CITY AND STATE ITEMS.

MONDAY, DECEMBER 12, 1870.

The Treas. N. Railway, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

The Hare-Burners.—Officer W. H. Norris brought to the city, Saturday evening, David Hackney, Alvin Hackney, Norman Raiuds and Thomas Clarke, all colored, arrested upon suspicion of being concerned in the burning of the gin-house of Messrs. Leahy and Hollowell. A preliminary examination was had before Justices W. B. Jones and A. G. Freeman. The parties were held to bail in the sum of $2,000 each, and failing to give it, they were sent on to jail, to be held until the next term of the Superior Court.

P. S. Since writing the above, three more of the culprits have been brought to the city, R. Bright, Henry Hinton and Dick Utley, all colored. The evidence against these three is very conclusive.

The North Carolina Home Fire Insurance Company is doing a fine business. Applications are coming in daily from all sections. It is eminently deserving this confidence and patronage on the part of our people. It is perfectly safe and responsible, and conducted upon the highest principles of insurance.

The Cotton Market for the past week has been active. The receipts in this city for shipment, storage and sale, will average 1000 bales per week.

The prices range fair, compared with the fluctuations of the New York market. Our country farmers will do about as well to sell in Raleigh as they will to ship, and by disposing of their products here they contribute largely towards building up our city.

National Hotel.—If any one believes that Rutjes don't know how to keep a hotel, just drop in at the National Hotel about meal time and all doubt will vanish. Everything will be found in the best and neatest style, and the table supplied with everything to tempt the most fastidious appetite.

Absent.—Mr. Allen, Senator from Duplin, will be absent from his seat, by leave of the Senate, from and after to-day, to attend to the duties assigned him as Commissioner to take depositions in the contested election case between R. W. Lassiter, Esq., and Col. I. C. Edwards, in the District composed of Granville and Person.

Cabbages.—Mr. Weathers, north of the Yarborough House, has a lot of as fine cabbage for sale as we have seen this season. Those who have anything to "grease" cabbage with would do well to call on him.

Father McNamara's Fair to Night.—Our townspeople and the public generally are reminded that the Fair commences this evening in St. John's School. A generous public need only to be reminded of this in order to call out their co-operation. Education and other benefits have been dispensed by Father McNamara on all applicants equally—whether belonging to his persuasion or not. He is endeavoring to establish those works of education and charity permanently in our midst; and we anticipate this Festival will afford him much aid and encouragement from all classes.

Beasley, Senator from Bertie, attempted to dodge voting on the bill which was before that body yesterday, to repeal the infamous Shoffner Military bill, but he was called to face the music, and voted *against* the repeal. Let this be remembered.

The *Argus*, of Wadesboro, of Nov. 17th, has just reached us. The route from here to General Dargan's depot costs a reconstructing.

Pimples and brown spots on the face Eruptions, Blotches, Scrofulous Diseases, and all sores arising from impure blood, are cured by Dr. Pierce's Alt. Ext. or Golden Medical Discovery. As an Anti-Bilious or liver medicine and for habitual constipation of the bowels it works wonderful cures. Sold by all druggists.—Pamphlet on the above diseases sent free. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Spaldino's Glue," handy about the house, mends everything.

Another Mystery Solved.—Chemists being unable to discover the ingredients in fragrant *Sozodont*, which removes all stains from the teeth and imparts such a peculiar rosiness to the gums, the public are hereby informed that it is a preparation from the Bark of the Quillaya Saponaria or Soap Tree of Chili, imported for the first time into this country for this special purpose. Such is the purifying and laccuous effect of this rare botanical agent, that it removes discolorations from the most fragile textile fabrics, without injuring a single thread.

FAITH WELL FOUNDED.

In old times, at the commencement of every season, it was the fashion to take a strong cathartic as a safeguard against a change of temperature. It was a worse than useless practice. The people of our day understand the matter better. Instead of depleting the system they reinforce it. In the instinct they adopt they exhibit a wise discrimination. Instead of resorting to the vitiated stimulants of commerce, or any of the compounds derived from them, they put their faith in the only absolutely pure medicinal preparation in the market—Hostetter's Stomach Bitters. Their faith is well founded. Never has any remedy medicine been prepared with such scrupulous precision and consummate care. It is a vegetable compound of which every ingredient is sound, wholesome and beneficial to the true sense of the word. Here we have three-fourths of the adult population of the United States suffering more or less, either from disease of the stomach, derangement of the liver, or affection of the kidneys. In the united list of these three classes are those laboring under dyspepsia, constipation, and Hostetter's Bitters are recommended for them all, unless specific for their particular disease, beyond cure. And it is the experience of thousands to be enabled from time to time to publish the testimony of those who have found in this fine tonic and alterative a restorative of health and strength. Among the number of those who have used it with success are many clergymen, lawyers, merchants, and others whose high standing in society is a guarantee of the truthfulness of their statements. Druggists and dealers generally throughout the country have on hand a supply of this standard medicine, and those who are in need of it should not be persuaded to purchase any of the vile stuff which is palmed off upon the unwary by unprincipled dealers, who make more money by selling a worthless article than a good one. Hostetter's Bitters are not sold by peddlers, nor by druggists who deal in peddlers' nostrums. Those who are in search of a genuine tonic and alterative should call for Hostetter's Stomach Bitters, and see that they get it.

More Trouble for Rotating Dick.

This young gentleman will be pained to know that the Grand Jury of Guilford county (for reasons not stated) Mr Louis H. Smith, of Greensboro, and dragged him from his home by Ku Klux robbers, and imprisoned him in Alamance.

The Rotator said, at Salisbury, that Holden's "invasion of Orange and arrest of Jo Turner" could not be defended. That the Governor could be defended in all he did in Caswell and Alamance, for those counties were in insurrection, but his invasion of a county not in insurrection was not defensible.

Now, what will Dick say about the invasion of Guilford, and the arrest of Mr. Smith? And what about the arrest of Dr. Williams, of Cleaveland? And of the invasion of Moore county and the ousting of the Sheriff elected by the people?

"O, Richard, Richard!" Your friend's enormities are more than you can defend, and it is some sign of grace in you that there are *some* things you can't defend, even in your friend, the Governor.

DONT BITE AT THE BATE.

K. K. Worthy, Esq., Sheriff of Moore county, who was ousted from his office and forced to surrender his keys and papers by Holden's State Troops, and his friend and fellow-countryman, Mr. McNeill, the Clerk of the Court, who was threatened with arrest by the militia, were in this city on Saturday.

Mr. McNeill is the gentleman so vilely assaulted by the Governor and his friend Daniel Graham, the murderer of the McLeods, the Governor procuring and publishing in the *Standard* a long rigmarole of evidence from the said Graham, the murderer and thief, alleging that Mr. McNeill and others of the best men in Moore county, had been engaged in murder, arson, &c.

The Governor sent out one of his ex-"melish" to invite these gentlemen to his office, but without himself being known in it. But they have not called yet. He made overtures to Gov. Vance for a political talk with him; Worthy and McNeill will talk with the Governor after his interview with Gov. Vance; Gov. Vance will talk with Gov. Holden on the subject of politics and pardon, Gen. Bennett and old cognac brandy, when Billy Smith shall cease to blow his horn and Gabriel begins.

Heavy Taxes.—A gentleman of Craven county, who resides in Township No. 4, of that county, informed us last week that the tax assessed for that township by the township commissioners, for the present fiscal year, is three dollars on the hundred dollars of property. This is independent of the State and county tax.

This township is Radical, and only one in ten of the negro voters residing in it have given in any tax list at all.

In Granville county a farmer's plow horse was sold for taxes, and we think it likely that the good people of Craven will not only have their horses sold, but their plows, wagons, and everything else, unless we can get a Convention and abolish the odious township system, with the commissioners and every other part of the machinery belonging to them.

The tax-payers in Township 4, in Craven have refused to pay the tax and appealed to the law for an injunction to stop the collector. A Convention would be the best thing to stop him; it would stop the whole concern at once.

At the Convention of the citizens of Buncombe and other counties lying on the Western Division of the Western North Carolina Railroad, held at Asheville, for the purpose of taking steps to "expose and punish certain Railroad officials who have perpetrated the greatest frauds upon our people, in robbing us of the funds appropriated by the State for the construction of railroads in this section of the State," the following resolution was adopted:

Resolved, That the chairman appoint a committee of one delegate from each county represented in this meeting, to draw up and present to the Legislature a memorial setting forth our grievances in connection with the frauds and embezzlement of the public moneys entrusted to the managers of the Western Division, W. N. C. R. R., and others who may be their accomplices, and to report a plan of action.

Whereupon, the chairman appointed the following committee:

Gen. R. M. Henry, Macon; J. J. Gudger, Madison; Marcus Erwin and M. Patton, Buncombe; R. G. A. Love, Haywood; J. W. Bowman, Mitchell; J. M. Gudger, Yancey; H. T. Farmer, Henderson; E. B. Hampton, Jackson.

The committee were instructed to insert in the memorial that all public officials entrusted with the control of public funds be required to give good and sufficient bonds for the faithful discharge of their duties.

It was also suggested that the committee be instructed to report "that all persons who should be guilty of embezzling the public funds be punished with death." This was modified, but the Convention insists on the "heaviest punishment the Constitution will permit."

This looks like business. Let the committee push the matter, and spare not the offenders.

Unrepentant Rebels.—In the Senate on Saturday, the bill to repeal the Shoffner military bill was passed. On the final passage, the following "unrepentant rebels" against the State, the constitution and the people, voted against the repeal; namely, Beasley (who tried to dodge but got caught), Eppes, col., Hyman, col., Lassiter, Lehman, Moore and Olds. These unrepentant rebels still lick to the Shoffner bill, and the Kirk and Borgia outrages committed under it.

Sudden Changes of Weather are productive of Throat Diseases, Coughs, Colds, &c. There is no more efficient relief to these diseases to be found, than in the timely use of "Brown's Bronchial Troches." They possess real merit, and have gained their efficacy by a test of many years, having received testimonials from eminent men who have used them.

WELL SPOKEN.

The Chicago Tribune, (Rep.) says:

If the Hon. Billy, of Yazoo, be not removed, there will be reason still better than in December. This is wholly intolerable as a party act to make impudent and indefensible, and, therefore, we hope that there will be no objection anywhere to his expulsion. Indeed, the proper way is to make one job of it, and, by general act, remove the disabilities of all.

To which the New York *Express* adds:

It is high time that Congress was done with doling out pardons, and if the rebukes from North Carolina, Tennessee and Missouri are not heeded, the Administration and Congress will not believe though one come from the dead.

Gratz Brown told a few wholesome truths at a complimentary serenade given him by his political friends in St. Louis, the other evening. Among other things, addressing the veteran Union soldiers present, he said:

"*Soldiers:* Wherever I have gone in the canvass of this great State, I have ever found that those who bore the brunt of battle were the first to extend the right hand of reconciliation—[cheers]—prompt to forget all animosity, and to consign to oblivion obsolete issues, bygone phraseology, past nomenclature. It was only those who held high carnival in the rear that would still prolong the note of discord, hoping for continued pillage."—

Words like the above have the true ring, and will find an echo in the breast of every true American citizen.

"Petroleum V. Nasby," the distinguished Ohio Radical, delivered a lecture recently in Boston, on the "Man of Sin." It is full of hard hits. Among other things he says:

"I saw cadetships sold for dollars. I met judges of courts in the Southern States who, ten years ago, were hostlers in livery stables in the North, and whose knowledge of criminal law they had gained from standing in the prisoner's dock."

Petroleum, as an artist you are a success. You came to North Carolina, you saw the Judge of our Seventh District, and you have painted a picture as natural as life.

The Tarboro *Southerner*, in an article urging the removal of the Governor and certain Judges, concludes:

"To permit them to remain unmolested without an effort to dislodge them, would be a *quasi* acquiescence in their crimes, and a base surrender of principle. We do not for a moment believe that the Legislature will shrink from its duty in the premises. We are willing to trust the whole matter to that body—confidently assured that the subject will be wisely and searchingly considered, and no motive of mere policy will deter them from the faithful performance of the sacred obligations resting upon them."

Hen Manure, Ashes, Plaster, and Salt.—A valuable fertilizer, and one in reach of every farmer, especially adapted to garden culture as well as for top dressing and field culture, is hen manure, ashes, plaster, and salt mixed in equal quantities, excepting the salt, of which one-fourth will be sufficient. Mix intimately, and apply either in hill at the surface, or broadcast. It gives good results upon all soils, and crops. I keep usually about twenty-five hens; these roost at a certain place the year round. Beneath the roosts is a tight plank floor. The annual produce of droppings is six barrels of the pure thing. This, mixed with the same of ashes and plaster, gives eighteen barrels the salt brings it up to twenty barrels of choice fertilizing compost, equal to much of the superphosphate of commercial manure firms, and worth far more than the manure from two cows.—Josh Jones,—*Rural New Yorker*.

$3 Watch! $3 Watch!

THE GREAT EUROPEAN
BUREKA ALUMINUM GOLD WATCH CO.
HAVE APPOINTED
J. F. Williams & Co., Jewelers, 541 roadway, N. Y.
SOLE AGENTS FOR THE UNITED STATES.

And have authorized them to sell their great Eureka Assumtion Gold Watches for three Dollars, and to warrant each and every one to keep correct time for one year. This Watch we guarantee to be the first and cheapest timekeeper that is now in use in any part of the globe. The works are in double cases, Engine and Gem's size, and are beautifully chased. The cases are made of the metal now so widely known in Europe as Alumite Gold. It has the exact color of gold, which it always retains; it will stand the test of the strongest acids, so one can tell it from gold only by weight, the Alumitum gold being one-fourth lighter. The works are all made by machinery, the same as the well known American watch. We send the watch safely in a small box, and send it by mail to any part of the United States on receipt of $3.50; fifty cents for packing and postage. A key is sent free with each watch. Money should be sent by Post-Office Money order or in a registered letter. Address all orders and communications to
