THE SENTINEL.

WEDNESDAY, NOVEMBER 16, 1870.

CONSERVATIVE TICKET.

JOHN MANNING, JR.

CONSERVATIVE CANDIDATE

For House of Representatives

DR. E. E. DUNN.

VISIT TO NEW YORK.

We returned on Saturday last from a week's sojourn in New York, where we went to make purchases of type and fixtures for the SENTINEL office. We have not had sufficient room in the SENTINEL heretofore, we suppose, to fully as we desired, the plots and villainy of the Holden administration, and give variety in other departments of the paper. We hope, however, by "enlarging our borders," as we shall now do in a few days, to be able to show them up in their true colors.

We also laid in material for a complete job office, by which, in a few days, we shall be able to meet the orders of our friends in that line, for all kinds of work, from a visiting card to the maiden speech of a budding politician.

Before proceeding the election, we must make one more excitement in some quarters. This excitement was not more unjustified, owing to the fact that Governor Holden did, by proclamation, send troops to *insure a fair election!* Our English ancestors, long ago, by act of parliament, forbade the parade, or even appearance of troops on an election ground. Imitating them in this wise practice, our American forefathers passed a statute forbidding even a militia muster on an election ground on the day of election.

Our Governor, for his disregard of this law, is liable, at the suit of any citizen of the State, to the penalty of one thousand dollars for having troops at the election grounds in Raleigh, Hillsboro', Graham, Yanceyville and some thirty other places in the county.

North Carolina set New York an example of forbearance at the sight of armed men at the polls, and with good results to New York. New York, like North Carolina, was unwilling to stake the life of one good citizen against that of one of Grant's hirelings. The liberties of a people is endangered when the Federal as well as the State authorities seek to embroil them at the polls, in collision with their own paid soldiery. If the people of North Carolina and New York had not been wiser and better than their rulers, and would have been their condition to-day.

Of all the incidents of note concerning the elections, we have reached our readers through the public prints, therefore we need not repeat them here.

Among the notables we went to see was Dr. Tyng. "Brick" is not a coarse gentleman, as some of his editorials would indicate. He does not, as our Governor did to Chief Justice Pearson, use "cuss words," but is a man of pleasing manners and address, refined, genteel, and neat in his dress.

Tyng is not "broke" as some of the lying Radical sheets represented. He sold out his interest in the Daily, in order to devote his entire attention to his weekly edition, but the terms of sale not being complied with, he has resumed possession, much to the chagrin, no doubt, of many who were interested at the thought of his failure.

But it would swell this article to a length beyond our ability at present to carry it, were we to attempt to give an account of the many incidents of our trip.—We met many North Carolinians in New York, whom we were glad to see. We had quite a successful trip in a business point of view, as we hope to make manifest in the improved appearance of the SENTINEL hereafter.

In the meantime our subscription books are open; the Legislature will meet next Monday, and those who wish to keep posted in its doings, may send in their names and the money, and have the paper sent to them regularly.

"THE GOD OF TURPENTINE."

We call upon all the well disposed colored people to remember the fact that the Radical candidate for Congress in this District, Mr. Joseph W. Holden, has done all that he can to engender strife between the white and colored people. That on one occasion he attempted to invoke "the god of turpentine" to come to the aid of the colored people, thereby substantially advising the colored people to make war upon the whites with the torch! This he did in the year 1868.

Are the well disposed colored people, or any decent Republicans, willing to have such a man represent them in Congress?—We think not.

Let colored men remember, too, that this Mr. Holden, and his father, has forced him upon the Republicans as *their candidate*, hoping they will vote for him, however objectionable he may be, although there are fifteen men, colored and white, not so odious or objectionable.

Let Republicans shoulder this man again, in full view of all he has said and is responsible for, they take a heavy load, no mistake about it. Good and considerate men are not going to do it.

BALLADS OF MINSTRELS.—The pastors of the fashionable churches in New York city it is stated, receive salaries of from $6,000 to $7,500 with comfortable parsonages. The salaries and perquisites of some of these clergymen, it is stated, amount to $10,000 a year.

PROCLAMATION BY GOVERNOR HOLDEN.—Governor Holden, of North Carolina, has just issued a most extraordinary proclamation. He declares that his former proclamations declaring the counties of Alamance and Caswell in a state of insurrection are "hereby revoked and shall have no further force or effect," and then proceeds to express his "satisfaction" "at the peace and good order prevailing in those counties, and generally throughout the State." He trusts that all partisan rancor and bitterness may cease, and that the whole people of the State will unite in a common effort to build up North Carolina, and to elevate her to the proud position which she once occupied as a member of the American Union. Governor Holden has been a long while coming to his senses, but better late than never.—*Raleigh Sentinel.*

Gen. GRANT's attempt to protect the party of the elections in New York and Alabama by the use of the bayonet were very successful. Both States went largely Democratic.—*Courier-Journal.*

A WORD TO HONEST REPUBLICANS.

The statutes passed by the last Legislature show that they were passed for the appropriate purpose of $28,000,000, and $6,000,000 of this sum Governor Holden and the State Treasurer say were validly appropriated, but these appropriations were made ostensibly, to build railroads, but in reality, to supply money to make Radical scoundrels and carpet baggers rich. Of the whole amount so appropriated, less than $600,000 have gone into our railroads!

Now, we ask, where has the money gone? The bonds were issued and passed into the hands of men virtually appointed by Gov. Holden; where are they? Where are the proceeds of them? There is but one answer to this question; they have long since gone into the hands and pockets of the plunderers of the State. The money has been virtually stolen.

These acts of the Legislature were planned for a villainous purpose, as we have said, and the "Ring" understand the object.—These acts invested Gov. Holden with *power to appoint the men* who controlled these bonds. Whom did he appoint? Andrew Jackson Jones, George W. Swepson, Milton S. Littlefield, and these were elected these men officers of the Railroad Companies.

Gov. Holden not only appointed these men, but he knew for months and months that the bonds and the proceeds of them were misapplied; he was Governor, but he opened not his mouth against the gross fraud and stealing. Why did he not do so? Hold responsible for these frauds and villainies. He was present with the Legislature, and more than that, he appointed the men that controlled the boards.

The Radical candidate for Congress in this district is the son of Gov. Holden, and was a member of the Legislature that made these extravagant appropriations; indeed he was the Speaker of the lower branch of that body and endorsed its doings; endorsed his father, like a dutiful boy, not only while in the Legislature, but everywhere, and especially as editor of the *Standard*.

His connection with all these schemes is thus made manifest, and yet he is put forward, *par excellence, as the man* to go to Congress from this district. How did he get the nomination? Through whose influence? We have heard Republicans say openly in the streets that he could not be elected; that he is odious to many; that his father is odious; that they are not responsible for the crimes and atrocities of this administration; that they have been the means of making the *opposition* to the Republican party, and are responsible for the odium, not only at home, but abroad, everywhere, of "Holden's administration."

Yet Mr. Jo. W. Holden is the Radical candidate for Congress—the ablest man the Republicans could run! Will honest Republicans vote for him? Will the leading Rads, whom he and his father cheated, as is said, out of the nomination, go for him? What do you say, Maj. Jones, and Mad. Hawkins, Tazzy Hargrove and Harris? Will you go for this man and thus endorse the Holdens and the Holden administration? Let us see you do it! Will the colored voters go for this white Radical, when the white Radicals refused to vote for a *negro* (James Harris) for Congress last summer? We shall see.

PETTY IGNORANCE OF THE STANDARD.

The *Standard* proclaims its insolently or its ignorance in what it talks about when it speaks of John Manning as a man of poor ability. He is a man of ability and very extensive accomplishments; he is a really able man and one very popular where he is known. The few Radicals in Chatham will tell the *Standard* so.

We ask every Republican in the District who can do so, and who is not afraid to hear both sides, to hear Mr. Manning speak, and they will be convinced at once of his powers as a speaker and able debater. The Chatham people will vote for him, regardless of party ties. They know him.

The Editor of the Asheville *Citizen* was at Henderson Court week before last. He winds up a very interesting description of his trip by saying: "the people we found to be decidedly in favor of calling a Convention to amend the present Constitution."

The editor of the same paper was at Yanceyville Court last week. He gives a good account of the industrial enterprises of that section—of the Mica Mines, the cheese making, apple crops &c. &c. There is no doubt, if the natural advantages of that part of the State were properly developed, it would prove one of the most desirable sections of the Union. What a pity it is that Radical "Ring" men were allowed to steal the millions of dollars appropriated ostensibly, to open railroads through this delightful region!

A Card to Sensible People.

Rational reader, if the aspect of the weather was uncertain, you would not be foolish enough to venture out without an overcoat or an umbrella. Have the forethought, then, to protect yourself at this dangerous season with something more important than either of these articles. Strengthen your stomach and nervous system, regulate your liver and your bowels, and fortify your organs and their animal spirits with that agreeable cordial tonic and alterative, Hostetter's Stomach Bitters. So shall you surely escape the diseases which during Fall and Winter attack and debilitate. "Suffer and be strong" is a proverb; but "Be strong that you may not suffer" is the wiser maxim—and of all strengthening preparations this is the safest, the surest, the most genial. As a remedy to ward off or as a solvent, for dyspepsia, fever and ague, and every disease, there is no combination of vegetable specifics at present known which equals it in efficacy.

Anticipate the enemy. The seasons of the most malignant diseases are always in the wake of sunny, sparkling winter air. Will you defend yourself against them or not, good reader? That is the question. A bottle or two of the great preservative specific of the age, Hostetter's Bitters, will so strengthen the spirit-tone in your bodily powers as to enable them to "laugh a siege to scorn." The morbid matter which was exhibited in previous attempts upon you will be thrown off. Bowels no longer free or open, etc. A powerful counteracting current of fresh vitality needed, and you have it in Hostetter's Bitters. They restore the motive power of those which have flagged in nature, and reanimate all the sensitive organs. Nothing can be more beneficial at those times of peril—nothing so potent to prevent or cure bilious remittents, dyspepsia, fever and ague, rheumatism, and general debility, as this wonderful invigorant.
