in tone, action, touch and scale will be taken in part payment for them, at liberal rates or we will dispose of old Pianos for those who desire to purchase new ones in the future.

Opinions of the press:

From the Petersburg Index.
"The success of our friends is so important that he who gets the best, if he varied musical statements were not well enough known to justify the belief."

From the Petersburg Courier.
"Persons in want of good pianos cannot do better than visit the establishment of Mr. Jos. Van Holt Nash, of Petersburg, Va. He has a Venetian machine himself, he is a splendid judge of the instruments."

From the Roanoke News, Weldon, N. C.
"In the personal acquaintance with Mr. Nash, justify us in heartily recommending him to the people of Eastern Carolina. Nothing could do that any representation he may make will be found strictly true."

NORTHERN AND EUROPEAN SETTLERS IN
NORTH CAROLINA.
OFFICE
TUCKER HALL, RALEIGH, N. C.

THIS Company has been in successful operation for nearly two years, and will continue to sell, lease, or rent real estate, on the most favorable terms, and if divided into small tracts are more saleable.

All persons having lands to sell will find it to their interest to call at our office, or corresponding with us, as our facilities for selling are increasing every day.

THE TIME OF IMMIGRATION HAS NOW SET IN, and we call upon all North Carolinians to aid us in promoting this great enterprise, and help to build up our waste places.

The President and Directors of the company are well known; and persons entrusting business to their hands, have the best assurance that they will be fairly represented.

We have no connection with any other Land Agency or company professing to do business in this State but are operating only under the name and style of "THE NORTH CAROLINA LAND COMPANY," as chartered by special Act of the Legislature bearing date February 9th A. D. 1869.

Address all communications to "The North Carolina Land Co., or to Wm. Scott, Secretary."

CAROLINA PUMP COMPANY.

SOUTHERN INVENTION.
Home Manufacture.
Submerged Glass Cylinder Double-Acting Force Pump.

PATENTED AUGUST 1869, BY A. BALDING

The undersigned, having the exclusive right to manufacture and sell the above Pumps in North and South Carolina, have associated themselves together under the name and style of the "Carolina Pump Company," and having established their Manufactory at Fayetteville, N. C., are now prepared to furnish Pumps at short notice. Science has at last triumphed in the production of a Pump, admirably adapted for Wells and other purposes, which will force water any depth or height, which, by attaching hose, at once becomes a local Fire Engine of great power, throwing 30 to 100 gallons per minute.

This Pump combines simplicity and durability, in which the water will never freeze or become stale, as the cylinder and valves are submerged, and no water remains in the pipe when the Pump is not in operation. The Pump works almost inaudibly, always bringing the water fresh and sparkling from the bottom of the well; and there is no friction, the cylinder being glass, the packing entirely of gutta serena, and the valves made of flint glass, working on gun-metal, and neither wear or jam. These Pumps are peculiarly adapted for supplying tanks in upper parts of dwellings, colleges, hotels, bathing saloons and for raising water, gardens, plantations, &c. They can be attached to steam or water power.

Any ordinary mechanic can put them up by printed directions always sent with the Pump. We have designed a portable tank for persons who have small cisterns, and can give great satisfaction. In fact, they are an immense and indispensable aid to the farmer.

Buy one and save five insured. Special attention given to all orders. The entire detail of well must accompany each order.
