PURTUER DEVELOPMENTS OF THE TURNER FORGERY CASE.

Swayze Implicated and Suspected of Other Offences Against the Laws. The Reason Why Turner was Discharged. The Dismissal of Officer McNeil

Macon, Ga., August 2, 1869. I promised you in my letter of the 27th uit, that I would let your readers into a little more of the secret history of the Turner affair, and explain why it was that the street and examination was so long and so into early defensed.

improperly delayed.
It will be recollected that when the woman Harris was recalled to Atlanta while in charge of Leutenant Purcell, of your police, on her way to Augusta for examination she made a full and expired contession, in which she most positively and tacquivocaly implicated Turner as the party from whom she obtained the forged bith of the First National Bank of New Jersey.—
The reason of this recall of Marian Harris to Atlanta for examination there, has never been accounted for. I think that I can ex-

plain it fully.
On the Friday afternoon that Lieut.
Purcell left Atlanta with Harris it became Purcell left Atlanta with Harris it became known to a few persons in the ring that she had or wentle complicate Turner, on her examination in Augusta. Bullock and other triends of Turner determined to get Harris out of Purcell's possession for the purpose of influencing her to keep silent as to Turner. This could be best accomplished by having her brought back to Atlanta. Able counsel were employed and some manufactures of United States officials practical and the result was an order by telegraph from the Acting U. S. Marshal directed to Purcell at Union Point, of the Gorgia Raliroad, directing him to return to the abscording express agent. He &x. o'click Friday night Purcell found the telegram there, ordering him to return. This he did. On the same night notice was given by telegraph to Turner, theu in Macon, to go immediately to Atlanta and nee the woman Harria. To deceive Purcell, Tim Surphy and others, who were really anxious to have justice done and the woman and Turner committed, they were informed that Tirner had been rested, and that he and the woman Harris would be examined and committed on Monday.

In the meantime, other United Stafes officials were placed. Georgia Raliread, directing him to return immediately with his prisoner to Atlanta. When the train resched Union Point at 12 o'cleck Friday night Purcell found the tel-

and committed on Monday.

In the meantime, other United Stales officials were placed in charge of Harris and the process of manipulation began.—
Sharp lawyers were taken to her in the interests of Turner, and free and full communication was allowed between them and Harris. What was said and done at these repeated interviews and consultations, can be readily divined by the results which fol-

Such a catastrophe would run the party in the entire South and bring it into disprace in the North and West, Hance it was determined to relieve Thiner and stop the investigation against Swapze. To more surely collect the latter purpose the electrical McNeil who was working up the case was enumerity disminsed from office. And it is said and generally believed here that if Commissioner Morrell hair withstood the pressure brought to lear in Turner's favor for trial be, boo, would have lest his place.

(From the Dubuque (Lura) Heralt, July 21 ) SINGULAR CASE OF MISTAKEN IDENTITY- WAKING UP THE WRONG PASSENGER FOR A DE-FAULTING EXPRESS AGENT.

PAULTING EXPRESS AGENT.

On Tuesday we gave in brief the par leulars of the robbers of the Merchants' Express Company of \$10,000 at Pacific City,
in Mills county, this State, by an abacon
ding agent. It appears that the acent alssconded with the package on Priday, the
16th inst. An effort was made to trace

his traif had been found. A man answering the description of the agent, if. Brayton, had taken the train on Saturday or
Sunday for the East. Desfatches were sent ton, had taken the train on Saturday or Sunday for the East. Despatches were sent along the line of the road, but too late at Cedar Rappds, where the supposed fugicive was remembered as having left the North-wastern road on Monday morning, and it was supposed had, taken the cars on the Southwestern road for Dubuque, thence to press Warenesia.

The fact was disputched to Council Binffs. and thence the dispatch was cont which was placed in Marshal Hardy's hands here a few moments before the arrival of the arrival of the train Monday af ernoon.—

leasing the person whom he had so particularly been instructed to arrest.

The gentlemon, who gave his name as Irving Gray readily assented to thus, expressing this confidence in his ability to convince the express authorities that a mistake had been made. Mr. Gray therefore accompanied the Marshal to the express office, but his remarkable resomblance to the abscoading agent caused the gentlemen of the office to demand his detention until the following day, when the superintendent of the division in which Pacific City is located would arrive and definitely settle the question of identity. Mr. Gray was actionally bound over in the sum of \$20,000 until Tuesday. Not having a habit of exerying that sum in his picket when travelling, and being a stranger in the city, he was compelled to accept the hospitalities of fiberiff Bucknam. It should be remark ed, however, that the police officers were already convinced that Mr. Irving Gray was not the fugitive H. Brayton.

On Thursday the express superintendent arrived, bearing with him a photograph of Brayton. It was a very likeness of Mr. Grey, with some chance of whithers and

The arrest and examination of Harris brought other parties on the scene. An official of the Treasury Department was closely watching the proceedings, and be came tully satisfied that both Harris and Turoer were legally guitty, and at his instance Harris was again arrested and committed. He had made other discoveries which were important, and which required his presence for some days, in Mason.
