any other place in the State. Raleigh is a central point, and it should be a matter of pride, to all true North Carolinians, in every part of the State, to have erected to the memory of those brave dead, a monument, adequate to their valor, proportionate to their sacrifice.

Poverty is the universal excuse rendered for not contributing to such objects, but we are not too poor to spend money on monuments, and it has been estimated that from the city alone, two thousand dollars has been contributed, as well as traveling exhibitions, within the last six months.

Then, in behalf of the ladies of the Memorial Association, we would appeal to the living soldiers that remain, to their friends, and to all who still cherish in their hearts, a love for the glorious dead, to aid in perpetuating for posterity a fitting monument to their fame.

Mr. Editor:—In the Standard of the 26th inst., I find myself the subject of some funny and ridiculous remarks, such as "Sheffield England, Monkey Wrench, Guardian Angel of Joe Turner, &c. &c."

I called on Mr. Neathery, Editor of the Standard, and requested him to publish a few lines, explaining my position and the part I took in the affair, and my reasons for so doing, which he promised me he would do, but he has failed to do so and you confer a favor, if you will insert in your paper and oblige yours,

SAM'L MERRILL

RALEIGH, March 27, 1899

Memor. Editor:—In your paper of the 26th I find myself classified as "the man with the monkey-wrench." You will please allow me through your columns to explain the part I took in the matter and my reasons for so doing. In the first place, I heard Mr. Holden say that he would see Mr. Turner in the evening. After dinner, I heard in the hotel that he would meet him at the cars, and with the instinct of my countrymen, generally, who like to see a good fight, I went to the cars.

Mr. Holden was making my way down the street, and I saw a man waiting to meet Mr. Turner. I then determined to notify him of the danger. Although my acquaintance with Mr. Turner is neither so long nor so familiar as with Mr. Neathery, of the Standard, (and it is very limited in both cases) I felt only a natural desire to do my duty to my country, and my duty to the laws of the land and the laws of God, and if I have been the means of saving one man from being cruelly beaten, and perhaps killed, I shall think I have done one of the duties of "the man with the monkey-wrench."

RAILROAD MEETING IN SALISBURY

A meeting called by the town Council, and attended by many of the leading citizens of Salisbury, was held in the Court House, on Monday, March 27th, for the purpose of taking steps to co-operate in the construction of the Western Railroad and securing the location of said Road so as to make Salisbury the point where it shall strike the N. C. Railroad.

Wm. M. Robbins, Senator from Rowan and Davie, was elected Chairman of the meeting. Col. G. B. Moring, Secretary.

The Chairman explained the object of the meeting, setting forth the prospects of their accomplishment and the great advantages to accrue therefrom.

On motion of the Mayor, T. B. Long, a committee of five was appointed to draw up resolutions and a Chairman of the meeting. The Committee consisted of: T. B. Long, John I. Shaver, Moses A. Smith, Andrew Murphy and Joseph W. Hall, who reported the following:

Resolved: A meeting of the Directors of the Western Railroad to be held at Fayetteville, on Monday, March 28th, for the purpose of taking steps to co-operate in the construction of the Western Railroad and securing the location of said Road so as to make Salisbury the point where it shall strike the N. C. Railroad.

Resolved: That such a location will contribute to the greatest good of the greatest number of the people of North Carolina; it will open up a vast and fertile region, and pour its wealth into the lap of our sister city of Fayetteville, and will greatly tend to develop the noble and too much neglected sea-port of Wilmington.

Resolved: That our people are ready to do their part in the construction of this great and important Road, if it be located to this point.

The resolutions were unanimously adopted, and the following delegation was appointed, viz: Dr. J. W. Hall, Col. John I. Shaver, Andrew Murphy, Mayor Long, Thos. B. Brown, Wm. M. Robbins, J. S. McClellan, Moses Holmes, Col. J. M. McClellan, Luke Blackmer, E. G. D. Davis, Capt. W. H. Crawford, Rev. J. B. Thilling, Hon. Horace Craig, Dr. J. J. Sumner.

On motion of Col. Shaver, the Chairman and Secretary were added to the delegation. The meeting then took certain steps towards providing means to defray the expenses of said delegates to Fayetteville.

On motion of Major Long the proceedings of this meeting were ordered to be published in our town paper, and also in the papers of Raleigh and Fayetteville, after which the meeting adjourned.

CHAPEL HILL, March 30, 1899.

Editor Sentinel:—About as interesting a question as any now before the Legislature is this: Shall \$12,000 be appropriated to University expenses or not? It is hard to look at it coolly and dispassionately, so to speak, but we will begin to look at it, on the present Faculty have no business there; they are not at all the right men in the right place, and if there had been any common sense or ordinary good judgment exercised in the selection of President and Professors, the University would command respect and patronage, and would not hang a dead weight to be supported by the State, etc., etc.

However, there is just praying for now. Here they are, and something ought to be done for them. President Pool's seat is pretty comfortably feathered in the Revenue Department. He is a very good man, but the present Faculty have no business there; they are not at all the right men in the right place, and if there had been any common sense or ordinary good judgment exercised in the selection of President and Professors, the University would command respect and patronage, and would not hang a dead weight to be supported by the State, etc., etc.
