DR. TUTT'S

EXPECTORANT FOR COUGHS, COLDS, &c.

For the speedy relief and permanent cure of Consumption, Bronchitis, Asthma, and all diseases of the Lungs and Throat.

The Expectorant is composed of Herbal and Mucilaginous products, which permeate the very substance of the Lungs, causing them to throw off the acrid matter which collects in the Bronchial tubes, and at the same time forms a soothing coating, relieving the irritation which produces the Cough. It is active, but mild and congenial, imparting functional energy and natural strength. It affords Oxygen to vitalize the Blood and Nitrogen to assimilate the matter, equalizing the nervous influence and producing quiet and composure. For the Croup it is specific.
