Kerosene Murder!
It is a matter of growing astonishment that the almost
DAILY RECORD OF LOSS OF LIFE
and property through
Kerosene Explosions,
does not provoke some sort of special legislation upon the sale of dangerous Fluids throughout the land.
WICKED FRAUDS in the sale of DANGEROUS OILS, are still daily perpetrated, and their authors go unhung though their victims (constantly increasing in number,) are called to meet the
MOST HORRIBLE DEATH
known to man. These victims are for the most part women who if they escape death, are obliged to undergo what is hardly less cruel to a young and beautiful woman,
DISFIGUREMENT FOR LIFE!
The Public ought to know, (surely it has been often enough told,) that
PRATT'S ASTRAL OIL
IS
Absolutely Safe.
Attention is called to the following letter from one of the best Chemists in the land:—
GEOLOGICAL ROOMS,
Raleigh, N. C., July 4, 1870.
JULIUS LEWIS *Esq.*:
DEAR SIR:—I have subjected the sample of PRATTS' ASTRAL OIL you sent me to a RIGOROUS FIRE TEST. I find it does not flash below 146 degrees, nor burn below 155 degrees. I consider it perfectly safe.

TO FARMERS AND PLANTERS.
Double Refined Poudrette, of the "Lodi Manufacturing Co" for sale in lots to suit customers. This article is sold for *half the price* of the other fertilizers, and is cheaper for *Cotton, Corn, Tobacco* and *Vegetables* than any other in the market. It is made entirely from the night-soil, offal, &c., of N. Y. city. Price, delivered on board in New York city, twenty-five dollars per ton. I ask attention to the following testimonials:
J. A. J. Askew of Colerain, N. C, in a letter dated Sept 16th, 1870, says: "I let several planters have some of the 'Double Refined Poudrette.' One says he wants five tons next season to put under corn. I used four tons on corn, and although the season was unfavorable it astonished every one who saw it. I think it the best fertilizer for corn I ever saw."
Daniel McLaury, of New Brunswick, N. J., under date of August 11, 1870, says: "Upon the recommendation of Prof. Cook, of the New Jersey State Agricultural College, who analyzed the Lodi Co's Double Refined Poudrette, I used it very extensively two years ago. This year I used, in connection with a neighbor (N. H. Dudley,) about $2,500 worth of Double Refined Poudrette. I can cheerfully recommend this article, as I believe, a cheap and valuable concentrated fertilizer."
