of the facts, would give 20 cents in the dol-lar for them as an investment f

Auswer these questions old man, and then talk about the late war and your divine right of peaceable accession.

out threads I, as far as tand, that there is not a man or a It our p bey are not confirmed iduote, isk the bemlock to insure their it in a bound as accessarily for the swild and reckiess act, as the dissels the gloot

ch a wild and reckies act, as the the moraing sun dispoin the gloom (ht. That there have been crimes itsed against the peace and dignity ety I will not deny, nor will I assume possibility, under any consideration. (by them, but that there is a band soft for the avowed purpose of over-g or solverting the principles of this ment, the idea is too absurd and out to covey say other impression intempt, on the part of some indi-t, to alander the intelligence, virtue backies of our member Machinetic Then an attempt, on the part of some indi-than an attempt, on the part of some indi-videnia, to alander the intelligence, virtue and patriotism, of our people. We live in an age of common sense and common rea-son, and no condition of society can claim an excemption from the common fraitites of human nature, and the evils incident to, and growing out of a long, bloedy and dis astroas revolution. This disturbed condi-tion of society is but the ebbing tides of passion, engendered anidat the source of cot flict and tarnage, ruin and deviatation, as is settles back upon the calm and pindid and of reconciliation to the fixed and irre-trievable destiny of our people. No change can be affected in the social system of such a topendous moment, as the one we like a corperious of the people to a greater or less extext. And while this is no justi. floation for men to take the law in their or less extent. And while this is no justi-floation for mon to take the law to their own hands to redress the rail of imaginary privaness to society, it is, nevertheless, the trath of history written in in floateble ober-esters as the consequences following in the wake of long, bloody and devestating wars. And while every man who lov a passes and order must deplore, in bitterness of soul, those oirs commotions, yet the remaindy in mooner reached and the baim more affective ly spilled through the agoncy of a healthy public sentiment than by either blood or havoners. Every man who is easy of society, not on account of its local effects alone, but its damaging influence abroad. For men weing the omsided representatione design only set forth to our deriment in the public ided representative the of him the statement ? A. Dud you not approve of the appoint ment of Gen. Littlefield, and have you not senduously labored to appreciate North Carolina bonds since, in New York, when you know that the shole scheme of Bail-read appropriations was disapproved of and denounced by the tax payers of the State, and when no North Carolinian, cognizant and when no North Carolinian, cognizant

proclamation of the Governot, decay will be a faithful testimony that no such a dis position is either expressed or implied, on the part of our people. Four years of bloody experience, with his consequent run and defeat, is a convincing argument spannit
