1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3d. Policies Non-forfeiting after the first payment.
4th. Policies Indisputable from any cause save fraud.
5th. No restrictions of Residence, Travel or occupation.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!
The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.
The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Conscious of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence, by its energy, industry, and liberal spirit.
From the Missouri Republican.
"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.
The Directors rank among the first class of our merchants, bankers and citizens, as most of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

And $3,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.
The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.
DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.
Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:
EXPENSE ON THE $100 RECEIVED.

THE ÆTNA,	15.41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.
The rate of mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.
It insured more lives in the City of New York in 1868, than any other Company, and it insured more Policies in the United States than any other one life. It insured more lives in Connecticut than any other Company, British or American.
Now what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the Insurance Times, of New York, the following opinion was expressed:
"If there is any great benefit in mutual association, any great advantage to be desired from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the perplexities, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."
"No institution has brought more prompt, full, and grateful relief to the hearts of the bereaved and destitute, and none has shown more unflinchingly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."
"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 599 policies, received an income of seventy-eight thousand dollars, and possessed total assets amounting up to something over two hundred and eighty-one thousand dollars; but in 1868, it granted 10,207 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars, and this wonderful term of growth has been sustained in 1869."
