LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.

A. WILBUR, Manager.
R. D. ARNOLD, Consulting Physician.

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$75,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premiums to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get the surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And in THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and safe, as any Company in America.

LIFE INSURANCE.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over $10,000.00
Annual Income, 6,000,000
Surplus, above Liabilities, 2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policy becomes self-sustaining much sooner than in other companies, and in case of inability to continue payments, gives a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid as cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the Ætna:

"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is also unprecedented in the annals of commercial enterprise in this country."
