

THE SENTINEL

Published daily except on Sundays and public holidays.

Reported by A. G. Lee & Co., Wholesale Grocers and Commission Merchants, Raleigh, N. C.

There is a much more intimate connection between these two subjects than one would at first imagine. It is perfectly natural that the human mind should be naturally in accordance with human nature for her to look at and prize when she gets a new article of dress.

There was nothing for the matter of the yesterday morning. Not a word was said about the matter.

On Tuesday night, a woman sitting over a bed in one of the upper rooms of the store at Wilmington street, occupied by the Leach Brothers, took for the night being placed too near a lamp.

We have said repeatedly we could not publish communications written on both sides of the paper, we have also said we would not publish communications unaccompanied by a responsible name, and we now say we cannot, for want of space publish long communications of the kind.

After the close of the sermon, the Synod was organized by the election of Rev. S. A. Stanton, of Bed House, Moderator; Rev. Jacob Doll, of Yanceyville, Stated Clerk, and Rev. F. H. Johnston, of Lexington, and Mr. A. T. Summey, of Asheville, Secretary.

It is thought that the population of our city will amount to 7,700, and that the population of the State will amount to 10,000.
