The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

The ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example

THE ÆTNA,	13.41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its rates of Mortality are low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

As the Ultimate HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the Insurance Times, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the families of the bereaved and desolate, and none has been more universally distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 936 policies, received an income of seventy-eight thousand dollars, and possessed assets of 1868, is granted 13,597 new policies, more than any other Company, except the Mutual Life; received an income to exceed six million dollars and had amassed solid, securely and profitably, a trusted asset amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
