STATE OF NORTH CAROLINA,
TREASURY DEPARTMENT,
Raleigh, May 31st, 1871.
To the Sheriffs of the several Counties in North Carolina:
I have cause to believe that many Agents of non-residents are traveling in the State and carrying on business under Section 20, Schedule B, of "An Act to raise Revenue," without having obtained the license required in said Section.
It is the duty of Sheriffs to see that the Revenue Laws are not evaded in their respective counties, and you are enjoined to observe due diligence in preventing a violation of the Section referred to.
Special attention is called to the provisions of said Section, which have been transmitted to you with Circular from this Department.
You will arrest and carry before the proper officer, any party or parties who may be detected in the violation of the Section mentioned, and in case of conviction, rigidly enforce the penalty therein prescribed.

ROCKBRIDGE ALUM SPRINGS,
VIRGINIA.
OPEN MAY 15th, 1871.
This favorite and celebrated watering place will offer additional attractions this season, among other improvements there has been added an elegant and spacious Ball-room adjoining the parlor; the parlor has been enlarged and much improved, and the proximity of the two renders each easily accessible. It will be kept in a style not surpassed anywhere in Virginia.
The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Chronic Dysentery. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provision for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, etc., by rail, all in day-light. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

LAWS OF BUSINESS
FOR ALL THE STATES OF THE UNION,
WITH FORMS AND DIRECTIONS FOR ALL TRANSACTIONS,
By THEOPHILUS PARSONS, LL. D.
Author of Treatise on the Law of Contracts, on Mercantile Law, etc., etc.
It contains and presents in the clearest, plainest, and most precise manner, all those rules and principles which regulate social intercourse, and govern every kind of business, with full directions for every transaction.
It explains the nature of every kind of contract, conveyance, and legal obligation.
It gives directions to Magistrates, to Administrators and Executors, to Landlords and Tenants, to Guardians and Wards, to Buyers and Sellers, Agents and Principals, Debtors and Creditors, to Trustees, Common Carriers, to Insolvents, to Insurers and Underwriters, to Inventors, Authors, Partners, Clerks, Corporations, Shareholders, and all who have any business to transact.
It shows how to draw and perfect a Deed, to make an Agreement, an Assignment, a Lease, a Guaranty, a Note, a Check, an Order, a Due Bill, a Will, a Codicil, a Bill of Exchange, a Protest, an Indorsement, a Bill of Sale, an Indenture, a Mortgage, a Warranty, a Petition, an Affidavit, a Release, a Power of Attorney, Patent Forms, and every kind of legal instrument.

IT IS ESSENTIAL TO

CAROLINA PUMP COMPANY.
SOUTHERN INVENTION.
Home Manufacture.
Submerged Glass Cylinder Double-Acting Force Pump.
PATENTED AUGUST 1869, BY A. BALDING.
The undersigned, having the exclusive right to manufacture and sell the above Pumps in North and South Carolina, have associated themselves together under the name and style of the "Carolina Pump Company," and having established their Manufactory at Fayetteville, N. C., are now prepared to furnish Pumps at short notice. Science has at last triumphed in the production of a Pump admirably adapted for Wells and other purposes, that will force water any depth or height, which, by attaching hose, at once becomes a local Fire Engine of great power, throwing 30 to 180 gallons per minute.
This Pump combines simplicity and durability, in which the water will never freeze or become stale, as the cylinder and valves are submerged, and no water remains in the pipe when the Pump is not in operation. The Pump works almost incredibly light, always bringing the water fresh and sparkling from the bottom of the well; and there is no friction, the cylinder being glass, the packing cannot wear or cut, the valves being round, made of fine glass, working on gum seats, can neither wear or jam. These Pumps are peculiarly adapted for supplying tanks in upper parts of dwellings, colleges, hotels, bathing saloons, and for railroads, streets, gardens, distilleries, &c. They can be attached to steam or water power.
Any ordinary mechanic can put them up by printed directions always sent with the Pumps. We have hundreds of testimonials from persons who have used our Pumps, who express great satisfaction; in fact they are a success and will sustain all we claim for them.
Buy one and save fire insurance. Special attention given to all orders. The entire depth of well must accompany each order.

CERTIFICATES.
SHERIFF'S OFFICE,
FAYETTEVILLE, N. C., April 28, 1871.
Wm. C. Troy, Sup't Carolina Pump Company:
The Pump you sold me surpasses my most sanguine expectation. It does all you claimed for it. As a Fire Engine its value is incalculable. With twenty feet of hose I have thrown water entirely over my dwelling, which is a very high two and a half story house. My family would not be without it for any consideration.
R. W. HARDIE,
Sheriff Cumberland County.

SENATE CHAMBER,
RALEIGH, N. C., March 18, 1871.
Having had fifteen to twenty years' experience in gold mining, using various kinds of pumps forcing water from great depths, I take pleasure in giving preference to those made by the "Carolina Pump Company" over all others for well and other purposes, that will combine simplicity and durability.
VALENTINE MAUNEY,
Stanly County.

WILSON, N. C., Jan. 25, 1871.
J. L. Kitchin, Esq.,
Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods of March, 1870, and we are free to say, that they are in every way satisfactory. There is no indication of wear or rust, calling out of order. All the water that nature has designed to pass through such a channel can easily be brought up even by children, for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pumps to the careful examination and use of the public.

WILSON, N. C., Feb. 3, 1871.
I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.
