Kerosene Murder!

It is a matter of growing astonishment that the almost

DAILY RECORD OF LOSS OF LIFE

and property through

Kerosene Explosions,

does not provoke some sort of special legislation upon the sale of dangerous Fluids throughout the land.

WICKED FRAUDS in the sale of DANGEROUS OILS, are still daily perpetrated, and their authors go unhung, though their victims (constantly increasing in number,) are called to meet the

MOST HORRIBLE DEATH

known to man. These victims are for the most part women who if they escape death, are obliged to undergo what is hardly less cruel to a young and beautiful woman,

DISFIGUREMENT FOR LIFE!

The Public ought to know, (surely it has been often enough told,) that

TWO FARMERS AND PLANTERS.

Double Refined Poudrette, of the "Lodi Manufacturing Co." for sale in lots to suit customers. This article is sold for *half the price* of the other fertilizers, and is cheaper for *Cotton, Corn, Tobacco* and *Vegetables* than any other in the market. It is made entirely from the night soil, offal, &c., of N. Y. city. Price, delivered on board in New York city, twenty-five dollars per ton. I ask attention to the following testimonials:

J. A. J. Askew, of Colerain, N. C, in a letter dated Sept 16th, 1870, says: "I let several planters have some of the 'Double Refined Poudrette.' One says he wants five tons next season to put under corn. I used four tons on corn, and although the season was unfavorable it astonished every one who saw it. I think it the best fertilizer for corn I ever saw."

Daniel McLeary, of New Brunswick, N. J., under date of August 14, 1870, says: "Upon the recommendation of Prof. Cook, of the New Jersey state Agricultural College, who analyzed the Lodi Co.'s Double Refined Poudrette, I used it very extensively two years ago. This year I used, in connection with a neighbor (N. H. Dudley,) about $2,500 worth of Double Refined Poudrette. I can cheerfully recommend this to be, as I believe, a cheap and valuable concentrated fertilizer."

Appendices, giving full directions, &c., sent on application to
