"THE GOOCH COTTON TIE"
FOR BALING COTTON.
THIS TIE has been largely used and has given universal satisfaction as the BEST and most
ADJUSTABLE TIE made. Farmers will find it to their interest to call and examine the
same. It is light in weight, can be taken down or put up in 30 minutes and transported on one Horse
Wagon.

"UTLEY COTTON PRESS."
THE "UTLEY PRESS" is well known and which gave entire satisfaction last season, can be
obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its im-
provements.

Price \$175.00.
This invention of power, whereby all friction is overcome, its simplicity, economy and durability,
makes it all the more so, that a power so simple should have remained so long
unappreciated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1 1/2
square iron bars, which is capable of sustaining a strain of 100,000 lbs. Thus giving much more
strength than is required. With two extra two inch iron bars a Bale of COTTON WITH EASE IS
made in less than one hour, only requiring two men.
One man can do the work, only requiring two men.
It occupies a very small space, and can be placed as to receive the lint direct from the Gin or
Lint Squeezer, as may be desired. Thus doing away with baskets, and frequent handling of the lint.
It is light in weight, can be taken down or put up in 30 minutes and transported on one Horse
Wagon.
I believe it unequalled by any Press for power, convenience and durability.
Bale 400 to 550 lbs.
Press complete—Depth Cotton Box 6 feet—Size Bale 41 feet—22x24x34 in.

READ CERTIFICATES BELOW.
T. H. BRIGGS, Esq.: Dear Sir:—I used the "Utley Cotton Press," I purchased from you last
season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five
hundred and ninety (590) to six hundred and twenty (620) lbs. I consider it the best and
most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of
North Carolina.
Yours truly,
C. W. BYNUM.
