City Election Yesterday.

DEFEAT OF THE RADICALS.

RALEIGH IS HEARD FROM!

Raleigh has heretofore given a Radical majority of nearly seven hundred. Yesterday she gave a Democratic majority, and beat the Radical nominee for Mayor. The storm is rising, and will burst in August.

When the result was announced, Celia Harris was not there; Loge was not there; Shaffer was not there; Perry was not there; but the Deputies were not there; but Tim—the irrepressible Tim was there and with the infernal impudence which has heretofore characterized him and carried him forward, he made a speech, and such a speech!

Special Notices.

WALSH'S GUM, with Brush, always ready for use.

Soloists.—All dentists had their drawers, until the sublimous Bark of the South Tree, was brought from the Chil- lena valleys, in perfect the fragrant So- nora, the most wholesome and reliable and delightful article for use, that a brush was ever dipped into.

It is amazing that the feeble should suffer, with unceasing steps, over the face of the earth, in danger every day of falling victims to the mortal lameness which we are all surround- ed, when a tested and proven vegetable tonic, capable of endowing them with the vigor they need, is procurable in every city, town and settlement.

At certain seasons the atmosphere is sur- charged with the seeds of intermitting, re- mittent, malarial, pulmonary disorders, bilious complaints and the like. Persons whose nervous systems are relaxed are the first to succumb to these distempers. Hence on the physical energies than with this po- tent vegetable tonic. It is the most powerful restorative which the totality kingdom has ever yielded to patient research and ex- perience.

Wanted.—Any amount of Confidential Money, Bonds, &c., for which a small price will be paid. Address: J. A. HARRIS, Section Office.

Notice to Agents.—James Return T. Tucker for one that came here to De- stroy the Temperance Alliance to be held in Raleigh Thursday, May 11th, 1871.

Notice.—Having sold the larger portion of my land I will sell the remainder in three lots of 300, 400 and 500 acres.

Notice.—I have for sale at auction for cash, on Saturday the 3rd day next, before the front door of the Bank of North Carolina, on New Street, a lot of Furniture, consisting of 6 chairs, 2 sofas, 1 table, 1 bed, and some of pine. Also, several other small iron tools and several other articles.

LATE TELEGRAPHIC NEWS.

FRANCE. REVOLUTION.

PARIS April 29.—There has been heavy fighting to-day, north and west of the city. The Versailles men were attacking all points simultaneously. The Commune has made a requisition for 2,000,000 francs upon the railway companies.

PARIS April 29.—The southern forts were bombarded furiously all day yesterday. Versailles replied vigorously. The fighting passed off quietly. The strength of the National Guard is increasing fast from the incessant firing and fatigues to which they are subjected.

PARIS April 29.—This morning the can- nonading ceased along the whole line. The southern forts are in a dilapidated condition, and it is believed will soon be untenable. The forts will, under order of the Commune, be blown up by the Commune.
