The Globe takes no notes; but receives its premiums in cash, and pays the policies in cash, without deduction.

CAPITAL STOCK, (PAID UP,) $150,000 00

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!
The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo.
It is emphatically a Western and Southern Institution.
The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to propagate the claims of others, entering in the same fields, and for the same grand object; thus, basing its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.
From the Missouri Republican.
"New Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.
The Directors are among the first class of our merchants, bankers and citizens, as men of capital, financial ability and reputation; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policy-holders may travel on the usual routes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic (seeks by the usual passenger routes to, and leave) and reside within, any portion of Europe.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c,
DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.
Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:
EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16.84
EQUITABLE,	17.46
NORTH AMERICA,	21.10

JOHN HANCOCK,	18.27
THE NATIONAL,	69.45
THE ÆTNA,	39.47

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.
Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.
It insured more lives in the City of New York in 1869, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.
See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:
"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."
"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."
"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, accurely and profitably invested nett assets amounting to over Two Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
