The Georgia Mutual
IS A HOME COMPANY.
Owned and conducted by Southern men. It employs its funds at home for the benefit of South-ern enterprises.
IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, and the following points:
1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3d. Policies Non-forfeiting after the first payment.
4th. Pol cies indisputable from any cause save fraud.
5th. No restrictions of Residence, Travel or occupation.
6th. It is a Mutual Insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher interest interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.
7th. Under the Charter of this Company, Policies of Insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.
8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the first inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.
The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.
To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.
DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.
Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:
EXPENSES ON THE $100 RECEIVED.
Knickerbocker, $16.56
Equitable, 17.66
North America, 21.19
Brooklyn, 21.06
Universal, 27.66
John Hancock, 18.27
The National, 33.46
The Ætna, 12.41
It has an IMPORTANT NEW FEATURE that has been copyrighted. According to this plan the rates are MUCH LOWER than in any other Company in the world.
Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.
It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Connecticut than any other Company, British or American.
See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the Insurance Times, of New York, the following opinion was expressed:
"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."
"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and destitute, and more has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its Forms, them."
"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 599 policies, received in income of seventy-eight thousand dollars, and possessed net assets amounting to something over two hundred and eighty-one thousand dollars; but last year, as reported, it issued 12,597 new policies, more than any other Company, except the Mutual Life, received an income exceeding six millions dollars, and had amassed and, prudently and profitably invested net assets amounting to over Two Millions Two Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been continued in 1869."
