THE SENTINEL.

CITY AND STATE PAPER.

MONDAY, MAY 16, 1870.

Leon. H. Dabbs, as Attorney Gen., &c., &c.

ADVERTISER.—The Local bids adieu to his many readers, for the space of four days, during which time he expects to ride on Railroads, eat Roanoke Rock muddle, interview items of the *News* and see how marrying agrees with him, exchange salutations with numerous old friends, and pass through many other pleasant experiences; and then returns refreshed for the Summer campaign.

CLAM CHOWDER.—Another bowl of this delicious preparation made its appearance at our office, yesterday, and we are free to say we find it a very gentlemanly dish and improves on acquaintance. It was from Pepper and O'Connor's.

FIRE AND HEAVY LOSS.—We learn that, on Thursday night last, the barn, stables and gin house of John Boylan, Esq., residing at Haywood, Chatham county, were destroyed by fire; and that five horses perished in the flames. We have heard no particulars in connection with the burning.

COMMENCEMENT PARTY.—We acknowledge the reception of an *invite* to a party at Trinity College, complimentary to the graduating class, to come off on the evening of the 16th June. We are aware of the fund of pleasure and enjoyment we shall miss, if we find it inconvenient to go, for we have been there on similar occasions in days past, and know with what excellent skill those things are gotten up and managed at Trinity.

ADVERTISE.—We mentioned last week that a correspondent wanted to know where he could get a threshing machine from a North Carolina factory. We gave the best information in our possession.—Since that time we have heard of one or two establishments where such machines are built, but we really have not time to answer by private correspondence, inquiries on the subject, besides we have lost the address of the person making the inquiry. A better plan would be to let the public know where such things are to be had.

GIVE THE NAME.—We are requested, in an anonymous communication to announce certain persons for Commissioners of Wake county. The gentlemen whose names are recommended are worthy and well qualified, but as no name accompanies the note, we do not know but we might give them offense by publishing their names in that connection. We always claim the courtesy of an introduction to our correspondents.

FAITH AND CONSUMPTION.—We were aware that our neighbor, Mr. Postmaster Rogers, had many queer crotchets in his head, but we did not know that he believed in "faith doctors" and conjurers, as it appears he does, from the following incident, communicated to us by a friend:

"Richard Byrd, a colored man, used to belong to the league, and says he voted for Calvin Rogers for Commissioner, Byrd was in Raleigh not long since and having run short of funds, applied to Calvin for the loan of fifty cents to pay his fare home. Calvin, however, excused himself from compliance, stating to Byrd that he was taking medicine from a "faith doctor," and if he loaned anybody anything it would break the charm!"

Byrd applied to a Democrat who lent him the fifty cents, and he now says he is done with the Rads, whose medical advisers won't let them lend a constituent fifty cents to get home on.

DR. LEDBETTER will remain a few days longer; if you have Corns, Bunions or bad nails don't fail to give him a call, he cures without pain or drawing blood. Room 42, Yarborough House. Ladies attended at their residences without extra charge. Charges moderate. A few days longer only.

The Elgin watch Company advertise a new and reliable improvement in their watches, consisting of a patent Dust Excluder, effectually closing the works, and enabling the watch to run without being cleaned, as long as a movement can possibly do without it. This is a valuable addition to the Elgin Watches, and will be appreciated by Farmers, Mechanics, and others, more or less engaged in outdoor employment. The Company are said to have doubled their sales in California and the mining regions since the introduction of the dust excluder.

The *Excluder* is an entirely different thing from the *dust rims* upon other American watches, which affords but a partial protection to the movement, and is only found on the Elgin watches.

A FAMILY MEDICINE.—We call the special attention of our readers to the advertisements of that favorite home remedy, Perry Davis' PAIN KILLER. It has been before the public over THIRTY YEARS, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there are but few unacquainted with the merits of the Pain Killer; but while some exist it as a liniment, they know but little of its power in using pain when taken internally, while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore, wish to say to all that it is equally successful when used externally or externally, and it stands to-day, unrivalled by all the great catalogue of Family Medicines. It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world, and that its sale is constantly increasing. No druggist's agent has had such widespread sale, or given such universal satisfaction. It is a purely vegetable compound, and perfectly safe, even in unskilful hands.

The Song of the Sawyer.

I.

I'm a Sawyer, Fine Attorney,
Always on my business,
And when other men are drunken,
Abstaining from the bar.

And kissing, we all three saw;
I saw Essa, and he saw me,
And she saw I saw Essa."

II.

Essa to saw I employed then,
The kissing days are finished
So saw the logs to send to saw,
My saw must never slumber.

III.

"Your stove I'm sure shall not stand still,
Tho' the kissing raised some ire;
The kiss you saw at your saw mill,
But raised the saw-dust higher."

IV.

"So long I've sawed I cannot saw,
Beg o'so put logs on carriage;
All contracts keep that you may draw,
And I'll give *Kate* in marriage."

V.

It was Essa who "came and saw,"
And who like Kaiser "conquered;"
When Katie saw it was Essa,
Her heart for Essa hankered.

VI.

Essa thus made "dust" of each kind,
And sawed them Horses to live in;
Boys! just raise the "Dust" and you'll find
At last Katee cure to give in!

I saw Essa kissing Katie
Both kissing shall we all die"
I saw Essa and he saw me,
Thus ends the song of Essa!

BRAMHATTE, 1870.

RELEASED.—Jarvis Wood, for shooting Mary Dalton—"big foot Mall," the facts concerning which we gave on Saturday, was before W. H. Harrison, Esq., for examination, on Saturday afternoon, and after a full statement of the facts in the case, it was pronounced a case of "justifiable homicide" and Mr. Wood was released. He has the sympathy of the entire community in the unfortunate affair.

It seems we were in error in our statement in regard to her coming to him to borrow money the morning before the shooting, in all other respects the statement we gave was correct.

MEETING AT CEDAR FORK TOWNSHIP.—The proceedings of the meeting of Cedar Fork Township are unavoidably crowded out to-day. They will appear in next issue of the Sentinel.

The Executive Committee for the 4th Congressional District recommended by the signers to the Address of the Conservative members of the late General Assembly, would very respectfully call attention to the necessity of a District Convention to select a candidate for Congress, and would recommend that the people of this Congressional District do assemble at Franklinton, on the 7th and 8th days of June, 1870, for the purposes aforesaid, and that each county in the District appoint delegates, at their Conventions, to said District Convention.

AMNESTY.—Senator Robertson, chairman of the Senate Committee on Political Disabilities, will in a day or two report a bill which in effect will be a general amnesty bill which the President is understood to favor. It excludes from amnesty only three classes—namely: first, those who withdrew themselves from Congress at the beginning of the rebellion to engage in the secession movement; second, those who withdrew from the United States Army and Navy for the same purpose; and, third, those who signed the original ordinance of secession in the various States in 1861. It is the belief that such a bill will pass both Houses without material opposition.—*Richmond Dispatch Special Washington Telegrams.*

The Fifteenth Amendment.—After ten years of experiment, and fifteen changes in the ingredients, Phalon has the pleasure of announcing that his VITALIZING RESTORATIVE FOR THE HAIR, is a perfect article, capable of infallibly restoring gray hair to its primary color, and without failure. Sold by all druggists and fancy goods dealers.

Coughs and Colds.—Those who are suffering from Coughs, Colds, Hoarseness, Sore Throat, &c., should try *"Brown's Bronchial Troches,"* a simple remedy, which is in almost every case effectual. The Troches have been tested by time, and pronounced, universally superior to all other articles for the same purpose.

The Aborigines Used It.

The medicinal virtues of Roots, Herbs and Barks which were used by the "Medicine men" of the Indian tribes, and which long experience has proven to possess the most efficient alterative properties for the cure of Scrofula, King's Evil, Ulcers Cancerous and Indolent Tumors, Mercurial and Syphilitic Affections, Enlargement of the Bones, Tetter, Ringworm, Boils, Pimples and diseases resulting from a depraved state of the blood, and all female diseases, are contained in a highly concentrated form in DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT. It is a very popular medicine, and deservedly so.
my 1-eod1w

An Old Fallacy Exploded.

Thirty or forty years ago, it was the fashion to administer powerful purgatives as "spring medicines." Terrible doses of salts and senna, calomel and jalap, or glauber salts were given to all the members of a family, whether sick or well, by way of preparing them for the warm weather in prospect. This pernicious custom is nearly obsolete, but there are some old Bourbons of private life, incapable alike of forgetting anything or learning anything, who obstinately cling to it still. Nothing could be more pernicious, more utterly unphilosophical, than such an onslaught on the vigor and elasticity of the system. In order to enable the physical organism to resist the enervating effects of spring damps and summer heats, it should be toned and reinforced, not reduced and weakened. The best medicine extant for this purpose is Hostetter's Stomach Bitters. Its effect is to tone the stomach and liver, gently relieve the bowels from obstructions, brace the nerves, improve the quality of the blood, stimulate the appetite and cheer the spirits. In this improved condition the organism is capable of resisting unhealthful influences, which would prostrate an enfeebled system. A vigorous digestion is absolutely essential to health, and there is no denying of the fact that Hostetter's Stomach Bitters is the most popular, and safest tonic and alterative extant. Combining, as it does, all the vegetable virtues in existence, together as a stomachic, none of the many imitators of this celebrated remedy have ever been able to produce anything like the same results. Sold by druggists and dealers generally everywhere.

SWEET QUININE

is made safely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poisons, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that nauseous, greasy sweat Abbreviator, which in the latter is an insurmountable obstacle to the use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength steadiness, durability and accuracy of the Waltham Watch. To satisfy these class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a center-pinion of peculiar construction, to prevent damage to the train by the breaking of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, preventing the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - Waltham.
Appleton, Tracy & Co., - - "
P. S. Bartlett, - - - - - "
William Ellery, - - - - - "

WILMINGTON NORTH CAROLINA

LIFE INSURANCE COMPANY.

BOARD OF DIRECTORS:

JOHN DAWSON,
ALEXANDER JOHNSON, Jr.,
Capt. JOHN B. PEARSALL,
Capt. I. N. GRAINGER,
GEORGE W. WILLIAMS.
W. P. HILL,
Dr. C. T. MURPHY,
C. W. YATES,
H. B. BILLES.

OFFICERS OF THE COMPANY:

JOHN DAWSON.....President.
B. F. GRADY.....Vice President and Treasurer.
ALEXANDER JOHNSON, Jr.....Secretary.
Dr. E. G. ANDERSON.....Medical Examiner.
Wm. A. WRIGHT and C. M. STEDMAN.....Counsel.
Hon. ELIJAH WRIGHT.....
Rev. R. F. MARABLE.....General Superintendent.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

THIS COMPANY WAS CHARTERED BY THE LEGISLATURE OF NORTH CAROLINA IN February 1865. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,

WITH PRIVILEGE TO INCREASE IT TO

$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is entirely a NORTH CAROLINIAN ENTERPRISE. The Stockholders are all North Carolinians; the officers of the Company are all NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the States of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do business in them; and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law, but that Honorable body turned a deaf ear to our humble petition and refused to do so. Now, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of the sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislature of other States stood

PROTECTION TO THEIR INSURANCE COMPANIES

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Land Old North State" to remain forever content to be the MARCH OF IMPROVEMENT? Why is it that we cannot establish institutions of our own? Why is it that we should keep our money at home to build up every one else? In the same manner that the citizens of other States do? Look at the hundreds of dollars of Life Insurance which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies of other States; and what is worse than all, none of these Companies ever return to the people of North Carolina a dollar, save in the shape of losses which they refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them without making a heavy deposit. We have not a single word to say against these Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for by doing this they are but simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS, and they hereby pledge their honor that the management of the affairs of the Company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates are estimated by the Hon. Elijah Wright, the world-renowned Actuary, and may be relied upon as being correct.

This being a "HOME INSTITUTION," we have no long list of Directors and Stockholders composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large portion of them well recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of recommendations abroad to refer to; but we respectfully refer to the good citizens generally of this community.
