VOL. IV. RALEIGH, N. C., FRIDAY EVENING, JUNE 25, 1869. NO. 268

The Daily Sentinel.

JOSIAH TURNER, Jr., EDITOR.

We publish, by request, the following communications to the Fayetteville *Eagle*, in answer to the published opinions of the State Treasurer on the Revenue law:

For the Eagle.

NEAR FAYETTEVILLE, N. C., May 31, '69.

EDITOR OF THE EAGLE:—I trust you will pardon me for asking a space in your columns, as this is the first time in my life that I ever tried to write for a newspaper.

I wish to examine the Treasurer's letter to me in your last issue, and trust I am not moved by wrong motives to oppose his views.

I have been for many years a law-abiding citizen, never had a law-suit in all my life, and have always submitted to "the powers that be," but in this case I consider it so plain a misconstruction of the Constitution and revenue law, that I feel it my duty to express my opinions. In my letter of the 5th inst., to the Public Treasurer, I complained of his instructions to the assessors. He tells them that the products of the farm on hand the 1st of April, are subject to taxation. I mentioned section 12, paragraph 5, showing that a person might rent his farm and the income be exempt from taxation; and sec. 12 par. 8, where income from property taxed is exempt.

I contend that there should be no difference between a large farmer who sold before the 1st of April, and one who sold after; and that the products of the farm are as much income, as when they are converted into money.

Mr. Jenkins says that par. 8, means annual income is *money*, not property at all. Now let us see what the Constitution says!—While there are are many things objectionable in that instrument, I remember some that are very good. In Article 5, section 3, there is a provision that no *income* shall be taxed when the *property from which it is derived* is taxed. Now, I must think the products of the farm are the farmers' income.

Mr. Jenkins says, "income means money, not corn, &c., &c." As I am not much of a scholar, I concluded to consult Webster's dictionary as to the meaning of income. It says, that it is "gain which proceeds from labor, business, property of any kind; the produce of a farm; &c."

I adhere to this definition of income, and entrench myself behind the Constitution; and give in my tax list accordingly. I advise all others who cultivate the soil to do the same.

When the courts decide to throw away that venerable expounder of our language, and take the Treasurer's definition of income; then we will have to make a new dictionary, and old, as well as young, will have to start to school again.

Mr. Jenkins says the tax will not be enough to hurt any person. I judge he will be able to say so this time next year, if these special taxes are not funded.

DAVID MURPHY.

For the Eagle.

NEAR FAYETTEVILLE, N. C.,
June 7, 1869.

Mr. Editor:—In my communication in your last week's issue, I hope I satisfied every candid mind that the produce of the farm *is the farmers' income*, and exempt from taxation under the Constitution.

Suppose we take the Treasurer's view of the subject. Those who cultivate the soil have only two hundred dollars worth of household goods exempt from taxation; while all other occupations and professions, in addition to this, have five hundred dollars of income, and family expenses not exceeding one thousand dollars, free from taxation.

Can it be possible that the framers of the Constitution intended to put more on those who cultivate the soil for a living than upon others? It can not be so! Just think of it! The farmer has to pay a tax on his land, team, and the provisions for man and beast before he can begin to work. It seems reasonable that the farmer should have something free from taxation, on which to feed his family and carry on his business, as well as other men.

I have been farming the most of my life, and I know, as a general thing, the profits are small on this thin soil: this, with the deranged system of labor since the war, has driven many from the business. If our burdens are increased others will leave.

A good portion of many plantations is abandoned, and we require a large quantity of grain and provisions from other States. It is enough to make any North Carolinian ashamed to see how much we do require from other States to supply our necessities.

I am satisfied that farmers want no more than others. I am equally sure *they will have nothing less.*

Yours Respectfully,
DAVID MURPHY.

A young Shaver, in a Connecticut community, lately made a velocipede. The Elder beheld the machine, and exclaimed, "A Shaker on a velocipede can ride only in one direction—straight to the devil;" and smashed it with an ax. The young Shaker objected to this and left the community—other young disciples, not well grounded in the faith, joining in the indignation and revolt.

Parson Brownlow declares that there are enough babies named after Burnside in Tennessee to drive Sprague out of the State, should he come down there abusing the General; and Sprague rejoins that so many of the population bearing Burnside's name is a stronger rebuke on his conduct in Tennessee than anything he could say.

General A. J. Hamilton has commenced stumping for Governor in Texas. The Conservatives will probably support him. The leading Radical paper in Galveston, *Field's Bulletin*, has declared definitely for him.

THE BOY'S REASON.—"Why don't you father take a newspaper?" said a man to a little boy whom he caught pilfering his paper from his doorsteps. "Cos he sends me to take it," answered the urchin.

A serious riot took place recently at Laibach, between a procession of gymnasts and the peasantry. Several persons were killed and wounded before the military could restore tranquility.

Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.
Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.
THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. Cantua, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.
As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

ROBERT SOUTTER, OF GRANVILLE COUNTY, realizing the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of supplying themselves at an early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers for what they may require to plant next Fall, of the 1869 "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oak and Farm" near Townesville, in this County.
This Wheat was planted last Fall, with Guano, of seed selected in Baltimore with great care by my predecessor, Mr. Chas. H. E. Taylor, who paid $1,25 for it there. It has had the advantage of a heavy top-dressing in Spring of Chicago bone Fertiliser, and is now very promising.
Like the good Sorghum Seed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.
Address me at Kittrell's Springs, or Mr. Thos. W. Taylor, at Oakland Farm.
