Report of the Congressional Kuklux Committee.

Washington, Feb. 18.—To-morrow the majority and minority reports of the joint kuklux committee, will be presented to congress. The minority report, signed by senators Bayard and Blair and Representatives Boyd, Cox, Van Trump, Washburn, and others, is a sensational, untruthful document, covering 300 printed pages.

In the first place attention is called to the fact that the majority of the committee is made up of the southern states. The report before the committee was taken by the sub-committees to those states has been printed, and that therefore the minority are compelled to believe that the majority have arrived at their conclusions upon partial, biased and prejudicial statements furnished by witnesses examined in Washington, who were refused and in many instances shown to be utterly unworthy of belief, by the majority of their neighbors who were present and testified before the sub-committees. It is therefore necessary to expose those men, so that no one can be deceived who desires to know the truth, and to show also the character of the proceedings by which the white troops, led by the president, have been put at the mercy of the colored troops, and the white people of the north and south, who have been constituted leaders of this black bloc, are now sought to be justified and defended by defaming the people upon whom this unpalatable charge has been cast.

On re-reading this afternoon the committee on resolutions reported through the chairman, Col. J. M. McKim, the following resolutions, which were adopted without dissent, and are as follows:

Resolved, That the federal republicans of Missouri, faithful men as we were in the dark days of the civil war to the vital principles of republicanism, by no act or word have ever betrayed the rights of the colored people, and that the equality of civil rights and franchise, to those established facts now embodied in the constitution, we claim the loyalty of all good citizens.

They had just begun voting when I left them; they must have done so, and still, so far as my knowledge of the state extends, I know it to be a large portion of the state controlled almost entirely by the negro organizations. The negroes, who were the only ones who were allowed to vote, were the only ones who were allowed to vote, and they were the only ones who were allowed to vote.
