FOR SALE.

I WILL SELL, ON THE PREMISES, TO THE highest bidder, on WEDNESDAY, 18th Day of May, the Celebrated Watering Place, the

SPARKLING CATAWBA SPRINGS,

formerly called "North Carolina White Sulphur," situated in Catawba County, North Carolina. Attached to the Springs are

250 Acres of Good Land,

A fine Large Storehouse, Photograph Gallery, Tailor and Shoe Shop, &c. The buildings are composed of FOURTEEN COTTAGES containing from two to six rooms, each well arranged for families, one large, three-story buildings, and one large building for Dining Room, Ball Room, &c. Rooms large and well ventilated and buildings ample to accommodate three hundred or more visitors. Having spent over $30,000 in furnishing the buildings and improving the property, it is now in a good condition. Good Ten-Pin Alleys, Bath Houses, and other necessary outbuildings. The waters are composed of

WHITE SULPHUR, BLUE SULPHUR AND IRON.

the Medical properties of which are not excelled, and a more lovely, healthy and delightful watering place is not to be found.

All the stock furniture &c., will be sold and possession given immediately, or on the day of sale, in order that the purchaser may open the Springs for Visitors by June 1st. Ice has been put up for the season. $20,000 will be required in cash, the balance on a credit of 12 mo ths. A finer opportunity for a profitable investment is seldom offered.

Take the Western and Morganton Railroad at Salisbury to Hickory Station, from which point the Springs are six miles distant, over a beautiful well-shaded road. Please come and examine the property.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP,

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never wear out for packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 2 pump for yard wells will be sold at from $10 to $15, capable of throwing 40 gallons of water per minute. The price of No. 3 for railroad stations throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to sell pump for the states of North and South Carolina, I am having constructed a pump for the accommodation of those at Wilson, N. C., I will have it set up for your inspection, and will also show it to Engineers &c. If you are in want of a pump, by favoring me with your order, you will be pleased with the result. The number of men in the employ of this well known firm will speak for its merits.

WALTHAM

WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most discerning of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a series of peculiar contrivances, to prevent damage to the train by the breaking of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Pogg's Patent pinion as being the best and farthest.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, steadiness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks:

American Watch Co.,	Waltham, Mass.
Amo. Watch Co.	Waltham, Mass.
Asterions Watch Co.,	
Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.
Waltham Watch Co.,	Waltham, Mass.
F. S. Bartlett,	Waltham, Mass.
Wm. Ellery,	Waltham, Mass.
Home Watch Co.,	Boston, Mass.

For sale at retail by all respectable dealers.

A descriptive circular giving much useful information sent to any address on application.

No watches retailed by the Company.
