SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcular Saw Mills in workman-like manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the back cut and for world motion to the carriage, with a single lever; and as the log is both cut at the same time, this is a saving of one-half to the mill. This is no humbug. I can respond to this for what I say. Mr. Tomlinson is 20 miles South of Raleigh, on Neuse's Creek. For further particulars address me at Raleigh, N. C.

I will be at Ivan Adams' store on the 2nd or the 5th of February, where persons desiring to see me will please call.

P. J. WRAY.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I ran out a line 14 inches deep, 20 feet long, in 40 seconds, with my 12 feet overshot Wheel. We have to-day cut 3,000 feet weather-boarding, Sunday, and then burnt up another saw.

Dec 23rd 1869. ALLISON PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you put to work for us. We can currently say that we do not know that we could wish the old Mill of all made new and some water wheel.

P. ZATES.

This last mentioned Mill has to be run on Wall Creek, 3 miles South of Raleigh.
