Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest* award in seventeen and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past seventeen years.

ITS SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Dreading Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Plainly and unquestionably far in advance of any other shuttle machine.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity) making either the Lock Stitch, or Double-Thread Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively speaking, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Rue Tobacco Handling House, (Mrs. Thompson's old stand,) Fayetteville Street, next to Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers gratis.

SWEET QUININE

Is a Recent Improvement,

uniting the use of the BITTER SULPHATE QUININE, with which all are familiar.

Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE Great, Positive, and Unfailing CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the whole train of disorders following those when neglected.

SWEET QUININE

Is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

while as antidote to, as well as a cure for, malarial or miasmatic poisons, the absorption of which is the cause (unless Intermittent Fever), etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that bitterness, persistent bitterness, which to the latter is an insurmountable obstacle to the use with most persons, and always with children.

SWEET QUININE

is in two forms—is POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general people.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 6th 1869.

The above Fluid has been in constant use for upwards of three years, and has established its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unfatiguing to the eyes. All glass is saved by its safe and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 12th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combustion Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and for general illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment*, economy in management, and skill and care in the selection of risks,—upon which elements of excellence the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully look for this important safeguard. It will be found in the BROOKLYN LIFE.
