"QUITE RUN DOWN." How often is this expression used by persons whose bodies and minds are exhausted by the toils and anxieties of business life. Mere stimulants do no good in such cases. There first effect is transient. The re-action disastrous. In

TARRANT'S SELTZER APERIENT,

the true remedy for this breaking down of physical energies, and the animal spirits is provided. It renovates and refreshes the assimilating organs and the nerves, while it carries off, without violence of pain, all the impurities which clog the bowels and vitiate the blood. In indigestion, biliousness, constipation, nervous weakness, and hypochondriasis, it has no rival, except the water of the Seltzer Spring itself, of which it is the exact and perfect equivalent.

CAROLINA PUMP COMPANY.

SOUTHERN INVENTION

Home Manufacture.

Submerged Glass Cylinder Double-Acting Force Pump.

PATENTED AUGUST 30th, 1870, BY A. BALDWIN.

The undersigned, having purchased the entire interest in and right to manufacture the above Pumps in North Carolina, are now prepared to fill orders for the same. The many valuable improvements of this Pump over any and all others now in use, will be found on examination to be of great value. The Pumps will be made of the best materials, and warranted to give entire satisfaction. The Pump is constructed with a view to durability, simplicity and cheapness, and is the only Pump that can be repaired without taking it out of the well. The cylinder being of glass, and the working parts being all brass, it will never rust, and will not corrode. The valves are so constructed that they can be taken out without unscrewing the pipe. The Pump is also so constructed that it can be used as a force pump, and will throw water to any height or length, where no other pump will work. It is the only pump that will throw water from a well by steam power, and will work equally well by hand or steam power. It is the only pump that will throw water from a well by steam power, and will work equally well by hand or steam power.

Any ordinary mechanic can put them up by printed directions always sent with the Pumps. We have hundreds of testimonials from persons who have used our Pumps, who express great satisfaction, in fact they are a success and will recommend all who obtain Pumps of us.

Any one can make their own pumps. Special attention given to all orders. Circulars, with cuts and full description of the Pump, sent to any address on application.

STATE OF NORTH CAROLINA,
SHERIFF'S OFFICE,
FAYETTEVILLE, N. C., April 28, 1871.

This is to certify that the Carolina Pump Company has put in the Pump in the Court House yard, and it has given entire satisfaction. It throws a large stream of water over the highest building in the town, and is much superior to any pump we have ever had in use. I take pleasure in recommending it to the public generally.

E. W. HARDER,
Sheriff Cumberland County.

SENATE CHAMBER,
RALEIGH, N. C., March 18, 1871.

Having used fifteen or twenty years' experience in good mining, using various kinds of pumps forcing water from great depths, I take pleasure in giving preference to those made by the Carolina Pump Company over all others for well and other purposes. They combine simplicity and durability.

VALENTINE MAURY,
Stanly County.

WILSON, N. C., Jan. 25, 1871.

J. L. Kitchin, Esq.

Dear Sir: We have had your Bubbling's Pump in regular use, beginning at various periods since March, 1870, and we are free to say, that they are in every way satisfactory. There is no inflammation of wear or carty getting out of order. All the water that nature has designed to pass through a pump is delivered, smoothly brought up even by children, for ordinary use, and we admiring home, and putting two to four men to the lever, the pump at once becomes a large fire engine throwing out from water to advantage over ordinary fire. We therefore recommend your pump to the care ful examination and use of the public.

WILSON, N. C., Feb. 2, 1871.

I have used for six months past one of Bald ing's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.
