

FRIDAY, JUNE 30, 1917.

THEO. N. RABBIT, as Business Clerk, is authorized to make contracts and give receipts, etc.

CITY AND STATE ITEMS.

TEMPERATURE.—The following was the range of the thermometer at Pink C. Har- die's Cigar Store, June 29, 1917.

Table with 2 columns: Time (6 A.M., 9, 12 P.M., 3 P.M.) and Temperature (76, 78, 82, 83).

WAKE COUNTY CONVENTION.

The delegates to the late Wake county conservative convention are requested to meet in this city, on

SATURDAY, JULY 8TH,

to nominate a candidate for convention in the place of George W. Thompson, who declined in consequence of ill health. A full attendance is earnestly requested.

BOARD OF CITY COMMISSIONERS.

On Wednesday evening the regular meeting of the board of city commissioners was held at the mayor's office, Mayor Harrison presiding, all the board present except Messrs. Battle and Johnson.

ANNOUNCED.—Rev. H. T. Hudson

is announced as associate editor of the Christian Advocate. Mr. H. is a fine writer and ripe scholar.

W. B. Coughlin, of Chillicothe, Ohio,

is the name of the U. S. soldier who was killed on the W. C. & A. R. R. on Saturday, near Florence.

A severe hail storm passed over

the northeastern portion of Rowan county on Saturday. Though the track of the storm was limited considerable damage was done to the crops and fruit.

POLICE! POLICE!!

Down in this neighborhood there are several backyards which need immediate attention. Odors not the most soothing to the olfactory nerves, impregnate the atmosphere, partaking of the sweetness of "peaches and milk."

MAJOR'S COURT.—Only one case

was disposed of by his honor yesterday: John McAllister arrested for drunkenness and disorderly conduct on the street, was arraigned but on promising better behavior for the future was discharged.

Mrs. Capt. W. B. Smith and John

have opened and commenced a mica mine of considerable size on the property of George Alexander, in the Swannanoa Gap, in Buncombe county.

This is a valuable mineral

and will prove a great profit to the enterprising gentlemen.

Mrs. Mary T. Jones, wife of

who resides 12 miles east of Florence, committed suicide on Wednesday by hanging herself in the stable. She went out of the house about 11 o'clock a. m., and was found suspended in the stable about 3 p. m. No cause is assigned for the deed.

KITTRELL'S SPRINGS.—This delightful

summer resort is now open and the season bids fair to be a gay one. The first rate style in which the establishment will be kept, the elegant accommodations and the superior properties of the mineral water, all combine to make Kittrell's one of the most desirable summer resorts in the south. Let North Carolinians patronize North Carolina springs.

ATTRACTIVE.—Maj. Betty, of Primrose,

Petty and Newsum, has just returned from New York, where he purchased a complete stock of summer goods. This firm is recognized as one of our most energetic and reliable ones, and the Major particularly for his good taste in selections, &c.; so what is said in our advertising columns to-day, may be implicitly relied on.

NEXT WEDNESDAY NIGHT.—The public

will not forget the rich treat in store for them next Wednesday night, at Temperance Hall. Major Sexton Gates, who stands prominent as a most accomplished scholar and elegant speaker, will deliver a lecture, upon "The Century." That the subject will be handled in a manner every way worthy its character, we have no doubt. All who wish to listen to a literary effort truly admirable in every way, we urge to go to Temperance Hall next Wednesday night.

CONCERT AND BAZAR.—The African M.

E. church Sabbath school, proposes giving a concert and bazar on Tuesday evening, July 4th, at Metropolitan Hall. The managers intend that this shall be one of the grandest and most pleasant exhibitions ever given by this school. At the conclusion of the concert, the audience will be invited to partake of choice delicacies, which the members of the church have kindly consented to prepare. Admission 25 cents. Proceeds to assist in liquidating the church debt.

The great outrage, says the Asheville

Citizen, which has been reported in Rutherford, is said to have been given up by the back in that section to further their program in the coming election.

We had no doubt but that this was

so as the news reached us. Carpenter wanted a poor doubtful, and hoped that his friends in the north would contribute and purchase him a new one. Justice and Logan saw that old Rutherford was about to be redressed, and it is suspected that they got up the affair in order to put the county in a state of insurrection, and give themselves a little notoriety.

These moves on the part are too thin

to deceive the most ignorant. We suspect that Grant will do a nice job as he did in the Holden affair.

PINK CHEWING TOBACCO.—Our friend

Pink Chew, the celebrated tobaccoist and cigar man of this city, yesterday presented us with some of the best golden twist chewing tobacco that we ever indulged in; we don't know the name of the brand, but we do know that it is splendid. Pink's stock of cigars, chewing and smoking tobacco, &c. is one of the best in the south.

FEARFUL STABBING AFFAIR.—George

W. Gully, on Saturday night last, at Oak Grove township, Wake, a man of notoriously bad character, stabbed and cut W. M. Massey and his wife, the former it is thought fatally, under the following circumstances:

Gully had treated his wife badly and she fled to Massey's house, whither he followed her. His wife refused to return with him and he proceeded to use force. Mrs. Massey interfered, when the second cut and stabbed her several times.

Mr. Massey went to the rescue of his

wife, when he received a terrible cut clear down the face through the nose and three stabs in the left breast, one of which is thought to be fatal. Gully is at large and defies the officers.

BOARD OF CITY COMMISSIONERS.—On

Wednesday evening the regular meeting of the board of city commissioners was held at the mayor's office, Mayor Harrison presiding, all the board present except Messrs. Battle and Johnson.

The committee appointed to assess

the property of the assessors, submitted a report which was adopted.

The account of W. V. Clifton, for im-

provements made in the basement of the market house, which he occupies, was allowed.

A petition of Dr. W. H. McKee, asking

a reduction of tax upon his property, was on motion, laid on the table.

A petition from citizens residing in

the southeastern portion of the city asking for a bridge over the gully, near the residence of Sign H. Rogers, was read and referred to the street committee.

A number of petitions from various

parties asking a reduction of their taxes were laid on the table.

Policeman Doyle was charged with

leaving his beat and trespassing on the premises of W. C. Stronach. Doyle was allowed to come forward and make his statement, and upon hearing which, the board acquitted him.

C. M. Farris, captain of the night watch,

was arraigned, for being drunk and neglecting his duty. On motion of Mr. A. Upchurch, he was acquitted of the charge. Messrs. Upchurch, Church, Prarie and Ellison voting in the affirmative. Those who voted in the negative were Messrs. Hayes, Gorman and Dupson.

Sylvester Smith made a complaint

against the North Carolina Railroad Company for blocking up the street leading to his residence. On motion, the matter was referred to the street committee.

The contract for putting lightning rods

upon the market house was awarded to Battle, and a committee was appointed to superintend the matter and to report to the next meeting.

Numerous petitions for licenses to

open eating houses were read and granted. A resolution taxing all lighting rod dealers \$25 per annum, was adopted.

After allowing numerous accounts, the

board adjourned to meet next Saturday night.

lowing cases were taken up: R. A. McConnell vs. S. W. Caldwell et al., Mecklenburg. W. H. Bailey for the plaintiff and J. H. Wilson for the defendant; continued for issues.

BERTIE COUNTY CONVENTION.

A large and enthusiastic meeting was held in Windsor, on Saturday, the 25th inst., at 2 P. M. F. E. Winston, Esq., was appointed chairman of the meeting, and David E. Taylor and Edward R. Outlaw, Esqs., secretaries.

A committee of two from each town-

ship was appointed to report resolutions and a suitable candidate for the meeting, and a preamble and resolutions strongly advocating a convention, which were adopted by the meeting.

They recommended D. C. Winston as

the candidate, which was unanimously ratified by the meeting. He at once came forward and accepted the nomination, promising a thorough canvass.

Bertie is alive to the situation. Elo-

quent speeches were made by Joseph B. L. Winston, R. B. Spruill, J. L. Mitchell, D. C. Winston, and others.

Special Notices.

"SPALDING'S GLOSS," successful true.

LICK "QUEEN'S GLOSS"—Artificial teeth are of little use, and mostly deserted. Take care of the real ones. All you need is a fragrant, sweet, and healthy, and your teeth will be the last of nature's gifts to fall you.

COLD AND COUGHS.—Sudden changes

of climate are sources of pulmonary and bronchial affections. Experience having proved that simple remedies especially which taken in the early stage of disease, take at once "Brown's Bronchial Trochee," let the Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be averted off.

THE ADVANTAGES OF USING DOOLEY'S TRAIT

POWDER are shown in the superior excellence over all others, by which elegant, light, sweet rolls, biscuits, bread, pastry, &c., can be made with very little trouble, food that can be eaten with impunity and relished by the most sensitive dyspeptic or invalid. It permits no waste of flour prepared with it, and the quantity required is less than that of any other powder. It is one-third or one-half less than those of other manufacturers. Try it and be convinced. For sale by grocers everywhere.

VALUABLE HINTS.
