THE SENTINEL.

STILL WAGING WAR!

UNITED STATES ITEMS.

THURSDAY, AUGUST 25, 1870.

Dr. Thos. H. Haigh, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

THE RECEPTION OF MR. TURNER.

The employees of the SENTINEL office having claimed the privilege of participating in the ceremonies of the occasion, and having prepared this issue, before 3 o'clock to-day, we are compelled to defer a notice of the ceremonies until to-morrow.

JUDGE BROOKS' COURT.

The entire afternoon session of yesterday was consumed in the argument of Col. R. H. Battle, U. S. Counsel for respondent Kirk, to show that Kirk had not been guilty of contempt in delivering those arrested parties who had been re-called before Judge Pearson, on the writ issued by him, prior to the day upon which they were to appear before Judge Brooks.

The motion this morning was taken up in the able argument of Messrs. Graham and Graham, of counsel for petitioners, and a decision by Mr. McCorkle. Judge Brooks reserved his opinion for this evening.

THE INVESTIGATION OF MR. WILEY'S CASE, BEFORE JUDGE PEARSON.—We are giving a complete account of the testimony taken in the investigation before Chief Justice Pearson, on the charge of killing John W. Stephens of Caswell, against F. A. Wiley, one of the most substantial and reliable citizens of that county. We beg the close attention of the public to this evidence. It will be seen that there is not evidence enough against Mr. Wiley, to induce any jury in the land to pronounce the slightest taint against him, before leaving the jury-box. But the prosecution is wickedly pushing this man and others, not expecting to convict Mr. Wiley of murder—this is impossible—but to ascertain the whereabouts of the invisible Ku Klux &c. The testimony, therefore is important in the future chase of the Radicals to nullify the late elections.

"KIRK'S LAMBS".—One of these fellows insulted a young gentleman on the train a few days ago, at Greensboro, by pinching his face while the young man was passing the car, at Brandfields' station. The young man tried to get at him, but the captain would not let him handle the "lamb" as he deserved.

THE INJUNCTION.—We are pleased to learn that an injunction has been served on the State Treasurer, his Cashier, and the military officers who have received money for the payment of Holden's State Troops, forbidding them to pay out anything for that purpose from the Public Treasury. The injunction was issued by His Honor Judge Mitchell at the instance of R. M. Allison, Esq., of Iredell. This movement will be universally approved by the people.

TESTIMONIALS.

Out of sheer modesty we have withheld from the public a large number of appreciatory letters to Mr. Turner and various propositions to aid him. In his absence, we feel compelled to insert the following from a friend in Norfolk. Besides this, various similar propositions have been made from other sources. All that the *locum tenens* can say in Mr. Turner's absence, is go ahead:

NORFOLK, Va. August 20th, 1870.

EDITOR OF SENTINEL:—We North Carolinians feeling with pride the glorious achievements in our mother State, and wishing to express our appreciation in a substantial way, suggest that the Hon. Josiah Turner, the Champion of Conservatism as a testimonial of our high appreciation of his services, be presented with an elegant residence, with a building, printing press and fixtures complete, in the city of Raleigh. Let half of the Conservative voters of the State contribute one dollar, fifty cents or even less. Our city will freely respond, and this will easily place it with in the power of a grateful people to make the donation. County organizations or even the ladies could best accomplish this object. Do not become lukewarm after our rejoicing is over, but make this move with a concert of action and the amount will be raised without any difficulty, and in a very short time. Noble ladies of North Carolina, by you this labor of love can best be accomplished for by the rescuing of your State from a despot's rule, none have been more benefitted than yourselves, and to no one, can you do homage more deservedly, than to Joe Turner. Your friends look with interest to your action.

A NORTH CAROLINIAN.

NORFOLK, August 24, 1870.

EDITOR SENTINEL: Sir, we notice a paragraph in last evening's SENTINEL, in which allusion is made to the next State Printer, wherein a correspondent informs you that parties, both for Mr. Turner, have already begun to electioneer for the position.

As our great interest is the only one in the city, besides that of the *Standard*, which is prepared to do the work, and therefore the only one that the article above alluded to would seem to indicate as already canvassing for the position, we have thought proper to address you this note, to assure you and our friends through out the State, that we have no intention of running for the position, have not electioneered for the same, do not intend to, and would not expect to be elected if we were candidates.

Respectfully,

NICHOLS & GORMAN.

In order to shorten the above letter, so as to admit it in our crowded columns, we have taken the liberty of leaving out the last paragraph, which is specially complimentary to Mr. Turner.

Our telegraphic dispatches from parties outside of the corporation have been attended to by our Assistant.

STOCK FOR SALE.—A friend of ours has 2 shares of stock in the Building and Loan Association which he wishes to sell. Enquire at this office.

The premium lambs of the University of North Carolina we learn, opened with nine darlings.

The kitchen attached to the residence of Mr. John W. Mebane, for Fayetteville, was burned down on Monday night last.

MORE MISERY.

The Radicals are not content to beat this time decent like Americans. The truth surprised themselves, Conservatives, Republicans and Radicals. But there was no election conducted more honestly than that was on the part of the Conservatives and Democrats. It is palpable and can be proved beyond a doubt, that the victory was obtained without the usual stimulus of corruption or money. The organization was only such as was indicated in the address of the Democratic Convention assembled at the late General Assembly and what concert of action could be secured in the several counties; and as to the use of money to secure the election not *three hundred dollars* came into the hands of the Executive Committee for the circulation of documents, or any other purpose. From these facts it is plain, that if the Radicals had any desire for success right or justice they would be content.

But they are not. Since the election, delegations have gone to Washington with large batches of lying and hasty malicious statements, all which can be disproved, setting forth that the election was carried by fraud and especially by the agency of a Ku Klux organization throughout the State. Besides this, Radical correspondents from different sections are publishing their false and malicious statements in the Northern papers. All these are to be manipulated by the Central Republican Executive Committee at Washington City, and every other agency employed to bring to bear upon Congress every influence to induce that body to remand North Carolina again to the condition of a military dependency, to render null the late election, and perpetuate if possible Radical rule in North Carolina.

To add to the force of these measures, it is understood, that the present investigation going on before Judge Pearson in this city, aided by Judge Dick and Settle, (and Reade and Rodman are expected to lend a hand in a few days,) ostensibly to ferret out crime, but it is really to connect the people of the Democratic Conservative party of the State, with the wicked and criminal acts of Ku Klux. It is said, to make the matter sure, Beach warrants will be issued, against respectable persons in different parts of the State to be brought here to be examined with the view of fixing alledged Ku Klux outrages upon the Conservatives and Democrats. The idea is too monstrous to believe. That the Supreme Court Judges of this State would lend themselves to a scheme so pernicious and outrageous is difficult to credit, and yet such is the rumor.

All these efforts will fail, as all the wicked efforts of Holden by his war upon the good people of the State, to provoke him to strike first and thereby have failed. Bad and devilish as many Radicals in Congress are, there are too many sensible and honest Republicans in that body, to allow so wicked a purpose to succeed.

The truth is, and the discreet Republicans in North Carolina admit it, that the defeat of the Radicals in the late election is chargable directly upon the corruption, extravagance, robberies, public plunder and violent partizan course of the late Radical General Assembly and Holden's abominable administration. The finishing stroke to their defeat was put upon Radicalism, by the unholy and unlawful military war of Holden upon the people and his lawless arrests and bad treatment of the arrested parties. The defeat was the uprising of a deeply injured people to save the State from Radical ruin.

"GOV. HOLDEN! WHO GARBLED THE LETTER."

The following exposes only slightly the infamous efforts of Holden, Abbott, Pool and others, to deceive and rob the good people of North Carolina. Mr. Giesler is justly indignant, but he does not know a tithe of the villainy of these men. We intended publishing Tourgee's letter to Gen. Abbott and commenting on it as it deserved, but we have not yet had space. It will be seen from the following, that the false and lying statements of that letter, which we have denounced, Tourgee says were not his statements, but of others, Holden or Abbott it seems, who garbled his letter.—Read what the *Tribune* says:

We have a word for Gov. Holden and Senator Abbott. Just before the North Carolina election we printed a letter from Judge Tourgee concerning the Ku Klux outrages in that State. Certain very startling statements were made in it which, but for the respectable signature, would have been universally scouted. Judge Tourgee promptly wrote us, complaining that the figures he had given, in enumerating cases of outrage, had been increased tenfold by the addition of a cipher to each, converting ten into a hundred, *etc.* Now, we printed the letter precisely as Gov. Holden in person delivered it to our correspondent, and as the correspondent understood that Gov. Holden had received it from Senator Abbott, to whom it was addressed. We submit to these gentlemen that they have allowed too long a time to elapse without explaining to us how the disgraceful garbling occurred. We should have expected them to be as indignant as we were ourselves at the fraud practised upon us, and to be prompt in exposing the lying who abused their trust (in copying the letter) by putting into Judge Tourgee's mouth monstrous assertions which he never dreamed of uttering. Gov. Holden! who garbled the letter which you gave our correspondent?

CLOVER.—We were shown a stock of red clover to-day, grown on the farm of Capt. W. E. Pierce of this County, which was sown on the 16th of March last, which measures three feet ten inches, without manure or fertilizer of any kind. This with a thousand other proofs, demonstrates the complete capacity of our land to produce red clover.

A. M. Waddell Esq., Congressman elect from the 2nd District, will address the people of Columbus on Saturday next on agriculture and politics.

Holden's rogues are committing depredations in the neighborhood of their camp. Henry Mordecai, Esq lives near one of their camps, and within the last week lost a fine horse, a yearling and several shoats, all of which were trailed to the camp of the negro band.

TELEGRAPHIC.

Wednesday Night Dispatches.

WASHINGTON.

WASHINGTON, August 24.—Robeson returns to-morrow.

A large number of assistant assessors in the South and West have been dismissed.

NEW YORK.

NEW YORK, August 24.—A special dispatch to the *Times* from Paris, states that the correspondent saw a letter from a high St. Petersburg official stating that Russia was seriously alarmed with Polish affairs. There is great agitation in favor of France, and many Poles were leaving for the French service. On the other hand there is a movement on foot to attack the Russian Baltic provinces for annexation to the German confederation. Russia is on the horns of a dilemma, and it is believed that in self defence she will be compelled to participate in the war.

FOREIGN.

LONDON, August 24.—Count Renard, the noted writer on political economy and finance, is appointed Governor of Alsace.

The *Times* suggests the fact that the determination of the French Corps Legislatif for self-government will be irresistable since Napoleon left.

Prussia has sent Bavaria a subsidy of ten millions of gold.

The *Figaro's* electric light proposition meets with favor in military circles. The glare will perplex the besiegers and aid the besieged.

The Orleans party are hopeful. The residents here watch events closely, and have an agent of great skill and experience in Paris advising them of every event affecting their interests.

Paris dispatches to the London *Times* cause intense indignation.

BERLIN, Aug. 24.—The Citizens congratulated the Queen on the recent victories. The Queen replied that she earnestly desired peace but letters from the field stated that the army unanimously demanded substantial guarantees for future peace before the war closes.

St. Petersburg *Journal de Jour* says that Russia is commanded against the dismemberment of France; she is, however, unfavorable to war extension.

PARIS, August 24.—*Le Liberte* says that Senators Mollinet and Baize have been appointed on the Committee of Petitions.

The journals continue to blame Prince Napoleon for his absence at such a time.

At a meeting of the National Guards it was resolved that no proposition for peace should be entertained while the Prussians remain on French territory.

Yesterday's Corps was unusually turbulent. The ministry asserted in the Chamber that Paris was abundantly provisioned. Direct answers equally satisfactory were made, but the excitement continued. Jules Simon proposed to send from the city now all the arms-bearing population, (applause.) Others proposed sending the wounded away. Simon objected. Tachord caused much tumult by saying that a scarcity of army existed in certain quarters. The majority protested.

Minister Brame replied that arms would be duly distributed, and called attention of the deputies to the fact that such questions shouldn't be discussed so much. Gambetta, much excited, accused the majority bringing on the war. His remarks were so harsh that the majority refused to hear them. The session ended tumultuously. Gambetta is generally blamed for lack of discretion.

A large number of Prussian prisoners arrived at Toulouse and more are coming.

The journals unanimously oppose permission to carry the Prussian wounded through Belgium.

The new French loan is all taken.

The *Patrie* says should the Prussians defeat the great army confronting them at Chalons, they will have to vanquish another before reaching Paris. Besides they will find Paris itself amply prepared.

CHOLERA.

HOW TO CURE IT.

At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœa or cramps continue, repeat the dose every ten or fifteen minutes until the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma, cures in one night by taking it internally, and bathing with it only. Its action is like magic, when externally applied to Old Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short, it is a Pain Killer.

Directions accompany each bottle.

The Pain Killer is sold by all dealers in Medicines.

Prices, 25 cents, 50 cents and $1 per bottle.

T. H. Haigh, Esq.—Dear Sir:—I used the "Utley Cotton Press" last season, and consider it to be the best I ever saw. Having ginned over one hundred and ninety (190) to six hundred and twenty pounds per hour, and the most durable Press I ever saw used, and can cheerfully recommend it to any in North Carolina. Yours truly,

MR. THOMAS H. HAIGH: Dear Sir:—Some of the "Utley Cotton Press" is to hand and in reply I would say that I have tried other presses, and consider the press upon which the Utley Press works cheaper, simpler and more durable than any I have met with.

Yours truly,

Byron Law, Dunbarton Co., N. C., Aug. 22, 1870.

THOS. H. HAIGH, Esq.—Dear Sir:—In reply to yours of the 15 I write that I like the Utley Press I used last season, I see nothing that is perfect. Respectfully yours.

THOS. H. HAIGH, Esq., Raleigh, N. C.—Sir:—I have used "Utley's Cotton Press" for some months. It works well and gives entire satisfaction, and I regard it as perfect as any I have seen.

T. H. Benson, Esq., Raleigh, N. C.—Dear Sir:—Please have the "Utley Cotton Press" from you last season. I packed my own cotton also other crops for my neighbors, and in all one hundred bales. I consider it a perfect success in all respects for any and all purposes, and that it is every thing the pamphlet represents. I packed bales weighing from four hundred and ninety-seven pounds.

The New Business (ann sasurea), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1859 it was the 9th Company in new business for the year; in 1861 it was the 5th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 2d; in 1868, the 1st.

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies declare this expression means that their dividends are "annual" or one every year. They do not THEM AS ALL; but they do not return to the assured, or his representatives, any portion of the dividend, surplus, or profits accumulated, until the settlement of the policy, at the end of one year, and each year thereafter, equals YOUR BUSINESS AS. THIRTY-SIX BILLIONS.

One Hundred Dollars paid at the end of one year, and each year thereafter, equals FOUR HUNDRED AND.
